Chairman Anthony announced that the next meeting of the Board of Regents is scheduled to convene on September 11, 2009, on the campus of Oklahoma State University, Stillwater, Oklahoma. For consideration of approval is the October 23, 2009, Board meeting scheduled to convene on the campus of Northeastern Oklahoma A&M College, Miami, Oklahoma. He asked for a motion to confirm this meeting.

Those voting aye: Board Members Peach, Watkins, Anthony, Boettcher, Burns, Hall, Lester, and Massey. No: None. Abstentions: None. Absent: Helm. The motion was approved.

Recognition of Linda Novak

Chairman Anthony said at this time the Board has a special recognition, and he called upon Executive Secretary Doug Wilson for comments. Dr. Wilson asked Linda Novak to step forward. He said he had had a great luxury at the Board of Regents’ Office because the staff has been very, very stable. In fact, Ms. Novak is the newcomer on the staff and has been there 19½ years. He said Ms. Novak has informed him of her intention to leave the employment of the Board of Regents and retire, but she will take up new responsibilities in another line of work. For these 19½ years, Dr. Wilson noted that Ms. Novak has greeted everyone because she answers the phone and greets all visitors to the office. She has lately supported Mr. White and Mr. Ramsey in their work at the Capitol. He said Ms. Novak arranges most of the special events, and like her colleagues she is skilled clerically. He said she has been very dedicated to the Board over these 19½ years. She, like the others on the staff, just step up and do what is needed to make everything work. Dr. Wilson said Ms. Novak will certainly be missed. He said during the time that she has been in the employ of the Board of Regents, she has finished a bachelor’s degree and a master’s degree. On behalf of everyone, Dr. Wilson wished Ms. Novak the best.
July 24, 2009

Chairman Anthony said Ms. Novak will be missed, but the Board wishes her the best as she tries new endeavors. He presented Ms. Novak with a plaque which reads, “In grateful appreciation for your dedication and distinguished service to the OSU/A&M Board of Regents and the institutions it governs, 1990-2009.” Chairman Anthony expressed appreciation to Ms. Novak.

Ms. Novak thanked everyone for recognizing her service to the Board. She said it has been a great pleasure over these years to work with such distinguished people, and she said she believes she is a better person for that. Ms. Novak also expressed thanks to the people who she has worked closely with over the years including the staff of the Board of Regents’ Office in Oklahoma City. Ms. Novak said she is not saying goodbye but is just changing her e-mail address.
July 24, 2009

OKLAHOMA PANHANDLE STATE UNIVERSITY, GOODWELL, OKLAHOMA

Dr. David Bryant, President, appeared before the Board of Regents to present the business of Oklahoma Panhandle State University and review the Agenda for members of the Board.

Dr. Bryant expressed congratulations to Ms. Novak. He said he is going to miss her wonderful voice on the other end of the line when he calls. He said he appreciates all that she has done for OPSU.

Items of information presented by Dr. Bryant included the results of the OPSU Men’s and Women’s Rodeo Teams in the NIRA National Finals Rodeo. OPSU ended the competition with two third-place showings and one fifth-place showing. Dr. Bryant also reported that the new Guymon Fire Department training facility will be used by OPSU for classes that are a part of the Associates of Applied Science Degree in Fire Protection Safety. He said OPSU has had a partnership with the Guymon Fire Department for a number of years.

Approval of Program Modification

Dr. Bryant requested approval to delete the B.A. degree in Spanish because interest in the degree has not materialized. Currently there are no declared Spanish majors. He said the minor in Spanish will remain, and entry level Spanish courses will continue to be taught on a yearly basis, specifically to satisfy teacher education candidates who need to show evidence of proficiency in a foreign language.

Regent Helm moved and Regent Burns seconded to approve the deletion of the B.A. degree in Spanish as requested.

Those voting aye: Board Members Watkins, Anthony, Boettcher, Burns, Hall, Helm, Lester, Massey, and Peach. No: None. Abstentions: None. Absent: None. The motion was approved.

