January 25, 2013

OKLAHOMA PANHANDLE STATE UNIVERSITY, GOODWELL, OKLAHOMA

Dr. David Bryant, President, and Mr. Larry Peters, Vice President for Fiscal Affairs, appeared before the Board of Regents to present the business of Oklahoma Panhandle State University and review the Agenda for members of the Board.

Dr. Bryant expressed appreciation to President Bill Path, his wife, Deb, and his staff for the outstanding hospitality. He said the dinner and program last evening were about as good as it gets. It was very enjoyable.

Dr. Bryant reported that fall enrollment was down 6 percent over the prior year, and the spring enrollment is also down approximately 6 percent. OPSU will soon have the exact numbers and will report the preliminary spring enrollment numbers to the Oklahoma State Regents for Higher Education by January 30. With respect to the 6 percent decline in enrollment, Regent Helm asked to what this is attributed. Dr. Bryant said there are two contributing factors. The first is that this is the second consecutive year OPSU has had an unusually high December graduation rate. Usually, the number of December graduates is 40-50 students; however, this year OPSU had 83 students who graduated in December. The second reason is that OPSU has 40 fewer student athletes continuing from fall to spring. Those two factors account for 100 or more students, and that really makes a difference.

Dr. Bryant further reported that OPSU recently finished the Sewer Lagoon Expansion Project and the Noble Center Pool Renovation Project.

Dr. Bryant said OPSU plans to move ahead on refinancing the OPSU Student Housing, LLC, using Master Lease financing. He said approval has been received from the OSU/A&M Board of Regents, the Oklahoma State Regents for Higher Education, and the Oklahoma Legislature. The University has been waiting for the right opportunity to move forward. The next step will be approval by the Council of Bond Oversight, and OPSU is on the agenda for the January 31, 2013, meeting for consideration.

Dr. Bryant provided an update on the 61st annual OPSU Bull Test. The test will be completed January 26, 2013, and the top 70 head will sell in the 61st Annual Performance Test Sale on February 18, 2013. He said this is the longest, continuous running beef bull performance test in the United States.

Dr. Bryant also reported that the Panhandle State Foundation inducted Guymon attorney David Petty and his wife, Sharon, and the Farmer’s Elevator, Inc., of Goodwell into the Distinguished Contributor Honor Roll.

Personnel Action

Regent Davis moved and Regent Hall seconded to approve the personnel action regarding the request to change the salary of Dr. Jerry Martin as listed in the OPSU Agenda.

Those voting yea: Board Members Anthony, Burns, Davis, Hall, Helm, Lester, Link, Reese, and Watkins. No: None. Abstentions: None. Absent: None. The motion carried.

The business of Oklahoma Panhandle State University being concluded, Dr. Bryant and Mr. Peters were then excused from the meeting.

2012 in Review

- The 60th Annual Oklahoma Panhandle State University Performance Tested bull sale was held February 20, 2012. Sixty-eight bulls brought $172,825.00 for an average of $2541.00.

- Tri-County Electric Cooperative continues their support of OPSU through an annual $5,000 donation that is used for academic programs. In addition, the local business contributes to Aggie Athletics and provides funding for OPSU’s Community Service Learning program.

- Panhandle State Foundation received a $30,000 grant from the Harold M. and Vera Corbin Hefley Charitable Foundation. The Hefley equipment grant will be used to purchase equipment for the OPSU biology department.

- The rodeo team increased their sales from last year by raising approximately $18,000 at their annual Top Hand Auction held in February. Joe and Nina Webb of Guymon were named the 2012 Top Hands.

- OPSU’s 12th annual Paul Farrell Memorial Art Auction was held at Pickle Creek Event Center in Guymon and over 200 people attended. The auction topped last year’s sales with over $17,000 raised to benefit the OPSU Art Department and Images Art Club.

- The Panhandle State Foundation Distinguished Contributors for 2012 were recognized at the annual donor appreciation banquet in November. Thank you to David and Sharon Petty and the Farmers Elevator Inc. for their continued support of OPSU.

- In conjunction with programs across the nation, OPSU’s Teacher Education Program will implement higher restrictions on their students this spring by requiring current background checks for all students who will be entering a public school.

- The Seaboard Foods and OPSU Partnership was recognized through the Oklahoma State Regents for Higher Education’s Economic Development Grant. The Partnership Recognition Program provides tuition waivers, internships, faculty externships and enhancements such as additional equipment, materials and supplies.

- The Upward Bound program received an increase in funding thanks to the effort of Teri Mora. The new $1,309,000 grant will help support 63 area high school students over the next five years, an increase from the 50 students it served in the past. This year 39 students enrolled in the Texas County Upward Bound program at OPSU and completed the 2012 Summer Program.

- In February, OPSU's RN-to-BSN program faculty and staff members hosted a team of evaluators from the National League for Nursing Accrediting Commission (NLNAC). The team found the program to be in compliance and recommended the maximum 8-year reaccreditation to the NLNAC Board of Review and Board of Commissioners.

- OPSU's chapter of the Student Oklahoma Education Association (SOEA) received a grant in January from the National Education Association. SOEA members and their advisor, Jerry Mihelic, wrote the grant to help fund projects at Goodwell Public School. SOEA was also recognized as Outstanding Chapter of the Year for the 2011-2012 year at the annual Spring Convention held in March. In addition to that honor, the chapter also has two state officers for the 2012-13 school year: Tori Janzen and Selma Belts.

- The OPSU Programming Team represented their school well at the 2012 Association of Technology Professionals National Contest held in March. Jonathan Faulkner earned first place in the PC Troubleshooting competition, Klay Kuban, Kim Tuttle and Zane Green won Honorable Mentions, and advisor Diane Murphy claimed the AITP Faculty "Extra Mile" award.

- Kimberly Tuttle was presented with this year’s J.R.P. Sewell Award at the May commencement ceremony. Kim earned a bachelor of business administration degree in business administration and a bachelor of business administration degree in computer information systems with minors in computer graphics and business administration.
The Clock Tower/Carillon was restored this year thanks to the Companions of the Carillons. The chimes and music can be heard ringing throughout campus once again.

In accordance with Gov. Mary Fallin’s Executive Order 2012-01, OPSU banned all tobacco use throughout the campus and all auxiliary property. While warnings were issued in the fall, tickets, similar to campus parking citations, will be issued beginning in the spring for flagrant violations.

Ten OPSU School of Education graduates achieved National Board Certification: Betty Kincannon, Patricia Ramsey, Alice Marie Pool, Zachary McIntyre, Melissa Watson, Glenda Friesen, Rhonda Gilmore, Linda Oliver, Leta Roberts, and Danna Nelson.

