OPSU Featured Face
Russell Guthrie
OPSU Associate Professor of Communications
Russell Guthrie recently received accreditation from the National Association of Parliamentarians (NAP) as a Professional Registered Parliamentarian (PRP).
A PRP assists in the application of parliamentary procedure for the orderly conduct of business. In order to receive this designation, an individual must pass an examination on advanced knowledge of parliamentary law and procedure according to Robert’s Rules of Order Newly Revised. The member must also successfully complete a practical course demonstrating the ability to provide services such as presiding, performing the role of parliamentarian for a presiding officer, and issuing professional opinions.
Guthrie received his PRP status in August 2014. Upon passing the examination and completing the practical course, Guthrie is now one of just three PRP’s in the state of Oklahoma. A PRP must maintain this certification through practical experience and recurrent training, ensuring that each PRP maintains the same high professional standards throughout his or her career.
Guthrie became a member of the NAP in 2010 after demonstrating his knowledge in parliamentary principles by passing an exam drawn from a list of over 300 questions. In April of 2013, he became a Registered Parliamentarian (RP) after displaying an in-depth knowledge of parliamentary procedure through the NAP Registration Examination.
Guthrie taught a parliamentary procedure course last year at OPSU and he plans to teach one this spring as well. He also would like to do some consulting work with his newly received certification. He said, “I hope to bring a greater expertise now.” Guthrie added, “This falls right into the University’s mission- ‘The mission of OPSU is to provide higher education primarily for people of the Oklahoma Panhandle and surrounding areas through academic programs, cultural enrichment, lifelong learning experiences, and public service activities’.

Guthrie has taught 36 years at OPSU. He is very active on campus serving as an adviser to the OPSU Student Senate as well as being a member of the Rank and Tenure Committee and the Cultural Entertainment Committee. He is the past President of the Panhandle State Association of Alumni and Friends. He manages KPSU, the campus radio station. Additionally, Guthrie is on the Board of Directors for the Davis Scout Center. He serves as a consulting parliamentarian for the Hefley Foundation and the Communications Chairman for the Oklahoma State Association of Parliamentarians. Additionally, Guthrie serves as the treasurer for the Goodwell Hilltoppers. Guthrie enjoys reading and camping. He and his wife are looking forward to a trip to Fairbanks, Alaska next summer to visit their daughter, son-in-law, and grandson.
Guthrie said, “I never dreamed I would spend 36 plus years in the Oklahoma Panhandle, but it’s been good to me. I found a wife, raised two children, and am looking forward to retirement in a few years. The panhandle has a lot of wonderful people, and a few old curmudgeons, but I won’t name them. It has been enjoyable living here and teaching at OPSU. I know I would never move back to my old stomping ground (Houston).”

CONNORS STATE COLLEGE, WARNER, OKLAHOMA

Dr. Tim Faltyn, President; Dr. Ron Ramming, Vice President for Academic Affairs and Student Services; and Mr. Mike Lewis, Vice President of Fiscal Services, appeared before the Board of Regents to present the business of Connors State College and review the Agenda for members of the Board. Dr. Faltyn expressed appreciation to President and Mrs. Hargis for the Backstage experience.

Dr. Faltyn referenced the Connors Connection. One cover highlights Dr. Carl Westbrook being inducted into the Oklahoma Association of Community Colleges Hall of Fame, and the other cover highlights activities at the 27th Annual Warner Cowchip Day Festival. Dr. Faltyn also referenced the article regarding Connors hosting its Third Annual Athletic Hall of Fame.

Dr. Faltyn presented the Board members with a 2014-2015 Connors State College Rodeo Team calendar. He said the Rodeo Team produces the calendar as a fundraiser. He said he is proud of the publication and their ingenuity.

Enrollment Report

Dr. Faltyn referenced the “Preliminary Enrollment Survey for Oklahoma Higher Education, Fall 2014” produced by the Oklahoma State Regents for Higher Education (a copy of which is attached to the Connors Agenda and made a part of these minutes). He said he is proud of Connors’ performance, although the enrollment is not where he wants it to be. He referenced Table 1 in the handout which reflects that Connors was down 1 percent in total enrollment for the 2014 fall semester compared to the 2013 fall semester; however, in comparison with peer institutions, Connors had one of the least declines in enrollment.