Approval to Install Underground Electrical Lines

Dr. Bryant requested Board approval for Tri-County Electric Cooperative, Inc., to install underground electrical lines on campus in place of existing overhead electrical lines. He said a final survey of all new underground lines will be completed, and Board approval will be requested for line easements at a future Board meeting.

Regent Hall moved and Regent Watkins seconded to authorize Tri-County Electric Cooperative, Inc., to install underground electrical lines on campus in place of existing overhead electrical lines.
Regent Helm asked if Tri-County is charging OPSU for this or is this firm wanting to do this. Dr. Bryant said the firm is not charging OPSU for this. In fact, the firm has estimated that it will actually contribute $1.8 million or more in labor and materials to the University. Tri-County will also be installing metering devices in each building on campus. Dr. Bryant said OPSU views this as quite a contribution.

Those voting aye: Board Members Anthony, Boettcher, Burns, Hall, Helm, Lester, Massey, Peach, and Watkins. No: None. Abstentions: None. Absent: None. The motion carried.

**Balance of Agenda**

Regent Helm moved and Regent Boettcher seconded to approve the balance of the Agenda, subject to the availability of funds and/or the limitations of the budget. (The Agenda is attached.)

Those voting aye: Board Members Boettcher, Burns, Hall, Helm, Lester, Massey, Peach, Watkins, and Anthony. No: None. Abstentions: None. Absent: None. The motion passed.

The business of Oklahoma Panhandle State University being concluded, Dr. Bryant was then excused from the meeting.

Program Modifications
Deletion of B.A. Spanish degree

Justification for modification:

The Spanish major added in 2004 has not attracted students. OPSU had envisioned enrolling English-speaking students interested in learning Spanish to cope with the influx of Spanish-speaking residents especially in businesses and schools in the five-state area (Oklahoma, Texas, Colorado, Kansas, and New Mexico). However, the interest in a Spanish degree has not materialized. Current enrollment in Spanish classes beyond the entry level does not warrant employing a full-time Spanish instructor. It is our plan not to replace the full-time Spanish instructor that departed in January 2007. Since then we have utilized two part-time instructors, and we will continue one of them to handle the Spanish minor. The other part-time instructor will add English classes to his teaching workload.

At this time, we have no declared Spanish majors.

The minor in Spanish will remain. Classes to accommodate students wishing to pursue the Spanish minor will be taught on a “needed only” basis. Entry level Spanish courses will continue to be taught on a yearly basis specifically to satisfy teacher education candidates who need to show evidence of proficiency in a foreign language.

Reason for requested action (attach no more than one page if space provided is inadequate):
There are currently no students with the B.A. Spanish degree as a major.
Recently, news releases in Oklahoma have reported a 3% increase in the state-appropriated higher education budget for FY 2010 over FY 2009. OPSU received a 3.1% increase. Our State Education and General Fund budget was reduced by 8% for FY 2010 compared to FY 2009, but the reduction was covered with one-time American Recovery and Reinvestment Act Funds. The 3.1% increase went to cover mandatory cost increases (health insurance, the rise in student minimum wage, and utilities e.g.) and Oklahoma Teachers Retirement System increases. We did not raise tuition and mandatory fees for FY 2010. In summary, although we were not able to fund an across-the-board raise for faculty and staff, we are grateful to be able to balance our budget for FY 2010 and continue all of our current programs. We are very appreciative of the support for higher education by Governor Henry and the Oklahoma Legislature that made this possible.

The Firestone Meat Lab will be open full-time over the summer to supply consumers with beef, lamb, and pork products. The Lab is open year-round on weekdays from 9 a.m.-noon and 1 p.m.-5 p.m. On January 31, OPSU celebrated a new commitment to customer service at the facility that now features a customer service window and full-time staff dedicated to the day-to-day operation, custom processing as well as some of the best meat products available. Each fresh cut of meat is vacuum-sealed and frozen, extending the life of the product and giving consumers the option of thawing it in the refrigerator (with no messy drips) or stocking the freezer. Each package is labeled with the type and cut of meat, the date it was packaged, a USDA-inspected stamp, and the weight. The Lab can also secure specialty items such as roasting pigs. Current retail product and custom meat packing prices as well as pork and beef cutting order forms are available at www.opsu.edu under the “Downloads” button, and then “Agriculture.” Customers may also contact A. J. at 580-349-1518 or via email at meatlab@opsu.edu.
McKee Library
By Evlyn Schmidt

Change is in the air in McKee Library. New services include laptops for checkout with wireless printing. Groups and individuals can now work collaboratively in a more comfortable setting such as the Electronic Resources Room, which has new carpet and paint.