In the world of Aggie athletics, Wayne Stewart was named Athletic Director and Laura Nelson took over as Sports Information Director. New head coaches include Russell Gaskamp, football, Meghan Mulcahy, softball, and Charles Terry, women’s basketball.

The OPSU Student Athletes of the Year for 2011-2012 were Breanna Drayer and Jose Mendoza. Drayer competed in volleyball and Mendoza was a member of the Aggie football team. These student athletes represented the Aggies well in their sports as well as in the classroom.

OPSU Rodeo had four student athletes who qualified for the championship round at the 2012 College National Finals. Kaylee Moyer, Weston Taylor, Wyatt Gregg and Justin Hegwer all left the arena in the top ten in the aggregate scoring.

The men’s rodeo team finished the fall season ranked number one in the Central Plains Region.

Aggie athletics shined outside of their sports arenas by taking part in community service and charitable fundraisers. Aggie Football joined with Victory United Methodist Church in Guymon one Saturday each month in the fall to help clean up and repair houses of homebound members. The football team also helped paint Goodwell HS stadium and assisted Panhandle Centenary UMC in the town cleanup day prior to homecoming. The volleyball team held their annual Pink game event and sold pink cookies and t-shirts to raise money for breast cancer awareness. The team raised over $550 for the cause. Aggie Volleyball also took time off the court to read to local school children and the 2011-2012 team also earned the prestigious American Volleyball Coaches Association Team Academic award for the third consecutive year. OPSU’s Baseball team joined in the fundraising efforts to support breast cancer research by holding their 2nd annual Pink Ribbon Run which brought in $1,500. Men’s and Women’s basketball continued their long tradition of helping at the annual Golden Senior Olympics held in September. In addition, the 2011-2012 OPSU women’s basketball team led the entire nation in National Collegiate Athletic Association’s (NCAA) Division II three-point scoring.

Jim Holder, a member of the 2011 OPSU Aggie Hall of Fame class, was nationally recognized posthumously for his contributions to Aggie football as he was inducted into the College Football Hall of Fame in July.

The OPSU Guymon Classroom continued its supporting role by offering the Emergency Medical Technology and the Fire Protection Service Technology programs. They also teamed up with local businesses, agencies and organizations to provide cost-effective ways to train employees and offer continuing education credits. The Council on Law Enforcement and Education (CLEET) continuing education courses are one example of this collaboration.

OPSU student Katy Doke and her horse Mr Chics Dig It made OPSU history, winning a title for OPSU at a national show. Doke won the National Versatility Ranch Horse Association (NVRHA) Intermediate Division title in Sept. in Colorado Springs, Colo. Also, OPSU Sparklin Gin, a 2-year-old filly bred and raised by Channing Hawks and OPSU students, was named the 2012 2-Year-Old Snaffle Bit Futurity Champion at the Kansas State Fair. LANGSTON UNIVERSITY, LANGSTON, OKLAHOMA

Dr. Kent Smith, President; Mrs. Angela Watson, Vice President for Administrative and Fiscal Affairs; and Dr. Clyde Montgomery, Vice President for Academic Affairs, appeared before the Board of Regents to present the business of Langston University and review the Agenda for members of the Board.

Dr. Smith said he would like to thank Dr. Path for the wonderful dinner last evening.

Changes to Academic Service Fees

Dr. Smith requested permission to eliminate two fees. He said these requests were recommended to him by a group called the Budget Planning Council. This is a new group on campus that the Vice President for Administrative and Fiscal Affairs and the Executive Director of Enrollment Management co-chair, and includes faculty, staff, and students who review the budget and make budget recommendations.

He said the first request involves the deletion of the undergraduate application fee of $25 per application. It is believed that deleting this fee will help increase the number of applications that Langston University receives, particularly for undergraduate education. This would help to eliminate a possible barrier that some young people would have to even apply to Langston University. Dr. Smith said at some point in the future he will request approval to implement an enrollment fee where a student would pay a fee upon being accepted to Langston University and going through the enrollment process.

Upon research, Dr. Smith said it was determined that Langston is one of few institutions in the State that still charges a transcript fee. Most institutions are now charging such a fee through an academic fee, and at some point Langston will request such a fee. It is believed this will help Langston be more student friendly as well as alumni friendly.

Regent Burns noted that Langston will offer a maximum of five official transcripts per day. He asked if that is per student per day. Dr. Smith said this is correct as well as for alumni. He said that was his initial question, and that is why he went back to the committee. Research has shown, however, that people generally do not need that many transcripts unless they are applying for graduate school. Langston gets very few requests for many transcripts. This is in line with what peer institutions are doing.

Regent Hall moved and Regent Anthony seconded to eliminate the undergraduate application fee of $25 per application and the transcript fee of $2 per official transcript as presented.

Personnel Actions

Regent Reese moved and Regent Helm seconded to approve personnel actions Nos. 5-13 as listed in the Langston Agenda.

Agreement with Royall & Company

Dr. Smith requested Board approval to enter into an agreement with Royall & Company for recruitment and enrollment management. This would provide Langston with the opportunity to work with a company that would provide direct marketing and recruitment on behalf of the University. Currently, Langston University does not have its own on-line application process. It has been using an application that will no longer be available in 90 days. This means that if Langston does not outsource this service that the University would not only not have a direct marketing or recruitment effort, but it would not have the opportunity to provide an on-line application for prospective students.

Dr. Smith said this also provides Langston the opportunity to have students who wish to do so to apply to Langston University by way of their Smartphone. The other critical piece is that this company will develop recruiting materials and will also help in the recruitment of parents. Most institutions today are having conversations not only with potential students but with the parents, as well. Dr. Smith said he is familiar with this company because of the work it did at his previous institution, and he noted that the relationship was very successful. He also noted that this is the only company of which he is aware that has done a large amount of business with Historically Black Colleges and Universities. He requested Board approval to begin the process of solidifying a contract with Royall & Company. From the moment of approval, it will take approximately four to six weeks to have the operation go live, which means Langston is already behind in the recruitment process.

Regent Hall moved and Regent Reese seconded to authorize Langston University to enter into an agreement with Royall & Company as presented.

Regent Davis said he saw the PowerPoint presentation regarding this matter at the LU-Tulsa and LU-OKC Board of Trustees meeting, and the Trustees unanimously supported the request and recommended to the Board of Regents to move forward with this request. Regent Davis said he puts a lot of trust in President Smith’s past experience with the firm and also with its past history with other Historically Black Colleges and Universities.

