RE: Letter of Intent – AAS Criminal Justice degree with a Collegiate Officer Program option (COP)

Dear Chancellor Johnson:

OPSU is in the process of deleting the current AAS Technology, Criminal Justice option and COP option from record and in their place adding an AAS Criminal Justice degree with a COP option.

Attached is the proposed degree plan for both the AAS Criminal Justice degree and the COP option.

Cost/Explanation:

**Note – these costs were previously submitted with the program modification for the AAS Technology, Criminal Justice option and are not additional to those costs**

Three additional local law enforcement officers will need to be hired to teach the additional six (skill) courses for these options. The instructors will be designated as adjunct instructors at $525 per credit hour. There are also weapons that must be purchased for the skills courses.

\[
\begin{array}{ll}
14 \text{ hours @ } $525 \text{ p/c/h} & $7,350.00 \\
4 \text{ Glock 22 pistols @ } $398 & $1,592.00 \\
2 \text{ shotguns @ } $364 & $728.00 \\
\text{Total:} & $9,670.00 \\
\end{array}
\]

Upon approval from our governing board, it is OPSU's hope to begin offering this degree by September, 2010.

If you have any questions or concerns regarding the above items, please do not hesitate to contact me at 580-349-1302 or email: dbryant@opsu.edu.

When the OPSU Centennial Committee asked State Representative Gus Blackwell what he could do to help celebrate the school’s 100 year anniversary, Blackwell introduced a bill to name a portion of Highway 54 “Oklahoma Panhandle State University Centennial Corridor.” At the sign unveiling ceremony on Wednesday, August 19, the OPSU alumnus said, “It is a privilege to be of service to OPSU.” Two signs, one just southwest of Goodwell and the other on the outskirts of Guymon heading towards Goodwell, designate the Centennial Corridor.

The ABC affiliate in Amarillo, KVII, featured the OPSU Centennial on their special series “Panhandle Spirit.” News anchor Mitch Roberts visited campus to interview President Dave Bryant as well as some students. If you missed it, log on to www.connectamarillo.com, look for “Special Features” on the home page and choose “Panhandle Spirit.”

On Tuesday, August 25, 2009, another part of the OPSU Centennial plans came to fruition. The combined talents, generosity, and hard work of OPSU President, Dr. David Bryant; Larry Peters, OPSU Vice President of Financial Affairs; and Austin Concrete of Guymon, Oklahoma, came together to complete the shape of the State of Oklahoma on the southwest lawn of Hughes-Strong Hall on the OPSU campus. The State of Oklahoma outline is now filled with decorative red concrete and will soon be finished once the “100” is set in the center and the Centennial bricks are laid in the Panhandle area of the state. The state feature joins the new concrete stage on the west side of the building and concrete pads for benches and a picnic table all contributing to a new area on campus — Centennial Park. A formal dedication ceremony will be held during the Centennial Birthday party planned for November 1.

OPSU announced preliminary enrollment figures for the fall 2009 semester. The initial 2009 enrollment reported to the Oklahoma State Regents for Higher Education (OSRHE) includes 1,267 individual students and 17,304 credit hours. The enrollment figure for individual students represents a 3.3% increase over fall 2008 while the credit hours reflect a 5.4% increase over last fall. The OPSU fall 2009 enrollment is the highest enrollment in the last 12 years. President Dave Bryant credits the increase to university-wide focus on student satisfaction. He said, “Our efforts in recruiting and retention have had a positive impact. I especially thank the High School and Community Relations and Admissions staff members as well as deans, advisors, faculty, coaches and other staff who provide excellent student service.”
Nels Peterson

"As college educators, it is our responsibility to make sure the young people we’re working with are prepared to take on their new roles as professionals in their chosen fields," said this Turtle Lake, North Dakota native. His commitment to education led him to OPSU to teach as well as to take over as Director of Agricultural Education and the collegiate Future Farmers of America (FFA) chapter.

Nels completed his bachelor's of science in ag ed and worked for 8 years as an ag teacher and full-time farmer before accepting a position in extension as a county agent. The post afforded him the opportunity to continue his education in graduate school. He has finished the necessary work for his Ph.D. and plans to graduate with his terminal degree in December. He is happy to be back in the classroom, helping prepare students for their own roles in agriculture.

He also remains a part of his family’s farm and ranch management, which keeps him involved in production agriculture. Wife Kathy currently works in the Lakota, North Dakota public school system back home and hopes to join Nels as soon as all of the relocation details fall into place. The couple raised four sons, all of whom earned the prestigious American FFA degree. The young men have now set their own paths and are either working on degrees or employed full time.

In his spare time, Nels handcrafts wood furniture, particularly china hutches and he recently completed a cradle for a new granddaughter. He also enjoys tinkering with old motorcycles and of course, playing with his grandchildren.

Nels believes OPSU has some outstanding students and he looks forward to making a difference. He also commented, “The campus here is beautiful. Even though it is simply an outward appearance, it means people truly care about this place and I am happy to be a part of that.”

