Dr. Tim Faltyn, President, appeared before the Board of Regents to present the business of Oklahoma Panhandle State University and review the Agenda for members of the Board.

President Faltyn expressed appreciation to President Hale and his wife for a wonderful event last evening. He said President Hale is one of the bright shining stars in the System.

During his remarks, Dr. Faltyn highlighted a PowerPoint presentation. (A copy of the presentation is attached to this portion of the minutes as ATTACHMENT A.)

Dr. Faltyn referenced a handout which gives a preliminary enrollment report for the 2017-2018 school year. (A copy of the handout is attached to this portion of the minutes as ATTACHMENT B.) He said he represents a strong team of people who did a lot to create the 38 percent increase in freshman enrollment. It was known that there would be a decline in overall enrollment due to the NAIA decision, but there is a financial savings from joining that Conference as well as a better experience and better opportunities for the students. Due to limited resources, it was chosen to focus on freshman enrollment and that work paid off. Regent Burns congratulated Dr. Faltyn and said that is a phenomenal increase in freshman enrollment. He asked if the decline in enrollment due to the NAIA decision was because of athletes who left as a result of the Conference change. Dr. Faltyn responded affirmatively, and said the enrollment loss was primarily in sophomores and juniors. Roughly 30 percent of the student athlete population was lost. Regent Burns asked if it is anticipated that the enrollment loss is a one-time event. Dr. Faltyn affirmed this. He said OPSU’s student body is 45 percent freshmen, and it is up to OPSU to retain those students. This is a building block year for the University. There is a vision that is being worked towards, and it is fun to see the steps being completed. Regent Burns asked if this growth rate can be sustained. Dr. Faltyn said he believes OPSU can get close, and the process that has been implemented has worked in other parts of the System.

President Faltyn referenced the Panhandle magazine cover, noting that there are 371 freshmen living in the dorms. The freshman class was put into formation in the shape of the OPSU logo, and a drone took the picture. He said there is a list of Homecoming activities on the back cover. Homecoming is October 28, 2017, and OPSU will be playing against Langston University because they are now in the same athletic conference. They have called this the “A&M Rivalry Game.” He invited all Regents to attend this event. At OPSU’s first game, there were 1,500 people drawn to the stadium, which is giant for the community. Dr. Faltyn noted that page 16 highlights OPSU’s journey to become the 2017 College National Finals Rodeo champions, which is OPSU’s 6th national championship. He said that this is truly a center of excellence for the University. It is more competitive today than it has ever been in the rodeo arena, and they are very honored to have been a part of the competition. The rodeo team coaches Robert Etbauer and Shelbie Weeder are in attendance at the meeting. He introduced Mr. Etbauer and asked him to make remarks to the Board.

Regent Burns greeted Mr. Etbauer and congratulated him on the win and his wonderful record. Mr. Etbauer expressed appreciation and said it is an honor to be before the Board. He thanked them for everything they do for the University. He said he is surrounded by good people and feels that because of that he is the luckiest man in the world. He said there is so much support for the
team from the local community and it is greatly appreciated. He said they are behind Dr. Faltyn 110 percent.

Dr. Faltyn introduced Ms. Weeder and said she has increased the women’s population on the rodeo team by over 300 percent. She is a Walt Garrison Award winner, was hired by OPSU and has been a rodeo coach for just under a year, and has become the voice of the rodeo team. Ms. Weeder said this experience has been a dream come true. She was able to attend a school she loves and is now able to work for that school. She is in a place she loves, doing what she loves, surrounded by people that she loves. There is nothing else she would rather be doing. OPSU feels like home to her. She is doing things for students now that were done for her when she was a student. Everything Dr. Faltyn does is appreciated, and he has created a new buzz around campus. Everyone on campus is excited and the campus is very upbeat. She expressed appreciation to the Board for everything they do for the University.

Dr. Faltyn said the students received beautiful carved knives for winning the championship and the coaches received belt buckles. He presented the Regents with National Championship belt buckles, noting that OPSU could not do what it does without the support of the Regents.