Dr. Faltyn referenced Table 2 which reflects full-time enrollment. Connors had an increase of .9 percent and was one of three peer institutions reflecting an increase. When comparing Connors to the regional universities and even the private universities, he said he is very proud of its performance. He said a few months ago Kyle Wray, Vice President of Enrollment Management & Marketing at OSU, shared with the Board information about the decline of high school graduates in Oklahoma. This is evident in Table 3 which reflects the enrollment of first-time, full-time freshmen. This reflects a very small group of about 300 students out of a total enrollment of 2,700. Even so, that number is down. Chairman Davis said with that number in mind, Connors should be proud of its recruiting efforts and its enrollment team of the .9 percent FTE enrollment increase. With respect to Table 4 regarding concurrent enrollment, Dr. Faltyn said headcount is down and credit hours are up.

Dr. Faltyn said this particular report allows the Regents to see how the institutions are performing, and he thought that measuring Connors in that perspective is probably the best way to go forward.
Dr. Faltyn requested Board approval of the revised Connors State College Faculty/Staff Handbook. He said this item was discussed during the Academic Affairs, Policy and Personnel Committee meeting. (The revised Connors State College Faculty/Staff Handbook is on file in the Board of Regents' Office as Document No. 4-10-24-14.)

Regent Watkins reported that the Committee met with the Connors administration regarding approval of the revised Connors State College Faculty/Staff Handbook. She reported that the Committee acted to recommend Board approval of the administrative recommendation.

Regent Watkins moved and Regent Milner seconded to approve the revised Connors State College Faculty/Staff Handbook as presented.

Chairman Davis asked if Legal Counsel has any comments regarding this matter. Mr. Stephens said Scott Fern has reviewed the Handbook several times. Chairman Davis said he is aware Regent Lester has spent some time reviewing the Handbook, and he expressed appreciation for that effort.

Dr. Faltyn requested authorization to add the courses as listed in the Connors Agenda to the Course Inventory. He said these courses have been recommended by the appropriate academic division faculty as well as the Connors State College Curriculum and Academic Council committees.

Regent Reese moved and Regent Link seconded to approve the list of courses to be added to the Course Inventory for Connors State College.

Dr. Faltyn requested authorization to accept a grant from the U.S. Department of Education in the amount of $5,414,460 and to expend the funds according to grant guidelines. He said he is very excited about this award, and it will be transformative for Connors.
Approval of One-Time Stipend

Dr. Faltyn requested Board approval to pay a one-time stipend to all full-time and part-time employees in the total estimated amount of $55,522. He said the deal he made with the faculty was if enrollment continued to increase and everyone worked hard that Connors would do everything it possibly could to financially reward that effort. This one-time stipend is something Connors can afford, but he wished it was more.

Regent Burns asked if that deal was made to inspire the effort to increase enrollment. Dr. Faltyn responded affirmatively. He said Connors has really tried to change the culture to shift from how many bodies it has on campus to how many credit hours the students take as well as how many students graduate. The administration has talked about rewarding the performers rather than the under-performers. Recruitment on a campus the size of Connors, and particularly one with multiple campuses, is really a team effort. The faculty members are doing great things to inspire in the classroom, which helps increase enrollment. If the recruiters are in the right places at the right time, this also helps. Connors brought in a consultant from another university who is phenomenal, and he has done quite a bit for Connors in terms of getting Connors more organized in its process and helping to make the recruiters a little more aggressive about getting students to enroll.

Regent Lester moved and Regent Reese seconded to authorize the payment of a one-time stipend to all full-time and part-time employees in the total estimated amount of $55,522 as presented.

Balance of Agenda

Regent Watkins moved and Regent Milner seconded to approve the balance of the Agenda, subject to the availability of funds and/or the limitations of the budget. (The Agenda is attached.)

The business of Connors State College being concluded, Dr. Faltyn and members of the Connors administration were then excused from the meeting.

Connors State College (CSC) was recently awarded a five-year Title III grant totaling $5 million from the U.S. Department of Education. Connors was one of only a few institutions in the U.S. to receive the entire $5 million. Other awarded institutions received less than half of that amount. Connors will use the funds to develop online and hybrid courses in various disciplines, develop comprehensive online support services, and to create a Native American Success and Cultural Center.