Agriculture Education

Educating college students to teach public school students has long been a part of OPSU. When Nels took over as director of the department, he researched OPSU ag ed graduates and discovered that several alums earned Teacher of the Year awards in various states. He also found that OPSU’s history and tradition in ag ed reflect high standards and he plans to continue holding aspiring ag teachers to those same high standards. He has about 20 students enrolled in the program right now and envisions raising that number through personal contact in area schools as well as using the alumni living all over the southern Great Plains to help recruit.

Nels voiced a specific message — “Educators need to let high school kids know that teaching is a good, honorable profession that can change lives. Working with young people puts us in a very influential position.” He pointed out that while ag teachers will never become rich and will work long, hard hours, they will enjoy a high level of personal satisfaction.

In addition to his agriculture teaching and advising roles, he also plays a complementary one — the OPSU collegiate FFA advisor. He is reorganizing the club and had approximately 25 students at the first meeting this semester. Nels would like to develop into the “premier leadership development organization on this campus.” The group’s main annual event comes up in November when 800+ high school and junior high school students spend 2 days on campus during the Interscholastics Contest. Nels is busy getting the word out to more schools, hoping to increase the number of students participating.

Nels Peterson's work ethic, commitment to education, and ag background will be an asset to the community. He and wife Kathy should also produce some smiles — watch for the pair tooling around campus aboard a vintage Kawasaki Spectre with a sidecar.

The American Association of State Colleges and Universities (AASCU) has been featuring OPSU's Centennial on its website. The direct link, www.aascu.org/anniversary/OPSU/index.htm, includes several OPSU photo collages using present and past pictures, as well as information about the history of OPSU, notable alumni, and a quote from President Dave Bryant.

KPSU FM 91.7, OPSU’s radio station, has begun webcasting all of its broadcast programming. While still in an experimental stage, KPSU may be found on the world-wide web by entering http://164.58.210.185:8020/ kpsu or going to the OPSU home page (www. opsu.edu) and clicking on Listen to KPSU Live in the left column. As soon as an appropriate web page can be built, the station programming schedule will be posted. The student manager Joshua Armstrong of Boise City is assisted in management of the station by Sports Director Ty McBride, News Director Stephen Skacall, and Hispanic Director Reyna Aranda. The Faculty Advisor is Russell Guthrie, and for further information, contact Guthrie at 1478.

One Saturday morning in August, OPSU personnel met in a large classroom for Incident Command System (ICS) training, a part of the Federal Emergency Management Agency’s (FEMA) emergency training courses under the National Incident Management Systems (NIMS). Oklahoma Governor Brad Henry's Campus Life and Safety and Security (CLASS) Task Force seeks full, national NIMS compliance by December 1, 2010 throughout all state agencies. The compliance is required for recipients of federal preparedness funds as well as for several grants administered through the U.S. Department of Education. According to Jessica Lofland, nearly all personnel will have to complete the basic training, and others, depending on their position, will need to complete further training.
Jena Marr

A familiar face returned to the OPSU campus in September. After a one-year absence, Jena accepted a new position and is now responsible for all of OPSU’s purchasing. Her duties include overseeing all purchases, ensuring that all the requirements are met put forth by the Office of State Finance, the A&M Board of Regents, and OSU. Jena also keeps track of all fixed assets belonging to the University. While few words have been used to explain her duties, consider the infinite details of tracking every single purchase over all of the departments and maintaining a record of each piece of equipment and other long-term property in each office. Her 8 years of experience at OPSU prior to this position and her ability to manage those details serve her well in her job.

Jena and husband Rodney are both Texhoma natives and have lived there all of their lives. When Rodney was tapped for a promotion, in the Enid area, the couple decided it was an opportunity for them. Jena found work as a controller for a group of five nursing homes. After one year, she and Rodney agreed that they preferred living in their home town close to family and returned in September. They have two children, Dyllon, an 11-year-old fifth-grader, and Abby, 7, in the second grade. “The kids are happy to be back close to the friends they’ve had from the time they were born,” Jena said.

In addition to working full time, Jena has been completing her MBA through West Texas A&M and will finish it in May. In her free time, she enjoys camping trips, running, playing with her kids, scrapbooking and shopping for shoes and purses.

She said, “I missed the faculty and staff I worked with before and I’m happy to be back in OPSU’s more relaxed atmosphere.”

BASC

Brent Burgess started a Beautification and Sustainability Committee (BASC) to address improving resource use at OPSU and finding ways to enhance the appearance of the campus. Committee members have been hard at work on the sustainability part of the program. Each participant was asked to list five things that faculty and staff might easily implement to reduce energy usage. For now, the focus remains on electricity consumption and the group has so far selected six problems that are relatively easy to correct:

1. Setting computers to Standby when not in use.
2. Turning off classroom lights.
3. Proper use of inside and outside doors.
4. Powering down technology used in the classroom when finished.
5. Coordinating the scheduling of after-hours events. This might eventually include holding night classes in only one or two campus buildings rather than using one or two classrooms in a number of buildings.
6. Fixing dripping or otherwise inoperable faucets to reduce the amount of electricity used to pump campus water.