Grantwriting, monitoring, and administration has kept library staff busy the past months. McKee Library provided in-kind staff time as part of an AT&T funded planning grant to identify student skill deficiencies in Information Literacy. Seven regional Oklahoma academic libraries are using this assessment tool to measure the importance of Information Literacy library instruction in student’s success rate in degree completion.

McKee Library received a $3,000.00 grant from the OK Historical Records Advisory Board. Funds will be used to preserve and protect OPSU records and memorabilia. Application was also made for a National Endowment for the Humanities Preservation Assistant Grant and awards will be announced in 2010.

Online databases, electronic books, and remote access for many resources continue to provide student access to library materials. Aggie 1-Search, our federated searching tool, is now easier to use. Ongoing student help is provided through individual, group, telephone, and email assistance.

The web-based online library card catalog has a new look following a recent software upgrade. The search screen is cleaner in appearance and we are now learning how to use all of the added features.

A quick review of library numbers for FY08 show 54,516 patrons counted at turnstile (an increase of 3,000 over FY07), 15,907 library items checked out, and 63,463 searches in 45 library electronic databases. The library still provides students a quiet place to study, allows them to work in groups, makes available accurate, reliable resources for assignments, and maintains a free printing policy for classes.

The next big project is gathering former student and full time staff for a library reunion during the OPSU Centennial Homecoming on October 10. The library has a Facebook and Twitter presence and is actively trying to locate and communicate with former employees. We look forward to a special event to reunite many library friends and visit during this Centennial year.

Michelle Ray
As the Administrative Assistant for the Physical Plant, Michelle says that she is busy all of the time and that’s the way she likes it. She admits she has trouble sitting still for long, so it suits her to always have plenty to do.

Michelle earned a BBA with an emphasis in finance and a minor in CIS from OPSU in 2004. The Hugoton, Kansas native did not plan to attend college. Following high school, she worked in a temporary position in the Farm Service Agency office in Hugoton and when that ended, she decided to experience life in a bigger place and moved to Dodge City. Michelle decided she did not like that at all, and enrolled at OPSU.

This go-getter not only carried a full class load, but also worked full time and more, sometimes up to 60 hours per week. Michelle met Justin Ray while both were attending college, and after graduation, she planned to move back home. Instead, Justin proposed and the couple flew to Las Vegas to get married.

Once they returned, she worked for KGYN for several years and kept all of their books and also was the human resources manager. When the business changed ownership, she started work here last November.

She and Justin, a contract pumper, make their home in Texhoma with their 2-1/2 year old son, Sterling.

Michelle said, "It was easy to come to work at OPSU because there were lots of familiar faces. I stay busy all of the time and I learn something new every day.”

Dr. Donnie Nero, President, appeared before the Board of Regents to present the business of Connors State College and review the Agenda for members of the Board.

Dr. Nero expressed best wishes to Ms. Novak. He said she will be missed and that she has always been a joy to work with.

Dr. Nero said Sharon Owen is not present today. He said her husband has been in the hospital for about a month. He had a lung infection and a couple of tumors on his brain. The tumors are not believed to be malignant, but the medical team knows it is an infection and is trying to determine the reason for the infection. He asked everyone to continue to remember Ms. Owen and her husband.

Dr. Nero said enrollment figures are still looking good at this point. Connors is about 8 percent up compared to the same time last year. Once again, the housing numbers are looking very good, as well. Connors will be in overflow housing beginning in the fall. A lot of good work and strategies have been put in place, and he commended his staff members for the excellent work they have done.