Completion of ADA Enhancements

Dr. Smith said in April, 2012, the Board authorized Langston to move forward with some ADA enhancements. At the time it was estimated to cost approximately $80,000. After going through the bid process, the bids came back much higher than anticipated. Because Langston was facing some ADA deadlines, interim approval was requested and received from the Chief Executive Officer. He requested the Board’s ratification of the request. The bids came in ranging anywhere from $118,000 to $179,000, and he requested approval of the bid submitted by Builders Unlimited in the amount of $118,000.

Regent Reese moved and Regent Anthony seconded to ratify interim approval granted by the Chief Executive Officer to complete ADA enhancements and to accept the bid of Builders Unlimited in the amount of $118,000.

Balance of Agenda

Regent Link moved and Regent Reese seconded to approve the balance of the Agenda, subject to the availability of funds and/or the limitations of the budget. (The Agenda is attached.)

Regent Anthony reported that Dr. Smith spoke this past Monday in Stillwater on the celebration of Martin Luther King Day. He said he was not able to be present, but he noted that he has received very good reports on the presentation.

The business of Langston University being concluded, Dr. Smith and members of the Langston administration were then excused from the meeting.

Approval is respectfully requested for Langston University to enter into an agreement with Royall & Company. For more than 20 years, Royall & Company has pioneered new approaches to enrollment management by working one-on-one with universities from across the country, including numerous historically black colleges and universities, to produce measurable results through the development, implementation and analysis of turnkey direct marketing student recruitment campaigns. Royall & Company’s expertise in implementing tested, proven marketing strategies to meet specific institutional goals, such as enrollment growth, diversity, and academic quality fits a special niche in this market.

Royall & Company will provide Langston University with marketing strategies to include recruiting high school seniors, and marketing a custom application to high school seniors of interest and our existing inquiry pool. The custom application marketing campaign will afford Langston University many benefits, including personalized communication with students and parents, mobile-optimized experiences, increased application submissions, strategic direction, informed list service and targeting, full online production, ongoing analysis, recommendations, in-market analysis, comprehensive reporting, a custom web application, access to the SENDedu electronic document transfer platform, and a custom My Royall Command Center, which will provide the ability to view inquiries and applications and to build custom reports.

With retention rates falling nationally over the last two decades, recruiting high-caliber academically prepared students is critical for enrollment success. Retention results from Royall & Company’s Search program: Retention was 5% higher after the freshman year, 7.7% higher after the sophomore year and 11.7% higher after the junior year. Continued long-term growth and increased net tuition revenue result
from strategically investing in recruitment of high school sophomores, juniors and their parents. Doing so builds a steady pipeline of prequalified inquires to complement the University's high school recruitment strategies, at an estimated cost of $152,980.00. Funds are available in accounts 121006 and Reserves. This request is pending the approval of Legal Counsel.

I. NEW CONSTRUCTION OR RENOVATION OF FACILITIES:

1. RATIFICATION OF INTERIM APPROVAL

Interim Board Approval was requested, and granted by Mr. Jason Ramsey on December 19, 2012. In the April 2012 A&M Board Agenda, permission was requested and approved to complete said ADA enhancements at a rough estimate of $80,000. However, after completion of subsequent final design and specifications, and public bidding in compliance with Oklahoma Statutes Title 61, bids were received at the OSU-Purchasing office on November 29, 2012 at 3:00 p. m. This date was after the permissible deadline for inclusion in the November 2012 Board Agenda.

Bids received to complete said project were as follows; 1) Builders Unlimited - $118,000, 2) Jenco Construction - $143,000, 3) Diversified Construction - $179,000. The low bid of $118,000 represents a 48% increase over original rough estimate. The current Board policy only allows for a 15% increase without additional Board approval.

In view of the Board's policy, permission is respectfully requested to accept the recently received low public bid of $118,000 to complete the first phase of the OCR-ADA Compliance order. Funding for this project is available in Section 13/New College funding.

NORTHEASTERN OKLAHOMA A&M COLLEGE, MIAMI, OKLAHOMA

Dr. Jeff Hale, President; Mr. Mark Rasor, Vice President for Fiscal Affairs; and Ms. Shannon Cunningham, Assistant Vice President for Academic Affairs, appeared before the Board of Regents to present the business of Northeastern Oklahoma A&M College and review the Agenda for members of the Board.

Dr. Hale said he was unable to attend the dinner last evening, but he said he has heard that the dinner was amazing, as always.

Dr. Hale referenced the *NEO Update*, which leads with the story of NEO exceeding its target for Complete College America, which is the most comprehensive and ambitious higher education initiative ever undertaken by the State of Oklahoma. He is pleased to report that last year NEO exceeded its goal by producing 451 students earning associate degrees and certificates. That is the largest number of graduates NEO has had since 1991. In addition, the *Update* highlights the Physical Therapy Assistant Program being awarded a ten-year accreditation through the Commission on Accreditation in Physical Therapy Education; NEO student, Abby Hendrickson, being selected to attend the 16th Annual George and Donna Nigh Leadership Scholarship Academy; Melanie Terneus being selected as the Grove Center Administrative Coordinator; NEO hosting its annual junior/senior day on February 7, 2013, in which 800-900 high school juniors and seniors will attend; and updates on some of the student organizations of NEO.

**Major Gifts to the NEO A&M College Development Foundation**

Dr. Hale said it was an amazing December for the Foundation. He noted that Cinch Connectors, Inc., donated property to the NEO Foundation, which appraises at $1.25 million. He said the NEO A&M College Development Foundation took possession of the quit claim deed in late December. Dr. Hale said there are a lot of officials in the City of Vinita who had preferred that facility had gone to the City versus the College, and he said he believes it would be good to have the Chairman of the Board, along with NEO’s Foundation Board Chairman, State Senators and Representatives, and the Mayor of Vinita come to a meeting and talk about the aspects of this project and how the College and Foundation want to be a good community partner.

Regent Anthony noted that there will be some costs associated with maintaining the facility, and he asked if an estimated cost is known. Dr. Hale said the administration is getting that information together by obtaining insurance quotes because it is believed that will be the big cost since there will not be any operational activities at the facility. There will be some small energy costs just to keep the facility heated and cooled, and there may be some security costs involved. It is believed it will be relatively minimal, and the administration is working on putting those costs together. Mr. Rasor said Steve Grimes is working on a projection for utilities just to keep things from freezing during the winter. He said NEO will probably ask Legal Counsel to prepare a lease so that the College can lease the facility from the Foundation and put it under Risk Management for insurance so it would have a minimal impact with respect to insurance.
Regent Helm asked with the facility being donated to the Foundation if it will be tax exempt with respect to real estate taxes. Dr. Hale responded affirmatively. Regent Anthony asked if the Foundation will underwrite the cost of maintenance. He said these costs add up, especially if it runs six months to a year or two years. Dr. Hale said a shared plan has been discussed with the Foundation. He said the 20,000 square feet of warehouse space is a desirable asset, and it has been reported to the administration that on average the warehouse space with docking capacity could be leased anywhere from $3 to $5 per square foot. One of the early initial goals would be to lease that warehouse so that it can generate an income stream on an annual basis to cover any kind of minimal costs of insurance and utilities. Regent Hall asked how much land is involved, and Dr. Hale said it is approximately 13 acres.