They will determine how to educate personnel and also how to motivate department heads to buy into the program. Some kind of incentive will be offered, but before then, the group is now working on a way to establish a baseline in order to measure success.

Burgess and the committee plan to have a solid plan in place by the time the spring semester begins. The group will then begin work on campus beautification. If you are interested in learning more or becoming involved in BASC, contact Burgess at 1486 or email him at bburgess@opsu.edu.

David A. Bryant, President
President V. Burns Hargis appeared before the Board of Regents to present the business of Oklahoma State University and review the Agenda for members of the Board. He said he was thrilled to enjoy the equine center, the program, and the great barbecue provided by Dr. Hale and his staff.

President Hargis said at the September Board meeting Provost Strathe presented an update on the NCAA self study report. The last set of responses to questions was submitted electronically this week. He said Provost Strathe has a copy of the full report if there are questions.

President Hargis said OSU had an extraordinary Homecoming. He said he believed it was the biggest ever and that the size of the parade had perhaps tripled. It looked deeper and more enthusiastic than he had ever seen it. He said it was especially meaningful to honor Barry Sanders, Garth Brooks, and Robin Ventura, who are three of the most successful people in their chosen fields. President Hargis said of the top ten all-time collegiate athletic feats, Barry Sanders and Robin Ventura hold two of them—Robin Ventura had 58 straight games with a hit and Barry Sanders set 13 NCAA records in one season. Garth Brooks has sold more records than any other solo artist in the history of the music business. President Hargis said they all talked about how much OSU meant to them and how OSU set them on a course for the success they have enjoyed in life. President Hargis said they are great models and were very well received in the stadium when they were presented with their awards.

President Hargis announced that the commencement speaker for the December undergraduate program is Rick Darnaby, who is one of OSU’s most distinguished graduates. He received his undergraduate and MBA degrees from Oklahoma State University. He served as President of NutraSweet Company and President and General Manager of Motorola Company in Europe as well as Canada. President Hargis said Mr. Darnaby is considered one of the top strategists and innovative thought leaders in the field, and he believes he will be very inspiring to the graduates.

Adoption of Memorial Resolutions

President Hargis presented two Memorial Resolutions for the Board’s consideration. One is for Michael “Mike” Stephen Burnett, Manager, Grounds and Labor, Physical Plant, Division of Administration and Finance; and Robert W. “Bob” Powell, Sr., Coordinator, Retired, Inventory Section, Division of Administration and Finance. The Memorial Resolutions for Mr. Burnett and Mr. Powell are attached to OSU’s portion of the minutes as ATTACHMENT A and B and considered a part of these minutes. President Hargis recommended their adoption.

The Committee acted to recommend Board approval of the administrative recommendation.

Regent Massey moved and Regent Lester seconded to approve the position description for the position of Provost and Senior Vice President for Oklahoma State University as presented.

President Hargis said Dr. Niblack has worked with universities all over the world, and he reported that there probably were only three other facilities that could match what OSU is building. It is a special facility named after a special man.

The business of Oklahoma State University being concluded, President Hargis and members of the OSU administration were then excused from the meeting.

Calvin Anthony, Chair
LANGSTON UNIVERSITY, LANGSTON, OKLAHOMA

Dr. JoAnn Haysbert, President; Mrs. Angela Watson, Vice President for Administration and Finance; and Dr. Marvin Burns, Dean, School of Agriculture and Applied Sciences, appeared before the Board of Regents to present the business of Langston University and review the Agenda for members of the Board.

Dr. Haysbert expressed appreciation to President Jeff Hale for the event last evening. She said she is thoroughly enjoying being on the campus and enjoyed the presentation by the student and coach last evening.

Dr. Haysbert said this past week was Homecoming week for Langston University and included four major events. The first was the ribbon-cutting ceremony for the new Allied Health Building. She noted Chairman Anthony made comments and brought greetings, and Regent Lester was in attendance along with his parents as well as Robert White and Doug Wilson. It was a great event and was well attended. Secondly, Langston conducted an induction ceremony of 17 former LU athletes representing six sports into the Hall of Fame. The Hall of Fame has been at the University for some time, and it has been resurrected due to the efforts of the Athletic Director. In addition, Langston held its President’s Gala, and she thanked Regent Lester and his wife Barbara, for attending. Other members of the OSU/A&M family were present including Howard Barnett and Ron Bussert from OSU-Tulsa. It was an excellent affair, and Langston was pleased to make history when the announcement was made that it had received more than $1.2 million in scholarship funds as a result of alumni giving, corporate giving, donor contributions, the annual giving program, and pledges. She said Jennifer Holliday was the celebrity guest. Langston wrapped up Homecoming week with its football game, which was won by a score of 53-20.