Red Flags Rules and Identify Theft Prevention Policy

Dr. Nero requested permission to withdrawn the request to approve a Red Flags Rules and Identify Theft Prevention Policy. He said the Board considered such a policy under Oklahoma State University, and Connors will wait until it receives further direction from Legal Counsel regarding this matter. He said Connors will use OSU’s policy as a template.

NORTHEASTERN OKLAHOMA A&M COLLEGE, MIAMI, OKLAHOMA

Dr. Jeff Hale, President, appeared before the Board of Regents to present the business of Northeastern Oklahoma A&M College and review the Agenda for members of the Board.

Dr. Hale congratulated Chairman Anthony on his appointment. He said NEO looks forward to working with him over the course of the next year.

Dr. Hale reported that NEO was notified last month through Risk Management that the final settlement proceeds from the flood damage should arrive by the end of August. The next step for the College is to look at the line-item settlement figures with NEO’s consultant and determine exactly where FEMA will come into play. The next phase is that FEMA will return to campus and begin to look at how it can impact the settlement.

Other items of information include NEO moving from a check-in day to a three-day welcome weekend that will occur on August 14-16; the State of the College Address, which will be held on August 10 when the faculty moves back in; NEO hosting a regional business conference, which was well supported by regional businesses; and a workshop NEO delivered this week, which is an indication of NEO’s commitment to the strategic planning process and continuous improvement of the campus.

Personnel Actions

Dr. Hale presented the personnel actions and recommended their approval. He said last month he had requested approval of a full-time position for Athletic Director/Dean of Students. NEO proceeded with the search process and conducted interviews; however, as the budget situation began to develop, the appointment of an individual to fill this position was put on hold. It appears that some budget cuts may occur early in the fiscal year. That position with benefits is about a $105,000 commitment. In the interim, the men’s basketball coach has been identified to fulfill these duties. He will be paid a stipend for the interim appointment, and NEO will take a look as the financial picture unfolds over the next several months. Dr. Hale said if the first three weeks are any indication of his ability to do the job, he is absolutely going to be a good fit for NEO.

Regent Helm moved and Regent Lester seconded to approve the personnel actions as listed in the NEO Agenda.

Those voting aye: Board Members Hall, Helm, Lester, Massey, Peach, Watkins, Anthony, and Boettcher. No: None. Abstentions: None. Absent: Burns. The motion carried.
Grant Funds

Dr. Hale noted that items G-2. through G-8. are federal grant programs as presented in previous years. He said the only new grant is the Adult Education and Family Literacy Act Grant. Notice was received in June that NEO was selected to host this grant on its campus starting this fall. Collectively, these grants represent about $1 million annually for the College. NEO is pleased to be able to deliver those grants to its students and members of its community.

Dedication of the President’s Home

Dr. Hale said when the Regents meet on the NEO campus in October, he would like to dedicate the President’s home at that time. He said the home was constructed in 1946 and first lived in by the Bruce Carter family in 1947. Improvements have recently been made to the home. Dr. Hale said he is seeking approval to name the house the Carter House. Dr. Hale said he will invite all living presidents to join NEO for that event.

Contract with the Northeastern Oklahoma A&M College Development Foundation

Dr. Hale requested Board approval to continue the contract between Northeastern Oklahoma A&M College and Northeastern Oklahoma A&M College Development Foundation for services rendered by the College to the Foundation. He said NEO provides a staff person, office, and a clerical support person, and in return the Foundation supports NEO through scholarship programs and major initiatives to assist the College.

Regent Helm moved and Regent Lester seconded to authorize NEO to continue the contract between Northeastern Oklahoma A&M College and the Northeastern Oklahoma A&M College Development Foundation for services rendered by the College to the Foundation in return for financial support from the Foundation.

Those voting aye: Board Members Helm, Lester, Massey, Peach, Watkins, Anthony, Boettcher, Burns, and Hall. No: None. Abstentions: None. Absent: None. The motion carried.