“We feel very honored to have received these funds,” said Dr. Ryan Blanton, Associate VP of External Affairs. “We are grateful for the trust the U.S. Department of Education has shown in us and are eager to begin changing the lives of our students for the better.”

CSC is a public, two-year community college located in the heart of Oklahoma’s Native American Nations in Eastern Oklahoma with campuses in Muskogee and Warner, Oklahoma. CSC’s seven-county primary service area, totaling 4,563 square miles, is a predominantly rural area with high poverty rates (19.9% average), low incomes ($18,045 average), and low rates of educational achievement (only 15.6% of adults have a bachelor’s degree). Native Americans make up the largest minority group in the region, 23 percent of the total area population and 31 percent of Connors’ student population.

“Improving our distance education offerings will make a huge difference in the lives of those we serve,” said CSC President, Dr. Tim Faltyn. “A large majority of our students drive 60 or more miles, one way, to attend classes. Offering additional online classes will make it more convenient for students to complete their degree.”
Many of Connors' students have work and family responsibilities. Forty-eight percent work and 53 percent are single parents. The online courses currently offered fill quickly, indicating students' need for flexible class options.

Connors State College will use the funds to:

- develop online and hybrid courses in various disciplines. Hybrid courses are those offered in a combination of online and face-to-face meetings. This will increase curricular offerings for students in need of accessible, flexible course options. The college's proposal includes comprehensive professional development for faculty, who will develop and pilot 35 courses for online delivery. In addition, six online/hybrid degree programs will be made available.

- develop comprehensive online support services to boost the success of both online and traditional students. This will eliminate the need for students to come to campus to receive services such as financial aid assistance and advising. Online support services will ensure all CSC students have around-the-clock access to the support they need to be successful.

- create a Native American Success & Cultural Center to boost Native American student success, including supplemental instruction, academic advising, tutoring, mentoring, and cultural resources. To further facilitate increased access to online courses and services for Native American students, Connors will equip an ITV classroom and computer lab at the Cherokee Nation in Tahlequah, Oklahoma.

"We strive every day to make a difference in the lives of our students, faculty, staff and community," said Faltyn. "The Title III grant helps us achieve this goal."

Water Purchase Contract

This contract for the sale and purchase of water is entered into as of the __________ day of __________, ______ between the Warner Utilities Authority (P.O. Box 170, Warner, OK, 74469) hereinafter referred to as the “Seller” and Connors State College (Route 1, Box 1000, Warner, OK, 74469) hereinafter referred to as the “Purchaser”.

WITNESSETH:

Whereas, the Purchaser is organized and established under the laws of the State of Oklahoma;

Whereas, for the purpose of operating a water supply distribution system serving water users limited to the Purchaser’s college campus facilities located within the corporate limits of Warner, Oklahoma, the Purchaser will require a supply of treated water;

Whereas, the Seller is organized and established under the provisions of Title 60, Oklahoma Statutes 1951, Sections 176 to 180, inclusive, as amended by Title 60, Chapter 4, Oklahoma Session Laws 1953, the Oklahoma Trust Act and other applicable statutes of the State of Oklahoma and Seller owns and operates water treatment facilities and a water supply distribution system with a capacity currently capable of serving the present customers of the Seller’s system and the Purchaser.

Therefore, in consideration of the foregoing and the mutual agreements hereinafter set forth, the parties agree as follows:

A. The Seller Agrees:

1. Quality and Quantity. To furnish the Purchaser at the point of delivery hereinafter specified, during the term of this contract or any renewal or extension thereof, potable treated water meeting applicable purity standards of the State of Oklahoma, Department of Environmental Quality, in such quantity as may be required by the Purchaser.

2. Point of Delivery and Pressure. That water will be furnished at a reasonably constant average pressure calculated at 50 psi from a 6 inch main supply at a point located on College Road just southwest of the college library on the Purchaser’s campus in Warner. If a greater pressure than that normally available at the point of delivery is required by the Purchaser, the cost of providing such greater pressure shall be borne by the Purchaser. Emergency failures of pressure or supply due to main supply line breaks, power failure, flood, fire and use of water to fight fire, earthquake or other catastrophe shall excuse the Seller from this provision for such reasonable period of time as may be necessary to restore service.