Dr. Haysbert noted that the University had some excellent news coverage this past week in The Oklahoman—not only for the Gala but for its efforts to expand the town of Langston, which is a reflection of Langston’s strategic plan. From beginning to end, Homecoming week was a grand affair for the University. She expressed thanks for the Board’s support and to those who had the opportunity to attend.

Chairman Anthony expressed congratulations on the new Allied Health Building. He said it is a beautiful facility, and it was a pleasure to be in attendance at the ribbon-cutting ceremony.

Approval of Master Services and License Agreement

Dr. Haysbert requested approval of the Master Services and License Agreement between Langston University and Education Online Services Corp., subject to Legal Counsel review. She said at the September Board meeting the MOU between Langston University and Education Online Services was approved. She is now requesting approval of the Master Services and License Agreement. (A copy of the Master Services and License Agreement as well as a letter from Attorney Price is on file in the Board of Regents’ Office as Document No. 2-10-23-09.)
Chairman Anthony asked Mr. Drake if he has any comments on this item, and Mr. Drake responded negatively.

Regent Lester moved and Regent Boettcher seconded to approve the Master Services and License Agreement between Langston University and Education Online Services Corp., subject to review and approval by Legal Counsel.

Those voting aye: Board Members Burns, Hall, Helm, Lester, Massey, Peach, Watkins, Anthony, and Boettcher. No: None. Abstentions: None. Absent: None. The motion carried.

Personnel Actions

Regent Boettcher moved and Regent Watkins seconded to approve personnel actions D.2.-D.4. as listed in the Langston Agenda.

Those voting aye: Board Members Hall, Helm, Lester, Massey, Peach, Watkins, Anthony, Boettcher, and Burns. No: None. Abstentions: None. Absent: None. The motion passed.

Approval of E&G Budget Revision

Dr. Haysbert requested Board approval of a revised Educational and General Budget – FY 2009-2010 to reflect a net reduction in budgeted revenues and expenditures amounting to $124,356. This represents a 5 percent budget reduction in state appropriations for July and August, 2009, in the amount of $158,902.

Regent Boettcher moved and Regent Watkins seconded to approve the E&G budget revision as presented.

Those voting aye: Board Members Helm, Lester, Massey, Peach, Watkins, Anthony, Boettcher, Burns, and Hall. No: None. Abstentions: None. Absent: None. The motion was approved.

Approval of Agreement with Higher One

Dr. Haysbert requested approval to enter into an agreement with Higher One. This company would enable Langston to refund students their financial aid refunds on debit cards as opposed to giving them hard copy paper checks and then risk the students operating with large sums of cash.

Dr. Wilson asked if other colleges in Oklahoma are using this technology. Mrs. Watson said she is aware the University of Central Oklahoma implemented this technology more than a year ago.
and has worked through any problems it had, which were nothing major. She said UCO has expressed that they are enjoying this technology. It allows students to have instant access to refunds as opposed to a five-day process, which is what Langston currently provides.

Regent Boettcher moved and Regent Hall seconded to authorize Langston University to enter into an agreement with Higher One, pending review by Legal Counsel, for the purpose of providing student refunds on a debit card rather than a hard copy check.

Those voting aye: Board Members Lester, Massey, Peach, Watkins, Anthony, Boettcher, Burns, Hall, and Helm. No: None. Abstentions: None. Absent: None. The motion was approved.

Approval to Contract with ADT Security

Dr. Haysbert said for the purpose of making the University campus safer, she requested approval to contract with ADT Security to provide full-time monitoring of all the cameras and video equipment that are installed on campus.

Regent Lester moved and Regent Boettcher seconded to authorize Langston University to contract exclusively with ADT Security for all safety and security monitoring as presented.

Regent Helm asked the amount being contracted, and Chairman Anthony asked if this is a new surveillance system. Dr. Haysbert said since Langston has gone to the controlled access campus, it has increased its cameras and surveillance systems across the campus. Langston is requesting permission to bring in ADT to help monitor the system to make sure it is operating properly.

Regent Helm said ADT is a national company, but this could be a large amount. Regent Peach noted that if it is a large amount, it would have to be bid. Chairman Anthony said the Board will come back to this item after the amount is known.

The motion and second were withdrawn.

Approval to Increase Budgets for Three State Funded Capital Projects

Dr. Haysbert requested permission to increase the budgets for three State funded capital projects to allow the expenditure of interest earnings and the transfer of funds from one completed project to projects that are still under construction as listed in the Langston Agenda. She said this item was presented to the Fiscal Affairs Committee.

Regent Boettcher reported that the Fiscal Affairs Committee met with the administration of Langston University regarding approval to increase the budgets for three State funded capital
projects to allow the expenditure of interest earnings and the transferring of funds from one completed project to projects that are still under construction. The Committee acted to recommend Board approval of the administrative recommendation.

Regent Boettcher moved and Regent Hall seconded to authorize Langston University to increase the budgets for three State funded capital projects to allow the expenditure of interest earnings and the transfer of funds from one completed project to projects that are still under construction.