Asbestos Abatement and Demolition of College Apartments

Dr. Hale said the married student housing apartments were flooded, and the first floors have not been occupied for a few years. Only 16 students live on the second floor of those apartments. It is the wish of the College to demolish those apartments. He said NEO is seeking approval to bid the asbestos removal as well as the demolition of the three apartment facilities on the southwest corner of the campus.
Regent Helm asked where the asbestos is located. Dr. Hale said it is located in the drywalls. Regent Hall asked if the administration has received any consultation with respect to the demolition. Dr. Hale responded affirmatively as it relates to the actual demolition. Regent Hall said it is his understanding that asbestos abatement is not required of a total demolition. He said for a total demolition and disposal, he said he does not believe it is necessary to spend the funds for asbestos abatement. Regent Helm said he believes the asbestos abatement is necessary because as it is removed it becomes friable and would be airborne. He believes this is the reason the abatement is necessary. Dr. Hale said this will certainly be verified.

Regent Helm moved and Regent Lester seconded to authorize NEO to advertise for bids and accept the lowest and best bids for asbestos abatement of the College apartments in the estimated amount of $110,000 and to demolish the College apartments to include removal and cleanup of the debris in the estimated amount of $60,000.

Those voting aye: Board Members Lester, Massey, Peach, Watkins, Anthony, Boettcher, Burns, Hall, and Helm. No: None. Abstentions: None. Absent: None. The motion passed.

Balance of Agenda

Regent Lester moved and Regent Peach seconded to approve the balance of the Agenda, subject to the availability of funds and/or the limitations of the budget. (The Agenda is attached.)

Those voting aye: Board Members Massey, Peach, Watkins, Anthony, Boettcher, Burns, Hall, Helm, and Lester. No: None. Abstentions: None. Absent: None. The motion was approved.

The business of Northeastern Oklahoma A&M College being concluded, Dr. Hale was then excused from the meeting.

Dr. JoAnn Haysbert, President; Mrs. Angela Watson, Vice President for Administrative and Fiscal Affairs; and Dr. Marvin Burns, Dean, School of Agriculture and Applied Sciences, appeared before the Board of Regents to present the business of Langston University and review the Agenda for members of the Board.

Dr. Haysbert congratulated Chairman Anthony for his appointment as Chairman. She also commended President Carroll and his staff for the opportunity to visit Robert Funk and the Express Ranch.

Dr. Haysbert presented the quarterly publication “Greatness” (a copy of which is on file in the Board of Regents’ Office as Document No. 2-7-24-09). She referenced the article about Regent Boettcher and the contribution he is making to a Langston student, Geraldine Iheanacho. She said Ms. Iheanacho was working in a concession stand at OSU at the time Regent Boettcher was attending a ballgame. He was impressed with their interaction and learned that she was a Langston student majoring in Biology, and he has been supporting her with a financial scholarship since that time.

Dr. Haysbert also referenced the article on Ty’Sheoma Bethea in which she accepted an opportunity of a lifetime from Langston University. This young lady appeared before Congress with President Obama in March and was mentioned in the President’s address to Congress after she wrote a letter to the Senate in regard to the deplorable condition of her school in South Carolina. Dr. Haysbert said South Carolina is her home state, so she reached out to Ms. Bethea and offered her a scholarship to Langston University upon graduation from high school. Dr. Haysbert said Ms. Bethea sent a response and said she would be very interested in pursuing an education at Langston and promised to work hard to meet the academic requirements. Dr. Haysbert said Ms. Bethea is the kind of student that not only inspired the President but inspired the nation. She said she encouraged her to hold fast to her dreams, which includes being the first female President of the United States.

Dr. Haysbert said Langston addressed solutions to poverty at a recent statewide summit that the University held. It was a culminating activity from about a year and a half of conversations that were conducted around the State about the problem. It is reflective in Langston’s efforts and its urban mission to reach out and address issues that are being faced as a state, particularly in urban areas. She said the Governor joined forces with Langston, and, therefore, Langston was able to name it the Governor’s Summit on Solutions to Poverty. Dr. Haysbert shared with the Board a video entitled, “Join Us in the Fight on Poverty.” (A copy of the video is on file in the Board of Regents’ Office as Document No. 3-7-24-09.)