Regent Helm said he believed it will cost $3 to $4 per square foot to maintain the vacant facility keeping it heated and cooled to a minimal level. He said the administration needs to address from where these funds will come. Regent Anthony asked if NEO will have any restrictions if it chooses to sell the facility. Dr. Hale said there are no restrictions. The only request from the Cinch Corporation was that if at some point NEO did choose to open a facility there that NEO consider incorporating its name somehow.

Dr. Hale said other major gifts to the NEO A&M College Development Foundation include an estate gift in the amount of $153,919 from Charlein O. Fribley, the receipt of six acres of land located directly northeast of campus from Curtis and Ellen Jurgensmeyer, and a pledge of $300,000 from the Crossland Construction Company to support the new Multipurpose Athletic Center. Dr. Hale also noted that good friends of Regent Anthony, Willie and Jane Osborn, came to campus this past week and donated $15,000.

Red Robertson Event Center Project Update

Dr. Hale presented campaign brochures that are being circulated around the City of Miami for the February 12, 2013, vote. Ads are running a few times in the Miami News Record for the project. He said the Trust Authority, which was created through the trust indenture to be able to manage the project, was formed in December, 2012, and he presented the latest agenda of the meeting of the Miami Community Facilities Authority that was held about a week ago. NEO is moving forward as if there will be an affirmative vote to try to get prepared to deliver Phase I of that project by August, 2013. Regent Burns asked if there is any organized opposition, and Dr. Hale said none at this point in time. He said the citizens group that was formed has done a really good job and has about 25 different public presentations that are scheduled. The message has been that this is good for the school district, great for the College, a boon for economic development, and a proudufl thing that will help this community turn the corner. He said this is an $11 million project.
High School Invitational Basketball Tournament

Dr. Hale reported that NEO is currently hosting its 68th annual High School Invitational Basketball Tournament on campus. He said 48 teams from four different states tipped off yesterday to begin the tournament.

Request for Academic Service Fees Changes

Dr. Hale presented the proposed new academic course fees, effective with the 2013 fall semester. He said this was presented to the Academic Affairs, Policy and Personnel Committee at its meeting this morning. NEO has a relatively short list of academic service fees. Dr. Hale said NEO’s tuition and fee revenue for last year totaled about $7.5 million, and its academic service fees total approximately $100,000. It is a very small fraction of the amount of tuition and fee revenue that NEO generates from such fees.

Regent Link reported that the Academic Affairs, Policy and Personnel Committee met with the administration of Northeastern Oklahoma A&M College regarding approval of proposed changes to academic service fees. The Committee acted to recommend Board approval of the administrative recommendation as presented.

Regent Link moved and Regent Helm seconded to approve the academic service fees, effective with the 2013 fall semester, as presented.

Personnel Actions

Dr. Hale presented the personnel actions, and he highlighted the appointments of Sherard Poteete as Head Football Coach and the appointment of Matthew Gleason as Controller/Assistant Vice President for Fiscal Affairs.

Regent Anthony moved and Regent Link seconded to approve the personnel actions as presented in the NEO Agenda.

Instructional Programs

Dr. Hale asked Ms. Cunningham to present the curricular requests as listed in the NEO Agenda. Ms. Cunningham presented the requests, which involve a program modification to the Associate in Arts Degree in Music; curricular changes to the one-year Certificate in Childhood Development and the Associate in Arts Degree in Early Childhood Education; and the deletion of the one-year Certificate in Medical Office Assistant.

With respect to the one-year certificates, Regent Helm asked how many students are receiving these certificates and if it is believed that such programs enable NEO to keep those classes full as well as to, hopefully, get these students to continue their education to receive an associate’s degree. Ms. Cunningham said NEO is improving its numbers of those who complete the certificate programs. She said the Certificate of Mastery in Child Development is actually part of a grant program, and that is the reason those early learning guidelines are so important to NEO. NEO does graduate several in that program. In Agriculture, NEO has a two-year certificate program in Equine and Ranch Management, and the hope is that when students complete that 45 hours that they will continue and take the next 15 hours to get an associate degree.

Purchase Requests

Dr. Hale asked Mr. Rasor to present the purchase requests. Mr. Rasor presented the requests involving the purchase of Process Technology equipment in the estimated amount of $104,000; the payment of property and content insurance premiums for FY 2013 to the Office of Management and Enterprise Services in the estimated amount of $110,414.96; and the purchase of a new ID card system in the estimated amount of $150,000.

2013 Real Property Master Lease Potential Project Listing

Dr. Hale said as an information item, he wished to make the Board aware that NEO has two projects it is considering to be included in the Oklahoma State Regents for Higher Education 2013 Real Property Master Lease Program. One project is improvements to Shipley Hall. It is the oldest building on campus; it is the general education classroom building; and it produces more credit hours than any other building on campus. The second project is the Synar Farm campus upgrade project. The administration has not made a final decision whether it will move forward with these projects, but he wanted to make the Board aware of these potential projects.

Balance of Agenda

Regent Helm moved and Regent Hall seconded to approve the balance of the Agenda, subject to the availability of funds and/or the limitations of the budget. (The Agenda is attached.)

The business of Northeastern Oklahoma A&M College being concluded, Dr. Hale and members of his administration were then excused from the meeting.

PART E - INSTRUCTIONAL PROGRAMS

Board approval is requested for the following program modification, curricular changes and program deletions (see Reference Document #1), to be effective fall semester 2013. The requests will be submitted to the Oklahoma State Regents for Higher Education pending approval of the Board.

1. Program Modification

   Associate in Arts degree in Music. Replace current program with new options in Performance (vocal or instrumental or combined), Pre-Music Education, and Music Theatre. We believe the addition of these options will enhance and broaden the opportunities for our students and will aid in the transfer of our students into four year institutions within these majors.