Regent Peach said when this was presented in Committee he did not understand how much money was left in the Museum account. Regent Boettcher said it would be zero. Dr. Haysbert said once the transfer is made it will be zero. Regent Helm said Langston is moving the balance of the Museum account into the Student Success Center account. This will cut the projects from four to three. He said there was not enough money in the Museum account to do anything of significance.

Withdrawal of Request of a Grant Agreement

Dr. Haysbert said the administration is withdrawing Item I.2. regarding the request of a Grant Agreement between Langston University and the U.S. Department of the Interior. She said this item was not reported in time to get placed on the posted agenda. (A copy of the proposed Grant Agreement is on file in the Board of Regents’ Office as Document No. 3-10-23-09.)

Dr. Wilson asked Dr. Haysbert to provide background information regarding this request since the administration will probably be requesting interim approval for this request. Dr. Haysbert said the request is for the Board to allow Langston University to accept a $500,000 grant from the U.S. Department of the Interior. There is a historic landmark on campus called Cottage Row, which consists of five cottages. Dr. Haysbert said when she came to Langston the cottages were used for office space. These cottages have been converted into space that would provide resources to the University. In other words, faculty and staff now live in those cottages. When Langston learned of the announcement of funds being made available through competition to restore historic areas, Langston sought those grant funds. Dr. Haysbert said she will seek interim approval regarding this matter. She said Langston is very pleased to receive $500,000 from the Department of Interior as 1 of 21 institutions funded for this purpose.

Ratification of Interim Approval Requests

Dr. Haysbert referenced J.1., J.2., and J.3. regarding ratification of interim approval requests received from the Executive Secretary as it pertains to the installation of audiovisual equipment,
the experimentation in gene expression of several goat research projects, and the contract renewal with First Capital Trolley for student transportation.

Regent Boettcher moved and Regent Lester seconded to ratify the interim approval requests as granted by the Executive Secretary (J.1., J.2. and J.3.).

Regent Helm said it seems that Langston is submitting more interim approval requests, and especially J.1. and J.2. as these requests appear as if they could have been anticipated. He thought the administration could be timelier such that these requests are submitted in advance. Dr. Haysbert said she hears what Regent Helm is saying. With respect to the audiovisual equipment, this request pertains to the security measures Langston is trying to accomplish on the campus. Regent Helm noted that this request may have occurred after the incident. Dr. Haysbert said the audiovisual equipment is connected to that. She said she certainly understands his point with respect to the goat research projects.

Chairman Anthony referenced the request to renew a contract with First Capital Trolley and asked the dollar amount involved. Regent Peach also referenced the request to purchase equipment for the goat research projects and asked the amount of that request. Dr. Wilson noted that this information is included on the interim approval requests. He said the amount of the equipment for the goat research projects is $36,540, and the amount for the renewal of the contract with First Capital Trolley is $18,500 annually. Dr. Wilson said this has been a yearly renewal, but Langston failed to include it on the list that was approved by the Board in June for annual renewals. This oversight was detected by Purchasing. He said Capital Trolley provides service three times a day from the campus to Guthrie and return. This contract has been in existence for a few years.

Those voting aye: Board Members Watkins, Anthony, Boettcher, Burns, Hall, Helm, Lester, Massey, and Peach. No: None. Abstentions: None. Absent: None. The motion carried.

Out-of-State Travel Summary

Dr. Haysbert referenced the out-of-state travel summary for September. She noted there is some increase and wanted to give an explanation for that. Under Fund 290 there is an increase due to international travel for research. There is also an increase in federal funds, but that increase is supported by federal grants. Under auxiliary there is an increase for September because this year Langston incurred student travel by bus. Last year Langston did not have that travel by bus.

Balance of Agenda

Regent Helm referenced item H.2. and asked what is being done with respect to this item. Dr. Haysbert said because the administration does not have the information the Board is requesting, which she believes is necessary, she withdrew that item and will bring it back to the
Board. Regent Helm said he believes the Board should authorize the Chairman and members of the Fiscal Affairs Committee to approve this on an interim basis and request ratification from the Board at its next meeting. He said he is aware that Langston is trying to get this accomplished. Dr. Haysbert said she apologizes for not having those figures with her today. Chairman Anthony asked if the Board is comfortable with that recommendation. Dr. Wilson clarified that he will seek the consent of the members of the Fiscal Affairs Committee before interim approval is granted.

Regent Watkins moved and Regent Massey seconded to approve the balance of the Agenda, with the exception of items H.2. and I.2. which were withdrawn, subject to the availability of funds and/or the limitations of the budget. (The Agenda is attached.)

Dr. Donnie Nero, President, and Ms. Sharon Owen, Vice President for Fiscal Services, appeared before the Board of Regents to present the business of Connors State College and review the Agenda for members of the Board. He expressed appreciation to Dr. Hale and his staff for an excellent job in rolling out the blue and gold carpet.