Chairman Anthony said it was a wonderful video and the Regents appreciate the leadership of Langston in working on these issues. He also noted Regent Boettcher’s support of a Langston student.

Regent Lester moved and Regent Burns seconded to approve the personnel actions as listed in the Langston Agenda.

Approval of Peace Officer Actions

Those voting aye: Board Members Watkins, Anthony, Boettcher, Burns, Hall, Helm, Lester, Massey, and Peach. No: None. Abstentions: None. Absent: None. The motion passed.

Memorandum of Understanding with Green Breeze Energy, Inc.

With respect to the request to enter into a Memorandum of Understanding with Green Breeze Energy, Inc., Dr. Haysbert reported this matter was discussed with members of the Fiscal Affairs Committee.

Regent Boettcher reported that the Fiscal Affairs Committee met with the administration of Langston University regarding a request to enter into a Memorandum of Understanding with Green Breeze Energy, Inc., for the purpose of planning, designing, building, and operating a wind farm. He said Dr. Marvin Burns led the discussion on this topic and described the intention of the proposed Memorandum of Understanding. He said Paul Reeves represented Green Breeze. Following discussion and a period of questions and answers, the Committee acted to recommend that the Board table this item.

Regent Boettcher moved and Regent Peach seconded to table the action regarding the request to enter into a Memorandum of Understanding with Green Breeze Energy, Inc.

Those voting aye: Board Members Anthony, Boettcher, Burns, Hall, Helm, Lester, Massey, Peach, and Watkins. No: None. Abstentions: None. Absent: None. The motion was approved.
Chairman Anthony noted the work of Regent Burns on behalf of the Board in getting more information and his help in moving this project along.

**Balance of Agenda**

Regent Lester moved and Regent Massey seconded to approve the balance of the Agenda, subject to the availability of funds and/or the limitations of the budget. (The Agenda is attached.)

Those voting aye: Board Members Boettcher, Burns, Hall, Helm, Lester, Massey, Peach, Watkins, and Anthony. No: None. Abstentions: None. Absent: None. The motion carried.

In closing, Dr. Haysbert expressed appreciation to the Regents for their support of her trip to China this summer. It was an excellent opportunity and is one that she will always cherish.

The business of Langston University being concluded, Dr. Haysbert and members of the Langston administration were then excused from the meeting.

DRAFT MEMORANDUM OF UNDERSTANDING

BETWEEN

Langston University based in Langston, Oklahoma, USA

(LU)

- and -

Green Breeze Energy Inc,

a subsidiary of Oneworld Energy Inc.

(an Ontario corporation headquartered in Toronto, Ontario, Canada)

(GBE)

LU and GBE approve this Memorandum of Understanding for the purposes of creating a Joint Venture (NewCo - or the partnership structure agreed to), that will plan, design, build and operate a wind farm in the Oklahoma Pan Handle. This draft MOU to be replaced by a formal agreement within 60 days of signing this agreement.

A. Background (Project)

Langston University has available university-owned properties located in one of the west Oklahoma counties of Cimmaron (15,217 acres), Texas (160 acres), Beaver (1,628 acres), Woodward (1,394 acres), Ellis (440 acres), and Comanche (157 acres). It is the intention of Newco to lease as much of these LU owned lands as possible from the Land Commission of Oklahoma for the purpose of establishing a wind farm.

The estimated size of this wind farm project is 200MW(phase one), which currently represents approximately 420 Million dollars (US funds) in total project costs. There is a need to raise approximately 75 million to 100 Million dollars in equity financing for this project.

To raise this money three key conditions must be met:

- Signed power purchase agreements that would consume the capacity of the wind farm.
- Access to the Electricity grid.
- Protection for the ability to sell the electricity without the concerns of utility capacity constraint.

B. NewCo

3/5/2009
LU and GBE will create NewCo, which will have the mandate to plan, design, build and operate the wind farm. LU and GBE will have 50%/50% ownership in NewCo and will place equal numbers of members on the board of NewCo. Final authority on the daily operation of NewCo will be assigned to a person(s) of the boards choosing.