2. Curricular Changes

   a. Associate in Arts Degree in Early Childhood Education. Requesting a modification to our Early Childhood Education program to include 9 core hours of required courses. This change will ensure that students are learning the material needed to be competent in this field.

   b. One Year Certificate in Childhood Development. Requesting a modification of our current Certificate of Mastery in Child Development to delete one course required, Nutrition for Children, and the addition of one required course, Activity Planning. The content covered in Nutrition for Children is currently covered in the nutrition component of Health and Safety of Preschoolers, a required course in the curriculum. The addition of one required course, Activity Planning, will help to ensure that students are covering one of the key objectives of the program in lesson planning.
PART E - INSTRUCTIONAL PROGRAMS

3. Certificate Program Deletion

One Year Certificate in Medical Office Assistant. *Requesting the deletion of this certificate program*. We feel the skills necessary for a career in this field are not attainable through this one year certificate program and courses are offered on a bi-annual basis which means students would need two years to complete this one year certification. The Two Year Certificate in Medical Office Assistant will still be available for students.

4. Reverse Transfer Agreement with Rogers State University

Board approval is requested to enter into an agreement with Rogers State University (RSU), Claremore, Oklahoma, for reverse transfer of academic credit (see Reference Document #2). The purpose of this agreement is to permit former eligible and interested NEO students with a minimum of 45 earned credit hours from NEO to transfer certain course work from RSU back to NEO A&M College to complete requirements for the associate degree. Students will be required to provide written permission to transfer credits from RSU to NEO. This agreement has been reviewed and approved by A&M Board Legal Counsel.

**Music**

Associate in Arts Program Modification: Addition of options

*Program Modification: Replace current program with new options*

Northeastern Oklahoma A&M College requests a modification of this program to add Options in Performance (Vocal or Instrumental or Combined), Pre-Music Education, and Music Theatre. The addition of these options will enhance and broaden the opportunities for our students by giving students more options as they pursue a Music degree. This modification will also aid in the transfer of our students into four-year institutions within these majors.

**Childhood Development**

One-Year Certificate in Childhood Development: Curricular change

*Curricular Change: Deleting one course and addition of one course*

Northeastern Oklahoma A&M College requests a modification of our current Certificate of Mastery in Child Development. The change is precipitated by a revision of the certificate and a comparison of the Early Learning Guidelines courses and requirements. This modification will bring this certificate more in line with those requirements and objectives. The request is to delete one course required, Nutrition for Children, and the addition of one required course, Activity Planning. The content covered in Nutrition for Children is currently covered in the nutrition component of Health and Safety of Preschoolers, a required course in the curriculum. The addition of one required course, Activity Planning, will help to ensure that students are covering one of the key objectives of the program in lesson planning.

**Childhood Education**

Associate in Arts degree in Early Childhood Education: Curricular Change

*Curricular Change: Rearranging and adding courses to the program requirements*

Northeastern Oklahoma A&M College requests a modification to our Early Childhood Education program to include 9 core hours of required courses. This change was precipitated by a review of the program and a comparison of the Early Learning Guidelines courses and objectives. The addition of this core of required course will develop and promote a sound pedagogical base for this degree. This change will ensure that students are learning the material needed to be competent in this field.
Medical Office Assistant

One-Year Certificate in Medical Office Assistant: Program Deletion

Program Deletion: Deleting one-year certificate but keeping two-year certificate

Northeastern Oklahoma A&M College requests the deletion of this certificate program. The skills necessary for a career in this field are not attainable though this one year certification program and courses are offered on a bi-annual basis which means students would need two years to complete this one year certification. The Two-Year Certificate in Medical Office Assistant will still be available for students.

CONNORS STATE COLLEGE, WARNER, OKLAHOMA

Dr. Tim Faltyn, President; Dr. Ron Ramming, Vice President for Academic Affairs and Student Affairs; and Ms. Shirley Twilley, Vice President for Fiscal Services, appeared before the Board of Regents to present the business of Connors State College and review the Agenda for members of the Board.

Dr. Faltyn expressed appreciation to Bill and Deb Path and the staff of OSUIT. He said he and his staff certainly appreciated the hospitality.

Dr. Faltyn reported on enrollment, which reflects that head count enrollment is down 1.67 percent for all campuses, which was anticipated. He reported that Connors has a 115 percent increase in off-campus students due to the increased number of on-line courses being offered in addition to the concerted effort to increase concurrent enrollment. Dr. Faltyn said the largest decrease is reflected at the Warner campus. The new financial aid restrictions seem to be impacting the traditional enrollment the most. He noted that credit hour enrollment is down 2.28 percent, which is approximately 520 credit hours.

Dr. Faltyn referenced the Connors Connection and reviewed the articles for the Board. The articles include Connors hosting its 50th annual Bull Test Sale, which is the second oldest bull test and sale in the state behind OPSU; CSC hosting the 2013 Southeast Region Legislative Luncheon at Pete’s Place in Krebs, Oklahoma, which had the largest turnout in the history of this event; Connors now having full services on all three campuses with respect to enrollment, financial aid, etc.; the continued support from the Kirschner Foundation in providing financial assistance to handicapped students studying at Connors, grants for Summer Academy Camps, as well as assistance to nursing students to purchase textbooks; the candlelight vigil held in honor of student-athlete Anthony Hartfield, Jr.; Connors being featured on OETA with respect to its participation in the Oklahoma Community Anchor Network; Connors being selected as a Certified Healthy Campus earning a Merit certification, which will help open up all kinds of grant opportunities; and the article on Dr. Stuart Woods, who has raised over $1 million in grants and organized a Summer Academy program for the College.

OSRHE Master Real Property Lease Projects Requests

Dr. Faltyn requested Board approval for authorization to take the necessary steps to enter into the OSRHE Master Real Property Lease 2013 Program. He said this request was discussed with members of the Fiscal Affairs Committee. He referenced the proposed letter that would be sent to Chancellor Glen Johnson that Connors be allowed to send the appropriate documents to the State Regents as well as requesting permission to participate in the Master Real Property Lease Program. The projects include the renovation of the A. D. Stone Student Union Building on the Warner Campus in the estimated amount of $5,500,000 and the construction of the Nursing/Allied Health Facility at the Three Rivers Port Campus in Muskogee in the estimated amount of $8,000,000.
Regent Davis said the Fiscal Affairs Committee met with the administration of Connors State College regarding approval of actions required to submit potential projects and documents to the Oklahoma State Regents for Higher Education for submission to the Master Real Property Lease 2013 Program and to purchase items in accordance with purchasing policy and procedures, pending receipt of Master Real Property Lease funding. The Committee acted to recommend approval of the administrative recommendation.

Regent Davis moved and Regent Helm seconded to authorize Connors State College to submit potential projects to the Oklahoma State Regents for Higher Education (OSRHE) for inclusion in the Master Real Property Lease 2013 Program; to submit the appropriate documents to the OSRHE upon request to fund these projects through the Master Real Property Lease Program; and to purchase the Master Real Property Lease Program items in accordance with purchasing policy and procedures, pending receipt of Master Real Property Lease funding.

Healthcare Services, Reimbursement and Business Associate Agreements with Stigler Health and Wellness Center, Inc.