Dr. Nero presented a picture of the Livestock Judging Team. He said these young men and women have been very successful. Connors has a freshman team this year that is very outstanding. These students are being heavily recruited by Oklahoma State University, Kansas State University, Texas A&M University, etc. Dr. Nero reported on the success of the team and its members at various competitions. He said these young men and women will be highlighted when the Regents visit Muskogee in January. Dr. Nero said the Livestock Judging Coach is Brandon Gunn.

Dr. Nero said Connors has hired a few new people this year including a Student Activities Director. He noted this young lady is doing a great job by providing numerous activities for the students. He said when the Regents visit Muskogee in January she will showcase the cheerleaders.

Dr. Nero said last month he reported that the administration has submitted an RFP to the Eastern Workforce Investment Board in Muskogee, which serves a seven-county region. He said he is pleased to announce that Connors received a grant for $1.9 million, and the College will be the provider of services to dislocated workers, adult workers, and the youth within this area. A Director has been appointed to be in charge of that effort. He said Connors is working with Legal Counsel on the contract, and he will come back to the Board with a recommendation to enter into that agreement in the near future.

With respect to the institutional budget, Dr. Nero said the State institutions have received a 5 percent decrease the last three months, which equates to approximately $30,000 for Connors each month. He said the administration is having discussions to get a plan in place to address future reductions. He said individuals making $20,000 or less annually will be protected; however, it may be necessary for those who make more than that amount to take furloughs or other cuts.

Dr. Nero said Connors hosted a College Fair on campus and 1,000 students attended from several area high schools. He said Connors has a new recruiter this year who is doing a fantastic job.

Approval to Select a Construction Manager at Risk

Dr. Nero requested Board approval to select a Construction Manager at Risk for the Student Center project for Connors State College on the Northeastern State University Campus in Muskogee, Oklahoma. He said this request was presented to the Fiscal Affairs Committee.
Regent Boettcher reported that the Fiscal Affairs Committee met with the administration of Connors State College concerning approval to select a Construction Manager at Risk for the Student Center project on the campus of Northeastern State University in Muskogee. Following discussion, the Committee acted to recommend Board approval of Oakridge Builders, Inc., Tulsa, Oklahoma, for this project.

Regent Boettcher moved and Regent Hall seconded to select Oakridge Builders, Inc., Tulsa, Oklahoma, as the Construction Manager at Risk for the Student Center project for Connors State College on the Northeastern State University campus in Muskogee, Oklahoma,

Those voting aye: Board Members Burns, Hall, Helm, Lester, Massey, Peach, Watkins, Anthony, and Boettcher. No: None. Abstentions: None. Absent: None. The motion carried.

Approval of Connors State College Student Handbook

Dr. Nero requested Board approval of the revised Connors State College Student Handbook for FY2010. He said the summary of changes to the Student Handbook is included in the Connors Agenda. The Student Handbook has been reviewed and approved by Legal Counsel. He said the changes are very cosmetic. NORTHEASTERN OKLAHOMA A&M COLLEGE, MIAMI, OKLAHOMA

Dr. Jeff Hale, President, appeared before the Board of Regents to present the business of Northeastern Oklahoma A&M College and review the Agenda for members of the Board. He said it is always a great privilege to have the Regents on campus.

He said the Carter House Dedication and the Presidential Garden Dedication would not have happened without the Board’s support. He said he understands the Regents are very busy and have a lot of work to do when they conduct their meetings, and he expressed appreciation to the Regents for allowing NEO the time to host the dedications.

Dr. Hale introduced Christen Stark, Director of Public Information. He said she is a one-person operation and does a great job for NEO. Dr. Hale referenced the monthly newsletter that she publishes. He referenced the page depicting the individuals who received Outstanding Alum awards from the various schools of NEO. He also referenced the pages pertaining to NEO’s Homecoming activities. He noted the stands were full with about 3,000 in attendance.

In connection with Homecoming, Dr. Hale reported that the 1969 football team was highlighted, and 31 members of that team were able to attend a reunion in their honor. This team was the first undefeated national championship team in the history of the College. Dr. Hale said Chuck Bowman, the head coach of that team, had earlier presented him with the game ball of the championship game. That ball was brought into the game by a parachutist and was presented to the 1969 team, and the National Championship Plaza was unveiled at the stadium. Dr. Hale said a member of that team collected several pictures and videotape from the 1969 season as well as footage from the championship game and produced a 25-minute film that was premiered at the banquet.

Dr. Hale provided an update regarding the Presidential Partners, which is the initiative NEO has undertaken to raise private funds. Receptions were held in Tulsa, Miami, and Grand Lake. To date, 17 members have joined at $1,000 each, and NEO has received commitments from 10 others. The goal is to raise $50,000, and NEO is about one-third of the way in meeting its goal.

Dr. Hale introduced the Faculty Senate President, Pat Creech, and asked her to address the Board. He said Pat Creech is Chair of NEO’s Business Department and is a long-time faculty member on campus. He noted that her husband is the son of former President Dayle Creech. Ms. Creech said on behalf of the NEO faculty she welcomed the Regents to NEO’s beautiful campus. She said the faculty appreciates all the Regents do, and she said the faculty is looking forward to working with the new administration to continue to improve NEO and keep it what everyone knows it to be, which is the best two-year college in America.