President Faltyn said the decision to end the Deferred Action for Childhood Arrivals (DACA) will really impact OPSU. He said he has been engaged and has signed a petition asking the President and Congress to make DACA permanent. The elimination of DACA will impact 15-20 percent of OPSU’s students. Those affected were assured they had a clear path to an education, and that has now been cast into a place of uncertainty. He wants the Board to be aware of the huge impact this will have on the University. This is a crucial part of the University as well as the region’s success.

**Personnel Actions**

Dr. Faltyn presented the personnel actions for Oklahoma Panhandle State University and requested their approval.

Regent Hall moved and Regent Anthony seconded to approve the OPSU personnel actions as presented.

**Contractual Agreements**

Dr. Faltyn presented the clinical agreements for Oklahoma Panhandle State University and requested their approval. (The clinical agreements are on file in the Board of Regents’ office as Document No. 3-9-8-17.)
Regent Callahan moved and Regent Anthony seconded to approve the clinical agreements for OPSU as presented.

**Shooting Sports Facility**

Dr. Faltyn referenced item M-1. from the OPSU agenda and said the OPSU Shooting Sports Facility is one of the most talked about and anticipated things happening in the Panhandle. His hope is that groundbreaking for the project will begin around May, 2018.

**Balance of Agenda**

Regent Milner moved and Regent Hall seconded to approve the balance of the Agenda, subject to the availability of funds and/or the limitations of the budget. (The Agenda is attached.)

Regent Burns congratulated President Faltyn again on the 2017 National Championship for the OPSU Men’s Rodeo Team and expressed appreciation for the belt buckles.

The business of Oklahoma Panhandle State University being concluded, Dr. Faltyn was then excused from the meeting.

President Burns Hargis and members of the OSU administration appeared before the Board of Regents to present the business of Oklahoma State University and review the Agenda for members of the Board.

President Hargis thanked Jeff Hale and his staff for the great hospitality that is always provided when visiting NEO. He said homecoming is upcoming and the OSU campus is very active in preparation, and there will be a fundraiser for the memorial to the victims of the 2015 homecoming crash. OSU has been active in the rescue and recovery from Hurricane Harvey in the Houston, Texas, area. Swiftwater experts, disaster recovery people, and new students have all been sent to aid in the recovery efforts. There have also been several fundraisers on campus for this effort.

**Adoption of Memorial Resolutions**

President Hargis presented information to recognize the service of Robert Lee Henrickson, Professor, Emeritus, Animal Science, College of Agricultural Sciences and Natural Resources; Peter M. Moretti, Professor, Emeritus, Mechanical and Aerospace Engineering, College of Engineering, Architecture and Technology; and David W. Robinson, Professor, Emeritus, Natural Resources and Ecology Management, College of Agricultural Sciences and Natural Resources. President Hargis presented Memorial Resolutions for Dr. Henrickson, Dr. Moretti, and Dr. Robinson and recommended their adoption. (The Memorial Resolutions are attached to OSU’s portion of the minutes as ATTACHMENTS A-C and considered a part of these minutes.)

Regent Anthony moved and Regent Hall seconded to adopt the Memorial Resolutions for Robert Lee Henrickson, Peter M. Moretti, and David W. Robinson as presented.

**Approval of Concurrent Use Agreement with The Ohio State University**

President Hargis recommended approval of a Concurrent Use Agreement with The Ohio State University, which provides a respective use of subsequent registration of the character mark “OSU.” He thanked Steve Stephens and his team for negotiating this agreement. Steve Stephens said that there has never really been a huge dispute. Ohio State University made a routine filing, so Oklahoma State University had to oppose that publicly to preserve its rights. This matter was very amicably resolved. The former agreement used to define the states, but the new agreement defines an unlimited territory between the universities. Oklahoma State University will be filing its own trademark registration in that category soon. (The Concurrent Use Agreement is on file in the Board of Regents’ office as Document No. 2-9-8-17.)
Regent Burns asked if there is a similar agreement in place with Oregon State University. Mr. Stephens said Oregon State University recently called and will be in discussion with Oklahoma State University soon. Oregon State University was not a party to Ohio State’s filing, which surprised him, because this is an area of law where protection is needed. The schools are not trying to compete with one another; rather, in order to prevent revenue loss, they are trying to prohibit others from pirating the trademark.