Dr. Faltyn requested Board approval to enter into agreements with Stigler Health and Wellness Center, Inc. (SHWC), in connection with providing healthcare services for students, employees, and patrons of Connors State College. The proposed agreements, along with a handout distributed by the administration, are included as a part of the Connors Agenda, which is attached.

Dr. Faltyn noted that Dr. Maurice Payne, the doctor who held office hours on the Connors campus for the last 20 years, passed away a few months ago. This is a solution to replace his services. The current arrangement was that the CSC Health Services Office was staffed by a part-time LPN for 30 hours per week, and until the end of September, 2012, Dr. Payne was available on campus on Tuesdays from 10:00 a.m. – 1:00 p.m. The proposed agreement would provide for the Health Services Office to be open five days a week at the Warner Campus while classes are in session and be staffed by a Physician’s Assistant from Stigler one day per week. The handout includes the budget information for years FY10 through FY12. Dr. Faltyn said this does not involve many students. Connors has approximately 600 students on the Warner campus for the spring semester, and last year a total of 141 students, 11 faculty, and 42 staff visited the Health Services Office. He said the individual’s insurance will cover the cost of the visit, and if an individual does not have insurance, the College will charge a $15 co-pay. Dr. Faltyn said his understanding is that Stigler will be reimbursed through some other type of insurance agreement.
Dr. Faltyn said what is being reflected in the handout is that if Connors does not spend $10,000 per year for a physician once a week that it would be able to cover the cost of the co-pays for individuals who do not have health insurance. Based on last year, 54 of the 194 individuals who visited the center did not have health insurance. Dr. Faltyn said this is a fairly complex request, and he would be glad to have Dr. Ramming answer any questions.

Regent Anthony said he is certainly supportive of the intent, but when he reviewed the agreement he had some concerns. One concern is that the agreement states that, “the purpose of this contract is to provide comprehensive health services.” He said comprehensive health services are not just office visits and could include lab work, testing, X-rays, MRIs, etc. He said he knows Connors is not in the position to provide these services; however, when the agreement states that Connors is responsible for the billing of uninsured individuals, it is a concern to him. Also, the agreement does not address the liability issue. Regent Anthony said he is concerned about there being large expenses involved with other services. He said he believes the language needs to be changed. Dr. Faltyn said he is certainly open to that. He said the agreement specifically covers physical office visits and mental health counseling, and Regent Anthony said the agreement really does not state that.

Dr. Faltyn said the way it was explained to him is that “comprehensive health services” was included in the agreement because SHWC has the capability of providing these services. He said he would be glad to change that language. Dr. Ramming said the agreement is that Connors would be out a maximum of $15 for any individual for office visits. SHWC has all of the services available. It is a federally qualified health care center and is able to work with patients whether they have insurance or not. Regent Anthony said this is the intent; however, in reading the agreement if an individual incurs substantial charges, he does not see any language that specifically states the responsibility of the College is just for office visits and mental health counseling. Dr. Faltyn said the agreement was reviewed and approved by Legal Counsel, and Dr. Ramming said these questions were not asked specifically. Dr. Faltyn said these questions can be asked, and the agreement can be changed accordingly.

Chairman Lester asked Dr. Faltyn if he is ready to move forward with this request. Dr. Faltyn said he would have Legal Counsel review that particular statement about comprehensive health services and is ready to move forward, or, if the Board would prefer, he will bring the request back to the Board at its next meeting.

Regent Anthony moved that the Board approve the request to enter into agreements with Stigler Health and Wellness Center, Inc., with the specific admonition that the term “comprehensive health care” be modified and some language specifically delineated regarding the cost responsibilities of the school, subject to Legal Counsel’s approval. Regent Hall seconded the motion.

Purchase of ID Card System

Dr. Faltyn requested approval to increase the previously approved purchase order amount of $126,000 to $146,000 for an ID card system. He said NEO Vice President Rasor was correct when he anticipated NEO’s new ID system would cost about $150,000. Connors has just gone through that process.

Regent Helm suggested that NEO and Connors work together regarding the purchase of the ID card system because the schools may be able to get a better deal by working together. He said the institutions may have different needs so it may not be possible, but he asked that this be considered. Dr. Faltyn indicated they would work on this together.

Approval of Academic Service Fees

Dr. Faltyn requested Board approval to implement or increase the academic service fees as outlined in the Connors Agenda. He said this request was discussed with members of the Academic Affairs, Policy and Personnel Committee.

NEO/Connors Judging Team Competition

Regent Link said he would like to host a rematch of the NEO/Connors judging team competition. He said he would make his facilities available as he did last year and will select a date that is convenient to both institutions. Dr. Faltyn said he is honored that Regent Link is again willing to host this event.

The business of Connors State College being concluded, Dr. Faltyn and members of the Connors administration were then excused from the meeting.

***Note: Spring Break should be scheduled for the week that encompasses the third Wednesday in March***
President Burns Hargis appeared before the Board of Regents to present the business of Oklahoma State University and review the Agenda for members of the Board.

President Hargis expressed appreciation to Dr. Bill Path and his wife, Debbie, for their hospitality, as well as to Chef Rene Jungo for the wonderful dinner. He also expressed appreciation to Roy Achemire for his presentation regarding the natural gas compression program.

President Hargis said OSU is off to a good start for the spring semester. The official installation of OSU’s new Phi Beta Kappa chapter was held on January 17. It was a great event with several Phi Beta Kappa leaders from around the country attending along with John Churchill, who is the national Secretary of Phi Beta Kappa. Chairman Lester said his understanding is that there were some new members of Phi Beta Kappa from Oklahoma State University. President Hargis clarified that they are honorary members and include himself in addition to Gary Clark and Bob Graalman.

Adoption of Memorial Resolution

President Hargis presented a Memorial Resolution for Wilton T. Anderson, Jr., Head and Professor, School of Accounting, Spears School of Business. He said Dr. Anderson was very special to Oklahoma State University and to him, personally. He said Dr. Anderson was very significant to OSU and led the School of Accounting with passion and enthusiasm that made it one of the top schools in the country. President Hargis requested the adoption of the Memorial Resolution honoring Wilton T. Anderson, Jr. (The Memorial Resolution for Dr. Anderson is attached to OSU’s portion of the minutes as ATTACHMENT A and considered a part of these minutes.)

Regent Anthony moved and Regent Link seconded to adopt the Memorial Resolution for Wilton T. Anderson, Jr., Head and Professor, School of Accounting, Spears School of Business.