With respect to the request to approve a Supplemental Retirement Program, Dr. Hale requested permission to withdraw the request.
Personnel Action

Regent Burns moved and Regent Hall seconded to approve the employment of Mary Bible, Instructor in the Adult Learning Center, to be paid an annual salary of $33,900, effective September 1, 2009.

Those voting aye: Board Members Lester, Massey, Peach, Watkins, Anthony, Boettcher, Burns, Hall, and Helm. No: None. Abstentions: None. Absent: None. The motion carried.

Approval to Authorize President to Execute the Purchase of Real Properties

Dr. Hale referenced the request to permit him to execute the purchase of real properties. He said this item was discussed with members of the Fiscal Affairs Committee at its meeting this morning.

Regent Boettcher reported that the Fiscal Affairs Committee met with the administration of Northeastern Oklahoma A&M College regarding the approval for the College President to execute the purchase of real properties located adjacent to the College. He said President Hale discussed the proposed usage of the properties. The Committee acted to recommend Board approval to proceed with this purchase.

Regent Boettcher moved and Regent Hall seconded to authorize the College President to execute the purchase of real properties, with the final content of the contracts to be approved by Legal Counsel.

Ratification of Interim Approval to Begin Selection Procedures for an Architect and a Construction Manager at Risk for an Athletic Training Facility

Dr. Hale requested that the Board ratify interim approval that was received to begin the selection procedures for an Architect and a Construction Manager at Risk for the Athletic Training Facility project. He said this matter was discussed with members of the Fiscal Affairs Committee.

Regent Boettcher reported that the Fiscal Affairs Committee met with the administration of Northeastern Oklahoma A&M College regarding approval to ratify interim approval to begin the selection procedure for an Architect and a Construction Manager at Risk to assist NEO in the programming, design, and construction of the Athletic Training Facility and to waive the conceptual drawing portion of the selection process. He said President Hale explained the need to accelerate the process in order to lessen the disruption of the fields used during the next
football season. He also provided detailed information about the project. The Committee acted to recommend Board approval of the administrative recommendation.

Regent Boettcher moved and Regent Burns seconded to ratify interim approval granted by the Executive Secretary to begin the selection procedures for an Architect and a Construction Manager at Risk for the Athletic Training Facility project and to waive the conceptual drawing portion of the selection process.

Balance of Agenda

Regent Peach moved and Regent Watkins seconded to approve the balance of the Agenda with the exception of Item C-1., which was withdrawn, subject to the availability of funds and/or the limitations of the budget. (The Agenda is attached.)

Those voting aye: Board Members Watkins, Anthony, Boettcher, Burns, Hall, Helm, Lester, Massey, and Peach. No: None. Abstentions: None. Absent: None. The motion was approved.

Out-of-State Travel

Dr. Hale referenced the out-of-state travel summary. He noted that last year NEO spent $2,000, and this year NEO has spent $5,000. He said all of that can be attributed to one trip. In June the Board approved the purchase of an enrollment management software program called Recruitment Plus. NEO sent four staff people to Virginia to get trained, and that reflects the entire cost increase.

Chairman Anthony said the Board appreciates the coordination of the dedication of the presidential house and the naming of the Presidential Garden. He said these were very nice gestures, and the Regents appreciate being included in those activities. Dr. Hale said those who were recognized the past two days are very deserving people.

The business of Northeastern Oklahoma A&M College being concluded, Dr. Hale was then excused from the meeting.

PART I - NEW CONSTRUCTION OR RENOVATION OF FACILITIES

1. Ratification of Interim Approval to Begin Selection Procedures for an Architect and a Construction Manager at Risk for an Athletic Training Facility (Cont’d)

Board approval is requested to ratify interim approval granted on October 1, 2009, to authorize Physical Plant Architectural & Engineering Services to begin the selection procedure for an architect and a construction manager at risk to assist Northeastern Oklahoma A&M College in the programming, design, and construction of the Athletic Training Facility and to waive the conceptual drawing portion of the selection process.

The Athletic Training Facility will consist of approximately 8,000 square feet in a new two-story construction to include locker rooms, weight training, equipment room, hydro therapy, and team showers/restrooms on the first floor and shelled second floor for future coaches’ offices, team meeting rooms, and a conference room. The facility will be placed atop a structural fill building pad that extends above the flood plain of Tar Creek. Design and construction shall meet the intent of the minimum requirements of LEED and Energy Star.

Project and construction management, inspection services, and design of the site work to meet the requirements of Chapter 55 of the Oklahoma Water Resources Board to permit the project within the existing flood plain, will be provided by Physical Plant Architectural & Engineering Services.

A recommendation for the selection of the architect and the construction manager at risk will be presented to the Board at a future meeting.