3. Metering Equipment. To furnish, install, operate, and maintain at its own expense at point of delivery, the necessary metering equipment, including a meter house or pit, and required devices of standard type for properly measuring the quantity of water delivered to the Purchaser and to calibrate such metering equipment whenever requested by Purchaser but not
more frequently than once every twelve (12) months. A meter registering not more than two percent (2%) above or below the test result shall be deemed to be accurate. The previous readings of any meter disclosed by test to be inaccurate shall be corrected for the three (3) months previous to such test in accordance with the percentage of inaccuracy found by such tests. If any meter fails to register for any period, the amount of water furnished during such period shall be deemed to be the amount of water delivered in the corresponding period immediately prior to the failure, unless Seller and Purchaser shall agree upon a different amount. The metering equipment shall be read on or about the 15th day of each month. An appropriate official of the Purchaser shall have access to the meter at all reasonable times for the purpose of reading and verifying its readings.

4. Notification. That it shall notify the Purchaser in advance of any foreseeable interruption of services due to the Seller turning off the supply of water for the purpose of line repair and for other necessary causes. The notice shall be a minimum of 48 hours where possible.

5. Billing Procedure. To furnish the Purchaser at the above address, not later than the 26th day of each month, with an itemized statement of the amount and cost of water furnished to the Purchaser during the preceding month.

B. The Purchaser Agrees:

1. Rates and Payment Date. To pay the Seller, not later than the 10th day of each month, for water delivered in accordance with the following schedule of rates to become effective at such time service is required by the Purchaser. The Purchaser agrees to pay the seller $3.30 per 1000 gallons bulk rate of treated water beginning __________ __, ______.

C. It is further mutually agreed between the Seller and the Purchaser as follows:

1. Term of Contract. That this contract shall extend for a term of twenty (20) years from the date of initial delivery of water as shown by the first bill submitted by the Seller to the Purchaser and thereafter shall be automatically extended for successive like terms until terminated by the mutual consent of the Seller and Purchaser. Either party may terminate this contract at any time, with or without cause, by giving one (1) year written notice to the other party at the address provided herein.

2. Failure to Deliver. That the Seller will, at all times, operate and maintain its system in an efficient manner and will take such action as may be necessary to furnish the Purchaser with quantities of water required by the Purchaser. Temporary or partial failures to deliver water shall be remedied with all possible dispatch. In the event of a shortage of water, or in the event the supply of water available to the Seller is otherwise diminished, the supply of water to Purchaser’s consumers shall be reduced or diminished in the same ratio or proportion as the supply to Seller’s other consumers is reduced or diminished.
3. **Modification of Contract.** That the provisions of this contract pertaining to the rate to be paid by the Purchaser for water delivered are subject to modification every year throughout the term of the contract. Should the Seller desire an increase in the rate, the Seller must notify the Purchaser of its intent no later than May 1st of that year. The Purchaser has until June 1st to review the data and notify the Seller of any irregularities or modifications to the rate study and/or of Purchaser’s acceptance of the notification. If there is no response by the Purchaser by June 1st, then the rate shall automatically go into effect as of July 1st of the then current year. The Seller must be able to prove notification to the Purchaser and it is recommended a “return receipt” from the U.S. Mail be utilized. In addition, any increase or decrease in the rate shall be based on a demonstrable increase or decrease in the costs of performance hereunder, but such costs shall not include capitalization of the Seller’s system that does not provide any benefit to the Purchaser. The Seller shall keep enterprise accounts of the direct costs of producing water and delivering water to the point of delivery as described in Paragraph A(2). Other provisions of this contract may be modified or altered in writing by mutual agreement of the parties.

4. **Regulatory Agencies.** That this contract is subject to such rules, regulations, or laws as may be applicable to similar agreements in this State and the Seller and Purchaser will collaborate in obtaining such permits, certificates, or like, as may be required to comply therewith.

5. **Successor to the Contract.** Should any event occur which would prevent either party from performing under this contract, any successor to either party, whether as the result of legal process, assignment or otherwise, shall succeed to the rights of the respective parties hereto.

In witness whereof, the parties hereto, acting under authority of their respective governing bodies, have caused this contract to be duly executed in two (2) counterparts, each of which shall constitute an original.

¹ File with State Regents' office by the tenth of the month following the end of the calendar quarter being reported.