Ratification of Interim Approval Regarding Service of Alcohol at OSU-Oklahoma City and Authorization to Modify Board Rule 30:10-3-1

President Hargis reported that item C-1 has two parts. The first part involves the request to ratify interim approval granted by the Chief Executive Officer to authorize OSU-OKC to serve alcohol at an event held on January 19, 2013, in Room 196 of the Agriculture Resource Center.
The second part of the request involves amending Board Rule 30:10-3-1 pertaining to the service of alcohol on OSU property. OSU-OKC specifically requests that alcohol be served in the Horticulture Pavilion and Room 196 of the Agriculture Resource Center as approved locations on the OSU-OKC campus. Both of these locations are multi-purpose areas that are available to the community for various events such as classes and conferences. Any requests for alcohol to be served at any event must be approved by the President of OSU-OKC. (The request by President Shirley regarding the modification to Board Rule 30:10-3-1 is attached to OSU’s portion of the minutes as ATTACHMENT B and considered a part of these minutes.)

Regent Helm moved and Regent Reese seconded to ratify interim approval granted by the Chief Executive Officer to allow the service of alcohol at an event held in Room 196 of the Agriculture Resource Center on January 19, 2013, on the OSU-OKC campus and to amend Board Rule 30:10-3-1 to include the service of alcohol in the Horticulture Pavilion and Room 196 of the Agriculture Resource Center as approved locations, subject to approval by the President of OSU-OKC.

Approval of Special Fees for 2013-2014

President Hargis requested Board approval of the Special Fees for 2013-2014 as presented. He said this matter was discussed with members of the Academic Affairs, Policy and Personnel Committee.

Regent Link reported that the Committee met with the administration of Oklahoma State University regarding proposed changes to the Special College and Program Fees. The Committee acted to recommend Board approval of the administrative recommendation as presented.

Regent Link moved and Regent Burns seconded to approve the Special Fees for 2013-2014 as presented.

Chairman Lester said his understanding is that the program fees are replacement fees, and the intention is that they will replace other fees. Mr. Weaver said this is correct. He said the program fees were in existence. An academic excellence fee was eliminated and rolled into the program fees. He said OSU also plans to eliminate the Consumable Materials Fee when the budget is presented in June. Chairman Lester said the request is basically revenue neutral, and Mr. Weaver said this is correct.
Chairman Lester said hearing the explanation makes this a fairly easy request for him to support. He said he is aware there is a lot of concern about fees, but understanding the purpose of this and how this will work he will be able to support this request. He said he appreciates the explanation.

President Hargis requested Provost Sternberg to present information pertaining to Academic Affairs:

Personnel Actions

Dr. Sternberg presented five pages of personnel actions and recommended their approval with the exception of those items pertaining to retirements and separations, which are included as information items only. He said the actions include 7 new appointments, 14 changes in title and/or rate, and 1 sabbatical leave request. For information, two retirements and four separations are included in the list. (These recommendations are listed on pages D-3.1 through D-3.5 of the OSU Agenda, which is on file in the Board of Regents’ Office as Document No. 1-1-25-13.)

Regent Davis moved and Regent Anthony seconded to approve the personnel actions as listed.

Approval of Program Modifications

Dr. Sternberg presented program modifications for the OSU-Stillwater and OSU-Oklahoma City campuses. The requests are summarized beginning on page E-1 of the OSU Agenda (which is on file in the Board of Regents’ Office as Document No. 1-1-25-13). Once approved, the requests will be submitted to the Oklahoma State Regents for Higher Education for consideration.

Regent Burns moved and Regent Link seconded to approve the program modifications as presented in the OSU Agenda.

President Hargis requested Vice President Weaver to present information pertaining to Administration and Finance:

G-1 Approval of Actions Required to Submit Potential Projects and Documents to the OSRHE for Submission to the MRPL 2013 Program and/or to Seek Legislative Authorization to Issue Revenue Bonds

Mr. Weaver requested Board approval of actions required to submit the potential projects listed in the OSU Agenda and the appropriate documents to the Oklahoma State Regents for Higher Education for inclusion in the Master Real Property Lease Program and/or to seek legislative authorization to issue revenue bonds. He said this item was discussed with members of the Fiscal Affairs Committee.

Regent Davis reported that the Fiscal Affairs Committee met with the administration of Oklahoma State University regarding approval to take the appropriate actions required to submit potential projects and documents to the Oklahoma State Regents for Higher Education for inclusion in the Master Real Property Lease 2013 Program and/or to seek legislative authorization. He said the Committee acted to recommend Board approval of the administrative recommendation.

Regent Davis moved and Regent Hall seconded to authorize Oklahoma State University to submit potential projects and the appropriate documents to the Oklahoma State Regents for Higher Education for inclusion in the Master Real Property Lease 2013 Program and/or to seek legislative authorization to issue revenue bonds; to solicit a financing team in the event the Master Lease programs are either unavailable for use or the determination is made to issue revenue bonds; and to purchase the items in accordance with purchasing policy and procedures.

G-2 Approval to Exchange Land Parcel with Muscogee (Creek) Nation

Mr. Weaver requested Board approval to allow the exchange of a land parcel at the OSUIT campus with a parcel owned by the Muscogee (Creek) Nation. He said the Muscogee Nation recently acquired a 9.7 acre tract of land appraised at $160,000, and they have offered a trade of this parcel with a 10 acre parcel of OSUIT land which appraised for $70,000. The acres of land adjoin the OSUIT campus and provide street access on two sides of the property.

Regent Anthony said his understanding is that OSUIT is trading land valued at $70,000 for land valued at $160,000.
Regent Anthony moved and Regent Reese seconded to exchange a land parcel at the OSUIT campus with a parcel owned by the Muscogee (Creek) Nation as described in the OSU Agenda.

G-3 Approval to Accept a Gift of Real Property

Mr. Weaver requested Board approval to accept a gift of real property from Sangre at 19th LLC that will increase the acreage of land in the southwest side of Stillwater that has been identified as the future location for the OSU Equestrian Facility. The tract of land contains about 43.7 acres and adjoins parcels to the north and northeast in which the University has total or partial ownership.

Regent Reese moved and Regent Burns seconded to accept a gift of real property from Sangre at 19th LLC as presented.

G-4 Approval to Accept Bids on Oil and Gas Lease Sales

Mr. Weaver requested Board approval to accept bids on oil and gas lease sales in the amount of $46,886.40. The tracts are south of the Lake Carl Blackwell lands in Payne County, Oklahoma.

Regent Burns moved and Regent Hall seconded to accept the bids on oil and gas lease sales in the amount of $46,886.40 as presented in the OSU Agenda.