FUNDING NEEDS AND SOURCE IDENTIFIED:

- $800,000 ODFA Master Real Lease 2007A
- $750,000 Flood Settlement Proceeds
- $150,000 Private Funds

JUSTIFICATION/BACKGROUND INFORMATION:

Interim approval was sought to meet the construction schedule to have the building enclosed by the start of the 2010 football season, so as not to disrupt the field’s usage during the next football season.

The Athletic Training Facility will replace the existing small Field House which is located within the flood plain of Tar Creek and has been flooded many times; it was flooded with over 36 inches of Class III flood water during the last flood event. In addition, the existing Field House was designed for a much smaller football and track program with different fitness and training needs. The new Athletic Training Facility will accommodate the needs of the current football and track program and will meet the need to provide an athletic training facility comparable to institutions of similar size to that of Northeastern Oklahoma A&M College.

Public Comments

Chairman Anthony announced that 15 minutes would be provided for the public to make comments to the Board of Regents, and he asked if there were any members of the public who would like to address the Board at this time. There being none, the Board continued with its business.
Chairman Anthony called upon the following Committee Chairs to give Committee reports.

**Academic Affairs, Policy and Personnel Committee – Regent Greg Massey**

(All business discussed by the Academic Affairs, Policy and Personnel Committee was presented during the business of Oklahoma State University.)

**Fiscal Affairs Committee – Regent Fred Boettcher**

(All business discussed by the Fiscal Affairs Committee was presented during the business of Oklahoma State University, Langston University, Connors State College, and Northeastern Oklahoma A&M College.)

**Planning and Budgets Committee - Regent Jay Helm – No report.**

**Approval of Presidential Assessment**

Dr. Wilson said in order to bring closure to the annual presidential evaluation/assessment process, he recommended that the Board establish as a part of the confidential personnel file the compilation of the Board's comments which were solicited by a questionnaire and a summary of the Board session at which the presidents presented a self assessment. He said the presidents have seen the compilation and summary.

Dr. Wilson recommended that the Board authorize the establishment of a confidential personnel file pending any additional contact from the presidents, which includes the compilation from the questionnaire and the summary of the session with each of the presidents.

Regent Hall moved and Regent Helm seconded to authorize the establishment of a confidential personnel file, pending any additional contact from the presidents.

Those voting aye: Board Members Anthony, Boettcher, Burns, Hall, Helm, Lester, Massey, Peach, and Watkins. No: None. Abstentions: None. Absent: None. The motion carried.
Mr. Drake said he has one item with respect to the wind energy project at Langston University, and he deferred to Regent Burns.

Regent Burns said the Regents will recall that at the last Board meeting approval was granted for Langston to enter into an agreement with Green Breeze Energy for a wind energy development project. The motion approving that was conditioned upon Green Breeze Energy simultaneously funding an amount equal to any grant funds expended by Langston. In an effort to move forward and get the agreement documented, the funding process was investigated further and it has become apparent that the grant funding from the federal government is actually by way of reimbursement. The outcome of it being that Green Breeze is actually going to have to pay money first and then get reimbursed from the grant money. This would be directly contradictory to the approval that was granted, and this matter needs to come before the Board again. Basically, the language that has been proposed by Green Breeze, or at least the concept it has proposed, is that it would pay the expenses first and then get reimbursed from the grant money and that its additional expenditures after that point be made in accordance with the schedule attached to the agreement. Regent Burns said it does not make it simultaneous, but is reasonably close. The result is that within a period of months the funding levels are equal. Regent Burns said Green Breeze is requesting that the grant funds be applied to the initial evaluation phase inasmuch as that is all the grant funds can be spent on in order that Green Breeze’s funds can be spent more on capital goods and other items on which the grant money specifically cannot be spent. Consequently, Regent Burns said he believes it is a reasonable request of Green Breeze.

Regent Burns moved that the matter be approved with the condition that Green Breeze Energy commits the funding of the development phase of the Boise City wind project to a level at least equal to the grant funding delivered by Langston and consistent with the timing shown on Schedule A to that agreement or as otherwise assigned by the NewCo Board of Directors, which is 50 percent composed of Langston representatives. Regent Boettcher seconded the motion.

Regent Burns said that one provision is the only thing that prevents Langston from moving forward. Green Breeze is under some urgency to get its documents inasmuch as until it is signed it cannot get the funding process finalized through the federal government.

Mr. Drake clarified that this would only pertain to item No. 10. Regent Burns said it pertains to the entire deal. The Board has already approved it but has now gotten all the language worked out. The only change would be to item No. 10.

Those voting aye: Board Members Boettcher, Burns, Hall, Helm, Lester, Massey, Peach, Watkins, and Anthony. No: None. Abstentions: None. Absent: None. The motion carried.

Adjournment

At approximately 11:35 a.m., Regent Helm moved and Regent Boettcher seconded that the meeting be adjourned.

Those voting aye: Board Members Hall, Helm, Lester, Massey, Peach, Watkins, Anthony, Boettcher, and Burns. No: None. Abstentions: None. Absent: None. The motion was approved.