NewCo’s planned funding will come from grants available from both the federal and state government agencies. If for some reason the grant monies are not available for the project, GB will first match any funds that LU has given to NewCo, and then GBE will continue to fund NewCo. Then, at any time prior to ground breaking, LU will be given the first right of refusal to continue funding NewCo up to the level that matches GBE’s investment. Should LU decide not to fund NewCo, then LU will accept a prorata ownership share of NewCo determined by dividing the total LU contribution with the total funds invested. For example; if LU contributes $30,000 and a total of $800,000 has been invested by both GB and LU, then LU’s ownership share of the project would be 3.9%.

C. Initial Funding Requirements

Initial funding requirements are for the development of this project and include the items and associated estimates as laid out in Appendix A.

D. Secondary Funding Requirements

Secondary funding requirements will be for the construction, commissioning and operation of the 200 MW project (phase one) developed by NewCo. NewCo agrees to continue to use GBE as the project developer and operator at reasonable commercial rates for the entire project.

E. Land Lease agreement

NewCo will option/lease the lands necessary for this project from the Oklahoma Land Commission at the current market rate in Oklahoma for wind project land leases,. For any leased lands that are owned by LU, LU will receive lease payments once the project has been commissioned. Any revenues from the land commission received by LU prior to commissioning would be contributed to NewCo (e.g. option payments).

LU retains the right to keep all revenues from the land leases not including the option payments.

F. GBE agrees to:

1. Place the infrastructure necessary to complete the development process including, but not limited to, the items shown in Appendix A.

2. Assign a representative for NewCo that will have shared and final signing authority.
3. Fund this project if the anticipated grant monies, all or part, are not available

4. Not share any information with any other party except its professional advisors and others to whom disclosure is required to further the objects of the Agreement without expressed written approval of NewCO.

G. LU agrees to:

1. Place up to $800,000, as additional grant monies become available, in NewCo’s account over the following 6 months. Should all or a portion of these grant monies not be available for the development of this project, LU will have a first right of refusal to fund up to an equal share with GB of this project.

2. Make office space available at Langston University for 1 NewCo employee

3. Work with GBE on a turnkey basis for the development and operation of the Wind Farm.

4. Assign a Representative for NewCo that will have shared and final signing authority.

5. Continue to solicit municipal, state and federal support for the project. This includes attending public meetings, arranging meets with town officials, etc.

6. To promote student participation in the project, this may include, wind assessments, electrical studies, environmental investigations and other activities.

7. Not share any information with any other party except its professional advisors and others to whom disclosure is required to further the objects of the Agreement without expressed written approval of NewCO.

H. JV agrees to:

1. Pay all invoices incurred in the development of this project which include but are not limited to the budget example (all figures estimates only) as laid out in Appendix A attached.

I. Expenses

3/5/2009

Initial ________
Each party will be responsible for their own expense incurred for the purpose of signing this agreement. For example if GBE needs to set up a US corporation, the associated costs would be the sole responsibility of GBE.

NewCo will be responsible for covering any expenses necessary for incorporating NewCo (or the partnership structure agreed to).

J. Other Conditions:

1. GBE reserves the right to assign this agreement to a GBE subsidiary at any time. GBE’s current intention is to establish a U.S. subsidiary for the purposes of invoicing and collecting the project development fees received by GBE from this project.

2. GBE reserves the right to transfer their interest in NewCo to a OneWorld Energy Inc. subsidiary company with the same controlling interests.

3. For the purpose of evaluating the project, GBE will share all relevant data with its consultants, equity funding sources, bankers and alliance partners.

4. Both parties have entered into a non-disclosure agreement.

4. It is in the spirit of co-operation and good faith that LU and GBE agree, should NewCo decide to proceed with a project that Newco will undertake in good faith efforts to negotiate a detailed form agreement on mutually agreeable terms with GBE for the construction and commissioning of said project.

K. Timelines

Following the signing of this Agreement, GBE and LU will immediately begin the duties as agreed. GBE is currently in discussions with the Oklahoma Land Commission and intends to secure the necessary lands as soon as possible.