H-1 Approval of a Co-Existence Agreement Regarding the Term ORANGE

Mr. Weaver requested Board approval for a co-existence agreement between Oklahoma State University and Syracuse University to protect Oklahoma State University’s use of the term “orange.” Mr. Weaver requested Kyle Wray to address this matter.
Mr. Wray said a few years ago Syracuse University attempted to register the word “orange.” OSU got together with Clemson, Auburn, and Oregon State and a few other universities around the country that use orange predominantly in their color palate. The concern by OSU and those other universities was the attempt by Syracuse’s new registration to limit use of other marks, which include the word “orange.” The point of contention was that when Syracuse University refers to the word “orange,” they are referencing their athletic teams, but when Oklahoma State University refers to the word “orange,” it is in reference to one of the major colors of Oklahoma State University. This agreement allows OSU unrestricted use of words similar to America’s Brightest Orange, Live Orange, Orange Power, Orange Connection, and Orange Pride and is covered to use the word basically however OSU would like. The OSU Foundation and the OSU Alumni Association have also reviewed this agreement to ensure it protects any use of the word “orange” they might like to utilize.

Regent Helm moved and Regent Davis seconded to approve a co-existence agreement between Oklahoma State University and Syracuse University to protect Oklahoma State University’s use of the term “orange,” and to allow the Chairman of the Board of Regents and the OSU President to execute the agreement.

H-2 Approval to Grant a Temporary Construction Easement to the City of Oklahoma City

Mr. Weaver requested Board approval to grant a temporary construction easement to the City of Oklahoma City for installation of a right-turn-only lane to alleviate traffic congestion and benefit the new parking facility and entrances and exits of parking areas of the OSU-OKC campus.

Regent Burns moved and Regent Hall seconded to grant a temporary construction easement to the City of Oklahoma City for installation of a right-turn-only lane to alleviate traffic congestion and benefit the new parking facility and entrances and exits of parking areas of the OSU-OKC campus.

H-3 Approval to Grant Two Right-of-Way Easements to the Kiwash Electrical Cooperative

Mr. Weaver requested Board approval to grant two right-of-way easements to the Kiwash Electrical Cooperative to construct, operate, and maintain electrical distribution lines on the Klemme Research Station in Bessie, Oklahoma.
Regent Helm moved and Regent Anthony seconded to grant two right-of-way easements to the Kiwash Electrical Cooperative to construct, operate, and maintain electrical distribution lines on the Klemme Research Station in Bessie, Oklahoma, as presented.

I-1 Approval to Select On-Call Consultants to Provide Architectural, Landscape Architectural and Structural Engineering As-Needed Services

Mr. Weaver requested Board approval to select on-call consultants to provide architectural, landscape architectural, and structural engineering as-needed services to the OSU System and institutions governed by the Board. He said this request was discussed with members of the Fiscal Affairs Committee at its meeting this morning.

Regent Davis said the Committee met with the administration of Oklahoma State University regarding approval to select on-call consultants to provide architectural, landscape architectural, and structural engineering as-needed services. He said the Committee acted to recommend Board approval to select Studio Architecture, Oklahoma City, Oklahoma; Selser Schaefer, Tulsa, Oklahoma; and McFarland Architects, Tulsa, Oklahoma, to provide as-needed architectural services. Further, the Committee acted to recommend Board approval to select Alaback Design, Tulsa, Oklahoma, and CLS & Associates, Oklahoma City, Oklahoma, to provide as-needed landscape architectural services. For on-call structural engineering services, the Committee acted to recommend Board approval to select Wallace Engineering, Tulsa, Oklahoma, and Zahl-Ford, Oklahoma City, Oklahoma.

Regent Davis moved and Regent Helm seconded to select Studio Architecture, Selser Schaefer, and McFarland Architects to provide as-needed architectural services; Alaback Design and CLS & Associates to provide as-needed landscape architectural services; and Wallace Engineering and Zahl-Ford to provide as-needed structural engineering services.

J Approval of Purchase Request Items

Mr. Weaver presented the purchase requests and recommended their approval. (The purchase requests are listed on page 8 of the OSU Agenda, which is on file in the Board of Regents'
Office as Document No. 1-1-25-13.) He requested approval to purchase the items as listed, subject to the availability of funds and/or the limitations of the budget.

Regent Reese moved and Regent Watkins seconded to authorize the OSU Communications Department to purchase as-needed web and video portal support services for OState.TV and its video portal from Hemisphere Interactive in the estimated annual amount of $200,000 (purchase request No. 1, page 8, OSU Agenda).

Balance of Purchase Requests

Regent Helm moved and Regent Anthony seconded to approve the balance of the purchase requests, subject to the availability of funds and/or the limitations of the budget.

Chairman Lester noted that OSU Student Government Association President, Flint Holbrook, is present. He noted that Mr. Holbrook will soon graduate from OSU, and he asked Mr. Holbrook to report on his future plans. Mr. Holbrook said he will graduate in May from Oklahoma State University with a biosystems agriculture engineering degree. He said he is waiting for a final recommendation from the State Department to go to Malaysia on a Fulbright Grant. Upon returning from Malaysia, Mr. Holbrook said he plans to attend Harvard Business School for two years.

Chairman Lester also recognized Dr. Dennis Carter from Poteau. He noted that Dr. Carter is a member of the Advisory Council for the OSU College of Osteopathic Medicine.

The business of Oklahoma State University being concluded, President Hargis and members of the OSU administration were excused from the meeting.

MEMORANDUM

DATE: January 11, 2013

TO: V. Burns Hargis, OSU President

FROM: Natalie Shirley, OSU-Oklahoma City, President

RE: Approval to serve alcohol in two additional locations on campus

OSU-Oklahoma City respectfully requests the addition of two locations on the campus where alcohol can be served. Document 30:10-3-1 of the OSU Board of Regents Policies and Rules governs the consumption of alcohol on OSU property and designates location and conditions under which alcohol can be served. Currently, the campus has two locations on the 3rd floor of the Student Center building designated as these areas. Any requests for alcohol to be served at an event must be approved through the OSU-Oklahoma City Office of the President.

We would like to ask for approval to add the following locations:

1. Horticulture pavilion
2. Room 196 in the Agriculture Resource Center

Both of these locations are multi-purpose areas that are available to the community for various events such as classes, conferences, or other events.

Thank you for your consideration.
Public Comments

Chairman Lester said 15 minutes are provided for members of the public who would like to address the Board, and he asked if there were any members of the public who wished to address the Board at this time. There being none, the Board continued with its business.

Dr. Path said he has a special introduction to make. The President of the College of the Muscogee Nation, Mr. Robert Bible, is present. Dr. Path said Mr. Bible was in attendance to hear the discussion regarding the land swap, which is an unusually beneficial project for both institutions. Chairman Lester said the Board greatly appreciates the relationship that the two institutions have built.