² The term "employees" shall mean "full time employees or any number of part-time employees whose combined weekly hours of employment equal those of a full-time employee, but shall not include seasonal employees." For this report, the number of FTE employees for the reported quarter can be calculated by dividing by 487.5 hours (162.5 hours per month multiplied by three months) the total payroll hours (excluding seasonal employees) for the quarter.

³ This figure reflects the total number of FTE Employees for the main campus, branch campuses (es) and all constituent agencies.
Dr. Jeff Hale, President; Dr. Shannon Cunningham, Assistant Vice President for Academic Affairs; and Mr. Mark Rasor, Vice President for Fiscal Affairs, appeared before the Board of Regents to present the business of Northeastern Oklahoma A&M College and review the Agenda for members of the Board.

Remarks by President Hale

Dr. Hale said he, too, would like to thank Burns and Ann Hargis as well as Debbie Lane for the accommodations last evening. He said he and the others from NEO stayed after everyone left last evening and received a guided tour of the facility. The pieces of art and collectible items in that facility are amazing.

Dr. Hale expressed appreciation to Chairman Davis and Regent Lester for attending the Miami Event Center Dedication Ceremony of the Red Robertson Field on October 23. He presented the Board members with a ceremonial piece that was produced for the dedication ceremony. Chairman Davis asked Regent Lester to share comments regarding the visit. Regent Lester said it is a very impressive stadium. He said in a lot of ways it reminds him of the way he feels about Boone Pickens Stadium at OSU, especially when remembering what it was like and how it is now. He also said the community has rallied behind this project, which has also been impressive because that is not always the case in these types of projects. Regent Lester said Dr. Hale has really demonstrated great leadership in getting this project moving forward and bringing the community together. He said the Miami School Board, the City of Miami, and frankly the whole county are behind those efforts.

Dr. Hale said NEO will host the Regents in the suites of the stadium when the Board meets on the NEO campus in September, 2015. A home game will be played on Thursday night prior to the Board meeting on Friday.

Dr. Hale said a few weeks ago he attended a Regents Education Program sponsored by the Oklahoma State Regents for Higher Education. He said Regent Anthony was part of a panel comprised of both state and national leaders, and he shared with the Board what a wonderful job Regent Anthony did. He said Regent Anthony addressed risk management in a very substantial way and talked about the efforts of the A&M Board to get in front of risk management issues. He also spoke in great detail about the importance of private fund raising and how that was going to be more and more critical. Dr. Hale reported that Presidents Burns Hargis and David Boren also spoke at the event. He said it was an interesting dynamic, and what he took away from it is that Oklahoma public higher education at the Research One level has never been in better hands. Both of these men are very capable leaders and understand the challenges.
Letter of Intent with Grand River Dam Authority

Dr. Hale reported that the NEO administration has initiated some discussions with the Grand River Dam Authority (GRDA) about a Memorandum of Understanding that would allow NEO and GRDA to enter into an agreement that would create some research and other opportunities for NEO students, faculty and staff. He said he is aware the GRDA is a very high profile entity, and there are pros and cons to this organization. He said he wanted the Board to be aware that NEO is now engaged in those discussions. Dr. Cunningham is NEO’s official liaison with GRDA.

Enrollment Reports

Dr. Hale presented the retention rates of first-time, full-time freshmen; earned hours for first-time, full-time freshmen; and three-year graduation rates of first-time, full-time freshmen beginning with the 2007-2008 academic year through the 2012-2013 academic year as provided by national sources. (This information is included in NEO’s Agenda, which is attached.) It reflects how NEO compares with the state average as well as the national average in some of the categories. Dr. Hale said all three of the graphs are part of the matrix by which a college/university is measured by the Oklahoma State Regents for Higher Education for its performance funding model. Unfortunately, there has not been any new money coming into higher education so that model has not really been put into play; however, the institutions still get scored on that model even if there are no new dollars.

Regarding the retention rates, Dr. Hale said NEO’s retention rates are essentially flat. NEO does better than its peer institutions but not as well as the national average. Retention has to be a primary focus moving forward. As it becomes more and more difficult to manage budgets, keeping students in school longer through graduation is a lot more cost effective than continuously trying to recruit new students.