L. Currency

All figures are in US dollars.
Acceptance:

OKLAHOMA STATE UNIVERSITY, STILLWATER, OKLAHOMA

President Burns Hargis appeared before the Board of Regents to present the business of Oklahoma State University and review the Agenda for members of the Board.

Recognition of Former Chairman Doug Burns

Chairman Anthony said before beginning the business of Oklahoma State University, he would like to take a moment to recognize Doug Burns, who served the Board as Chairman this past year. Chairman Anthony said everyone who is associated in any way, either as a Board member or in any other capacity, understands the tremendous work that Regent Burns did during this past year as Chairman. He noted that all of his tremendous work was not just during his time as Chairman but also before. Chairman Anthony said he is aware that it was a sacrifice of time, energy, and effort made not only by Regent Burns but his family, as well. On behalf of the Board of Regents, Chairman Anthony said everyone appreciated his service as Chairman and appreciates his continued service.

Chairman Anthony presented a plaque to Regent Burns that reads, “For distinguished service as Chairman of the Board of Regents for Oklahoma State University and the A&M Colleges, July 1, 2008 – June 30, 2009.” Chairman Anthony also presented Regent Burns with the gavel set he used during his tenure as Chairman.

Regent Burns said it was an honor and privilege to serve. He said he does have a passion for higher education, and it is very gratifying to him to be able to work with the other Regents, the college presidents, and administrators. He said it is a real pleasure to have the Regents’ company and is something he looks forward to continue in the future. He expressed thanks for the opportunity and stated that it has been a pleasure.

President Hargis said he enjoyed working with Regent Burns when he served as Chairman. He said he and Regent Burns not only share the same name but a passion for this operation.

Opening Remarks by President Hargis

President Hargis said he is delighted to be on the OSU-Oklahoma City campus. He expressed thanks to Bob Funk for hosting the dinner last evening and to the OSU-Oklahoma City staff for making those arrangements.

President Hargis said these are exciting times just before the start of a new school year. This year will be particularly exciting in a number of respects. One is that OSU will actually open the doors of four major construction projects that have been going on for a long time. He said OSU broke ground in 2007 on these projects. He said the Honors College will move into Old Central, the oldest higher education building in the State of Oklahoma. The original building cost about $20,000 to construct, and the renovation will cost $8.6 million. President Hargis said it is going
to be a beautiful facility. Likewise, one of the most beautiful buildings on campus is Murray Hall, which has been renovated. The College of Arts & Sciences will move into that facility. In addition, the Veterinary Medicine Diagnostic Center will soon open, which is a tremendous addition to what is already one of the finest veterinary schools in the nation. Lastly, the addition to the School of Architecture will triple the space for Architecture. President Hargis said OSU’s School of Architecture was recently named one of the top 20 architecture schools in the United States, which is an extraordinary designation given the size and resources of the school. He commended Joe and Connie Mitchell who provided OSU with the final $3 million commitment that was required by the grant from the Donald W. Reynolds Foundation.

President Hargis referenced the Accomplishments brochure. He said OSU is starting Camp Cowboy, which is a great camp that introduces new students to Oklahoma State University and Cowboy traditions.

Adoption of Memorial Resolutions

President Hargis presented information on behalf of Larry Thomas “Tom” Brewster, Associate Professor, Retired, Educational Studies, College of Education; Hugh K. Hedger, Head, Retired, Horticulture Department, OSU-Oklahoma City; Neil R. Luebke, Head, Retired, Department of Philosophy, College of Arts and Sciences; and Robert L. Oehrtman, Professor Emeritus, Agricultural Economics, College of Agricultural Sciences and Natural Resources. President Hargis presented Memorial Resolutions for Dr. Brewster, Mr. Hedger, Dr. Luebke, and Dr. Oehrtman and requested the Board’s adoption. (The Memorial Resolutions for Dr. Brewster, Mr. Hedger, Dr. Luebke, and Dr. Oehrtman are attached to OSU’s portion of the minutes as ATTACHMENTS A-D and considered a part of these minutes.)