Regent Hall moved and Regent Link seconded to approve the administrative recommendation for the Concurrent Use Agreement with The Ohio State University as presented.

Ratification of Interim Approval of Job Description and Position Announcement for President, OSU-OKC

President Hargis requested ratification of an interim approval of the job description and position announcement for the President of OSU-OKC. Current OSU-OKC President Natalie Shirley announced her retirement effective early 2018, and in order to begin the search right away, interim approval was obtained. (This Interim Approval is attached to OSU’s portion of the minutes as ATTACHMENT D and considered a part of these minutes.)

Ratification of Interim Approval to Serve Alcohol at Annual Posse Auction held on August 26, 2017

He understands there is not a specified timeline, but he knows there are recruits interested in this project, and the sooner the project is begun, the more critical it will be to the success of the baseball program.

J Approval of Purchase Request Items

OSUIT Vice President Jim Smith said approval has been requested to hire a grant writer for the Title III Grant. This grant writer has also been utilized by NEO, Connors, and OSU-OKC and has a great record of obtaining grants. The Title III Grant will be paying for a five-year period.

Regent Callahan moved and Regent Anthony seconded to approve the purchase requests listed under J-1 in the OSU Agenda (purchase requests Nos. 1-3, Exhibit I, OSU Agenda).

Regent Callahan moved and Regent Milner seconded to approve the purchase requests listed under J-2 in the OSU Agenda (purchase requests Nos. 4-5, Exhibit I, OSU Agenda).

Regent Milner moved and Regent Reese seconded to approve the purchase requests listed under J-3 in the OSU Agenda (purchase requests Nos. 6-8, Exhibit I, OSU Agenda).

Regent Burns said his wife brought to his attention that the OSU campus was judged as among the five prettiest campuses in the south by Southern Living Magazine. President Hargis said he feels OSU’s beauty is underrated.

Regent Anthony said the new public relations video contains beautiful views of the OSU campus and it is impressive to see the campus and why it is notable.

The business of Oklahoma State University being concluded, President Hargis and members of the OSU administration were excused from the meeting.

LANGSTON UNIVERSITY, LANGSTON, OKLAHOMA

Dr. Kent Smith, President, and members of the Langston University administration appeared before the Board of Regents to present the business of Langston University and review the Agenda for members of the Board. Dr. Smith expressed appreciation to Dr. Hale for the hospitality last evening and said it was a great night.

President Smith said Langston University has had the smoothest fall opening in five years, and there has not been one complaint phone call regarding the fall opening. That is how it should be, and he is very proud of the LU staff for revamping the freshman orientation process and the entire experience for the students. Regent Burns asked Dr. Smith to express appreciation to his staff from the Board for their work.

President Smith said the goal for incoming freshman enrollment was 650, and Langston did not quite meet that goal this fall with 640 incoming freshmen. He said that number is still something to be proud of and the retention rate has increased. The housing occupancy rate is at 99.4 percent. Young Hall, which was vacant just three years ago, currently houses around 200 students. If retention continues to increase, Langston will not be able to sustain larger freshman classes or increased retention with its current housing. This is a good problem to have. Dr. Smith said LU’s football team is ranked 21st in the Nation and had over 5,000 people in attendance at its first game this season. Langston University is hosting a high school football game at its stadium tomorrow called the “Soul Bowl,” which is a game between two predominantly black high schools. This is a great recruitment opportunity for the University.

Approval to Accept Invitation to Join the Sooner Athletic Conference

Dr. Smith requested approval for Langston University to accept an invitation to join the Sooner Athletic Conference beginning in the 2018-2019 athletic season. This Conference will be for all sports at Langston University, and the University will still be under the NAIA. With the State budget cuts, all ways to reduce expenditures must be found. One of the challenges with the athletic conferences available to Langston University is that the teams they would play are out of state, and the Sooner Athletic Conference includes rival teams which are mostly in the State of Oklahoma. It is believed that by joining this Conference, the University will save approximately $150,000-$200,000 in travel expenses alone.