Dr. Hale said the earned hours category is one that was somewhat of a surprise to him. He said the average number of hours for first-time, full-time freshmen after one year is 18 hours, which is not very many. The reason for this is because many first-time, full-time freshmen take additional hours of remediation courses that do not count as earned hours for college credit. He said NEO’s earned hours are slightly above the state average compared to its peers.

The last category is the three-year graduation rates of first-time, full-time freshmen. NEO’s rate is pretty flat to slightly declining. He said this was predictable because of the influx of enrollment due to the economy, especially during 2009 through 2011. This drove a lot of students to community and two-year colleges. Most often those new students were less prepared and at more risk. This has not only declined at the state level but at the national level as well.

Regent Lester referenced the three-year graduation rates and noticed that even though NEO’s rate is flat over that time period, the national average is going down. He said NEO is above the
Northeastern Oklahoma A&M College - 3

Dr. Hale said he is aware that sexual assault issues have dominated campuses across the state and the country over the last several months. He presented a brief update of what NEO has done on its campus to address the issue. He expressed appreciation to Mr. Stephens and his staff for their support. He also noted that Mackenzie Wilfong has spent a lot of time over the last several months to make sure all the A&M schools are getting the appropriate kind of information, and he wanted to publicly thank her for her efforts and to let the Board know that NEO is at a point where it can begin the implementation. He noted that unlike OSU, NEO does not currently require that students take and successfully complete the online training program before allowing students to enroll in the spring. The students will be encouraged to take the online course. NEO plans to make this a requirement next fall in advance so that the administration can make sure the notification is there and the student government leaders have been involved in the appropriate way.

Chairman Davis said he appreciates Dr. Hale bringing focus to this issue, and, in particular, bringing focus to what the Office of Legal Counsel is doing proactively. He said he appreciates what Ms. Wilfong has done and is aware of what has been done on the OSU campus. Chairman Davis said he believes Mr. Stephens will visit Oklahoma Panhandle State University in the near
future to present lessons on that campus. Those types of things are exactly the proactive approach for which the Board has been hoping.

Approval of Program Modifications

Dr. Hale asked Dr. Cunningham to address the Board regarding proposed program modifications. Dr. Cunningham said as NEO continues to do on a regular basis, the program requirements and degrees were reviewed to make sure NEO is being consistent with industry trends and transfer degrees. In that process, seven degree programs were identified for which NEO is requesting either the addition or deletion of courses. The programs are listed in the NEO Agenda.

Regent Milner moved and Regent Hall seconded to approve the program modifications as listed in the NEO Agenda.

Approval of One-Time Stipends

Dr. Hale requested Board approval to pay a one-time stipend to all eligible full-time employees and all qualifying adjunct faculty for a total estimated cost of $123,000. NEO will use E&G and Auxiliary reserves to pay the stipends. Dr. Hale said this is combined with the 1 percent salary program the Board approved in June, 2014. The proposed one-time stipends represent an approximate 1.5 percent increase, so the total additional compensation for NEO's faculty and staff for the year would be approximately 2.5 percent.

Regent Lester moved and Regent Milner seconded to approve the payment of a one-time stipend to all eligible full-time employees and all qualifying adjunct faculty for a total estimated cost of $123,000 as presented.

Balance of Agenda

Regent Link moved and Regent Anthony seconded to approve the balance of the Agenda, subject to the availability of funds and/or the limitations of the budget. (The Agenda is attached.)

Dr. Hale said November 16, 2014, is Oklahoma’s Statehood Day, and it is also the day NEO and OSU wrestle in Miami. If at all possible, he encouraged the Regents to attend this match.

The business of Northeastern Oklahoma A&M College being concluded, Dr. Hale and members of his administration were then excused from the meeting.
Board of Regents for OSU and the A&M Colleges
Stillwater, Oklahoma

Dear Board Members:

Subject to budgetary limitations and availability of funds, the following expenditures are submitted for Board approval with purchases to be coordinated through the Board Purchasing Officer, Oklahoma State University. We recommend the following business for your consideration and approval.