Regent Reese moved and Regent Anthony seconded to authorize Langston University to accept the invitation to join the Sooner Athletic Conference.

Approval to Begin the Selection Process for an Architectural Firm and a Construction Management Firm to Assist the University with the Design and Construction of an Allied Health Complex

Dr. Smith requested approval to begin the selection process for an architectural firm and for a construction management firm to assist the University with the design and construction of an Allied Health Complex on the Langston University Tulsa campus. This project is funded through the Vision 2025 initiative in the amount of $16.25 million by the City of Tulsa. Dr. Smith said this item was discussed by the members of the Fiscal Affairs and Plant Facilities Committee at its meeting this morning.

Regent Link said the Committee met with the Langston University administration regarding approval to begin the selection process for an architectural firm and for a construction management firm to assist the University with the design and construction of the Langston University Allied Health Complex in Tulsa, Oklahoma. The Committee acted to recommend Board approval.

Regent Link moved and Regent Milner seconded to authorize Langston University to begin the selection process for an architectural firm and for a construction management firm to assist the University with the design and construction of the Langston University Allied Health Complex in Tulsa, Oklahoma.

The motion carried.

Balance of Agenda

Regent Hall moved and Regent Anthony seconded to approve the balance of the Agenda, subject to the availability of funds and/or the limitations of the budget. (The Agenda is attached.)

The motion carried.

The business of Langston University being concluded, Dr. Smith and members of the Langston University administration were then excused from the meeting.

2. The term 'employee' shall mean a 'full-time employee or any number of part-time employees whose combined weekly hours of employment equal those of a full-time employee; but shall not include seasonal employees.” For this report, the number of FTE employees for the reported quarter can be calculated by dividing 519 hours (173 hours per month multiplied by three months) the total payroll hours excluding seasonal employees) for the quarter.
3. This figure reflects the total number of FTE employees for the main campus, branch campus(es) and all constituent agencies.

President Kent Smith

Langston, OK 73050

President Smith:

The purpose of this letter is to extend an invitation for membership in the Sooner Athletic Conference beginning with the 2018-19 athletic seasons. The SAC Presidents today voted to extend this invitation.

Please advise of any necessary steps on your end and when we might expect an official response to this invitation. I stand ready to answer any questions you have about SAC membership policies and expectations. In the meantime, here are some key points of information about membership in the SAC:

A. A new member shall be assessed a one-time entry fee equal to the annual dues fee in place when the Council of Presidents grant final membership approval. The entry fee shall be paid in full prior to the new member’s initial competition in the conference. In this case, the entry fee shall be $10,000 payable to the SAC by August 15, 2018.

B. A new member shall be integrated into conference schedules within two (2) years of final approval by the Council of Presidents and such member shall be eligible for conference championship competition at that time. In this case, LU will be integrated into all conference schedules and eligible for championships in the 2018-19 athletic seasons.

Also, all members of the conference must adhere and agree to the following:

C. To supervise and control athletics sponsored by this conference so that the activities will be administered in accordance with the rules and purposes set forth in the constitution and bylaws of the conference.

D. To establish and maintain high standards of ethical conduct and fair play.

E. To pay annual dues to the conference by November 1 each year. Dues are set annually by the Council of Presidents. SAC member dues for 2017-18 are $10,000, and we do not anticipate an increase for 2018-19.

F. To participate in men’s and women’s basketball and a minimum of one fall sport for men, one fall sport for women, one spring sport for men and one spring sport for women. All such sports must be sports that are sponsored by the conference.

G. To compete in conference-scheduled, regular-season contests in all sports they sponsor, provided the conference mandates a regular-season schedule in that sport.

H. To compete at conference championship events in all sports they sponsor, provided the conference declares a champion in that sport.

It is our sincere hope this invitation meets your approval, and we look forward to welcoming the Lions into the Sooner Athletic Conference. Please contact me with any questions or additional needs. I look forward to your response.

Sincerely,

Stan Wagnon, Commissioner
Langston University

Dr. Ronald Ramming, President, and Mr. Mike Lewis, Vice President of Fiscal Services, appeared before the Board of Regents to present the business of Connors State College and review the Agenda for members of the Board. He thanked President Hale and his wife Donna for the top-shelf hospitality and program last evening.

President Ramming said Connors State College has had a really good start to its fall semester. He highlighted the preliminary Fall 2017 Enrollment Report, noting that the College is ahead in credit hours by 2.20 percent and enrollment is up by 2.63 percent. He is proud of the enrollment staff, who have worked really hard to continue to recruit students.

Dr. Ramming referenced the Connection and noted that the cover highlights what was a significant event in the history of the College. Saint Francis Hospital Muskogee donated $500,000 to Connors State College over the next five years to help fund two nursing faculty positions and some nursing scholarships. He expressed appreciation to the leadership of Saint Francis and all of those who worked behind the scenes to help the College in receiving this gift. He thanked Regent Link and his wife Vickie, Board CEO Jason Ramsey, Jessica Russell, and Carter Kimble for attending the celebration event that was in honor of this gift. Connors State College, Warner High School, and the City of Warner collected and delivered supplies for the Hurricane Harvey survivors. The Physical Therapy Assistant Program in partnership with Indian Capital Technology Center has received full candidacy status and will seat its first class in January 2018. The program will have an accreditation visit in June with the hopes of receiving full accreditation status.

Dr. Ramming referenced a handout regarding the incarcerated students pilot program at Connors State College. (The handout is attached to this portion of the minutes as ATTACHMENT A and is considered a part of these minutes.) The handout highlights the impact that the program has had on enrollment and the opportunity it is creating for those individuals who are served at the Jess Dunn and Eddie Warrior Correctional Centers. Credit hour production has been increased by 122 percent with a 33 percent increase in enrollment. This grant makes higher education available to more students. There is nothing about this project that is easy as it is a pilot project, meaning processes and procedures are being developed and created as the program is running. Connors is working with several different agencies such as the Department of Education and the IRS to complete the proper paperwork and to make classes available to this population. He is proud of the team that has worked so hard to make this program happen.

Regent Burns asked if the Incarcerated Student Grant covers all costs of this program. Dr. Ramming said it covers tuition, fees, and books for those students who qualify for PELL. Regent Burns asked if the College receives any money from the Grant other than tuition. Dr. Ramming said Connors receives only the tuition and fees. Regent Burns asked if the facilities are provided by the correctional centers. Dr. Ramming affirmed this and noted that the facility is wonderful to work with. Regent Burns said he thinks this is a wonderful program and he hopes it works, as it is an opportunity to change lives.
Approval of Revised Connors State College Student Handbook

Dr. Ramming presented for approval the revised Connors State College Student Handbook. The changes have been reviewed by Legal Counsel and are primarily for clarification of language. There was also a drone policy added. (The revised Connors State College Student Handbook and a version showing the revisions are collectively on file in the Board of Regents' Office as Document No. 4-9-8-17.)

Regent Anthony moved and Regent Milner seconded to approve the revised Connors State College Student Handbook as presented.

Balance of Agenda

Regent Link moved and Regent Milner seconded to approve the balance of the Agenda, subject to the availability of funds and/or the limitations of the budget.

The business of Connors State College being concluded, Dr. Ramming and Mr. Lewis were then excused from the meeting.

CONNORS STATE COLLEGE
INCARCERATED STUDENT ENROLLMENT REPORT

EDDIE WARRIOR CORRECTIONAL CENTER

JESS DUNN CORRECTIONAL CENTER

CORRECTIONAL CENTER TOTAL ENROLLMENT
NORTHEASTERN OKLAHOMA A&M COLLEGE, MIAMI, OKLAHOMA

Dr. Jeff Hale, President, and Dr. Mark Rasor, Vice President for Fiscal Affairs, appeared before the Board of Regents to present the business of Northeastern Oklahoma A&M College and review the Agenda for members of the Board. Regent Burns said the event last evening was very enjoyable and Thompson Square was phenomenal. He said he does not know that he has ever seen the NEO campus look prettier. It is a shining jewel in Oklahoma. Dr. Hale said they are proud of their campus and he appreciates the kind words. He said there is an awesome responsibility of educating the next generation of Oklahomans, and he believes NEO has a unique advantage because of its membership in the A&M System. He appreciates the opportunity to host the Board.

President Hale invited Mr. Jordan Adams, Coordinator of Public Information/Marketing; Mr. Matt Westphal, Interim Coordinator of IT; and Ms. McKenzie Nygren, Faculty Member and Agriculture Department Chair, to provide updates that he believes to be of importance to the Board. (A copy of the PowerPoint presentation highlighted during these updates is attached to this portion of the minutes as ATTACHMENT A and considered a part of these minutes.)

Regent Anthony asked Ms. Nygren how many acres of the GRDA-owned property were added to the Master Lease. Ms. Nygren responded 1,500 were added to the original 1,200, totaling 2,700 acres of property. President Hale noted the property more than doubled with this addition.

President Hale acknowledged Dr. Bethene Fahnestock, Vice President for Academic Affairs, for her efforts in leading preparation for the Higher Learning Commission Accreditation visit.

Regent Burns commented that he was very impressed with the new student housing. He asked when more housing might be constructed. Dr. Hale said it is desired to build new dormitories every two years as long as the residential population grows. The new dormitory can house 88 students and currently houses 87 student residents.

Regent Callahan asked if it would behoove the A&M System to employ full-time grant writers. He said some of the larger animal sciences departments around the country have people who specialize in grant-writing. Dr. Hale said the return on investment for any type of grant-writing operation tends to be high. When NEO identifies a grant that could be of use, a grant-writing team is formed to try to obtain the desired grant. NEO has hired consultants in the past. He believes all of the A&M institutions would benefit from a centralized grant-writing effort.

Regent Burns asked if there is any sense of the money that is left on the table from missing grant opportunities. President Hale said NEO has totaled just under $10 million in grants, and he believes that could be doubled by having a grant writer. Every effort that has been put forth over the last five years has been a different team of people based on expertise and the amount of grant funding. The people on this team pursue grants beyond their normal scope of job duties. The dollars are obtained without any centralized, organized effort.

Regent Link asked how many grant writers are employed system-wide in the A&M System. Dr. Hale said he believes there may be one or two full-time grant writers in the System outside of those employed at OSU. Regent Callahan said hiring grant writers has been considered, but due to
the State budget cuts it has not been possible. Pursuing grants typically falls on the professors and graduate students. President Hale said NEO’s grant writer left four years ago, and then the State budget cuts began happening. NEO chose not to fill the position in order to save money. Regent Burns asked if this might be best as a shared service between all of the A&M institutions; and if that is the case, how would conflicts of interest be avoided with different institutions competing for the same grants. Dr. Hale said that is a great question and he had not given it much thought, but it would be something to outline in the centralized arrangement.

Mr. Ramsey noted that there is a Presidents and Provosts meeting upcoming at which this matter can be discussed among the presidents in the System.

President Hale said there was a great meeting held yesterday regarding shared services. Dr. Hale said splitting the costs through shared services is a smart investment overall because the institutions can write a one-time check to allow access to support that would have otherwise been unavailable unless a salaried staff member was hired.

Regent Link asked if the campus-wide work that was done on NEO’s IT infrastructure helps with the online delivery system for courses. Mr. Westphal responded affirmatively. The IT infrastructure project allowed for the purchase of new hardware and an upgraded circuit from OneNet, which would not have been possible with the old network. The dedicated circuit for NEO’s distance learning was upgraded from 100 megabytes per second to 1 gigabyte per second. That will be a huge boost to the College. The new firewalls allow for better connectivity to the distance learning courses hosted from Stillwater, and the connection is around eight times faster than it was before. The delivery of distance learning has definitely been enhanced by the work that was done over the summer. Regent Link asked if the new technology can be utilized by the concurrent education classes. Mr. Westphal responded affirmatively. He said anyone with an internet connection can access the online classes and iTV. NEO hosts a recording service and a live-streaming service with the upgraded circuit from OneNet, which allows for more available bandwidth for additional connections from on and off campus. Dr. Rasor noted that a large portion of the fiber-optic project was paid through grants.

Regent Reese said OneNet has been around for 30 years and asked if it has kept up with the upgrade that is required to provide service. Mr. Westphal said he believes it has. OneNet was ready to perform the upgrade, it was just a matter of NEO having hardware that could handle the upgrade. He noted that the hardware upgrade was zero cost the College. Dr. Hale said it is good technology. NEO is a hubsite for all of northeastern Oklahoma. Mr. Westphal said OneNet was able to provide the maximum available bandwidth for NEO. Dr. Hale commented that NEO’s network has never been more secure. Mr. Westphal said this is the best shape the network and infrastructure has been in throughout the 12 years he has worked at NEO.

**Budgetary Actions**

Dr. Hale requested Board approval of the budgetary actions as listed in the NEO agenda under Part F. He noted that items 1-5 are items that are brought before the Board annually in September to allow NEO to expend funds from its Federal and State Grant programs.
Regent Callahan moved and Regent Reese seconded to approve the budgetary actions listed in Part F, items 1-5, as presented.

**New Construction or Renovation of Facilities**

Regent Link moved and Regent Anthony seconded to approve Part I, item 1 (authorization to hire an on-call contractor) and item 2 (resolution declaring an intent to reimburse expenditures from tax-exempt bond proceeds), as presented.

**Balance of Agenda**

Regent Watkins moved and Regent Callahan seconded to approve the balance of the Agenda, subject to the availability of funds and/or the limitations of the budget. (The Agenda is attached.)

The business of Northeastern Oklahoma A&M College being concluded, Dr. Hale and Dr. Rasor were then excused from the meeting.

Personnel Actions

Mr. Ramsey referenced a handout which lists a personnel action for the Board of Regents. The Board hired Donna Hanes in the Executive Offices as an Administrative Associate (The personnel action is attached to this portion of the minutes as ATTACHMENT A and considered a part of these minutes.)

Regent Watkins moved and Regent Anthony seconded to approve the personnel action as presented.

Ratification of Interim Approval for Additional Services from BKD

Mr. Ramsey requested ratification of an interim approval for additional services needed from BKD regarding an ongoing audit. (The executed Interim Approval form regarding this request is attached to this portion of the minutes as ATTACHMENT B and considered a part of these minutes.)
Regent Callahan moved and Regent Watkins seconded to ratify the interim approval for additional services from BKD regarding an ongoing audit.

**Malpractice Mediation**

Steve Stephens reported that there is a mediation scheduled for a medical malpractice case later this month. It is a requirement of the mediation that he be able to attend with unlimited settlement authority. It is a requirement as a State agency for the representation to have settlement authority up to the deductible amount of the insurance policy in question. The deductible amount is sufficient in this case at $500,000. That amount is not a valuation of the case whatsoever. Mr. Stephens is requesting settlement authority up to that amount. He noted that the case is evaluated in conjunction with the doctors and outside counsel involved.

Regent Burns clarified that Board approval of this item is not for a settlement in the amount of $500,000; rather, it means that Mr. Stephens has the Board’s approval to make an evaluation of the case and what the settlement amount should be up to $500,000. Mr. Stephens affirmed this. He said there has been a good claims history at OSU-CHS and this type of matter does not come up very often.

Regent Link moved and Regent Callahan seconded to grant General Counsel Steve Stephens unlimited settlement authority, not to exceed the insurance deductible amount of $500,000, in an upcoming malpractice mediation.

**Adjournment**

At approximately 12:17 p.m., Chairman Burns announced that the meeting was adjourned.