PART A - GENERAL INFORMATION/REPORTS REQUIRING NO ACTION BY THE BOARD

1. President's Remarks

2. Letter of Intent with Grand River Dam Authority (GRDA) and NEO

Grand River Dam Authority (GRDA) has acquired land that both NEO and GRDA believe can be of mutual benefit to both NEO and GRDA. The GRDA land is covered largely by pecan orchards. NEO is interested in reaching an agreement with GRDA which would allow students, faculty and staff of NEO to access the land for undergraduate research, outdoor classrooms, and community and educational field days. Additionally, NEO is interested in harvesting the pecan orchards. In the event NEO is authorized to harvest the pecan orchards, any monetary proceeds from such efforts would be retained by NEO. Subject to agreement between the parties, monetary proceeds shall be used to support specific purposes, including, but not limited to, agricultural activities utilized for educational and scientific purposes, operation and maintenance of pecan orchards necessary to maintain an annual pecan harvest, implementing management techniques conducive for agriculture and wildlife management, and providing fellowship opportunities for students seeking an Associate’s degree in agriculture or natural resource ecology. The GRDA land has potential use by NEO as laboratory space for a variety of courses offered at NEO.

BOARD OF REGENTS FOR THE OKLAHOMA AGRICULTURAL & MECHANICAL COLLEGES

Requests for Approval

Northeastern Oklahoma A&M College is requesting program modifications for seven (7) academic programs. These requests are made based on at least one of the following criteria:

1) Course(s) to be deleted from the program requirements due to course being deleted from course inventory

2) Addition of course to program requirements to provide experiential learning opportunity through internship

1) Program modifications that are requested based on course deletion from the program requirements due to course deletion from course inventory are the following degrees:

   a) Associate in Arts in Native American Studies
   b) Associate in Arts in Psychology & Sociology and Psychology & Sociology with a Social Work Option
   c) Associate in Business Administration Technology, all options
   d) Associate in Applied Science in Computer Information Systems and Computer Information Systems with a Support Specialist Option
   e) Accounting, Less Than Two Year Certificate
   f) Management & Marketing, Less Than One Year and Less Than Two Year Certificates

2) Program modifications that are requested based on addition of course to program requirements to provide experiential learning opportunity through internship are for the following degree:

   a) Associate in Science in Sports Management
Dr. Kent Smith, President; Dr. Sharron Burnett, Vice President for Fiscal and Administrative Affairs; and Dr. Clyde Montgomery, Vice President for Academic Affairs, appeared before the Board of Regents to present the business of Langston University and review the Agenda for members of the Board.

Dr. Smith said he, too, would like to thank President and First Lady Hargis for the great event last evening.

Dr. Smith said it is interesting to drive on campus and see the Homecoming decorations. Langston has just completed its Homecoming. He said Langston had a very successful Homecoming, and he wanted to publicly recognize Dr. Raphael Moffett who chaired the Homecoming Steering Committee. Dr. Smith said the size of the Homecoming Steering Committee was about tripled and involved alumni from all across the country participating in a nine-month planning process. Dr. Smith said in the three years he has been at Langston this was the most organized Homecoming, and the feedback he is receiving from the alumni is phenomenal. He noted that Langston won the football game, and it is believed Langston will probably make the playoffs this year.

Dr. Smith said at the Ninth Annual President’s Gala, Langston had the good fortune to have in attendance an Executive Vice President from OneOk. He presented to Langston the largest corporate gift in the history of the University in the amount of $1.45 million. These funds will go toward student scholarships, a professorship in Accounting, a new University marquee on Highway 33, and a new football scoreboard. In addition, one of Langston’s prominent alums who had already been a donor increased his giving from about $10,000 to $250,000, which represents the largest gift in the history of the University from a living alum. He said Langston has been working the social media since the Gala, and the gifts are starting to come in more than normal from alumni. Three years ago Langston was at 1.5 percent giving from alumni, and today Langston is just over 8 percent. He said the top three Historically Black Colleges and Universities (HBCU) in the country are between 20-25 percent, so Langston is trending in the right direction. Within five years he would like Langston to be within the top three HBCUs in terms of alumni giving.

**Adoption of Memorial Resolution**

Dr. Smith requested the adoption of a Memorial Resolution for Dr. Raquel A. Muhammad. He said she was employed with the University for over 13 years starting out as an Administrative Assistant and eventually working her way up through the ranks to Professor.

Regent Burns moved and Regent Anthony seconded to adopt the Memorial Resolution for Dr. Raquel A. Muhammad as presented.

**Personnel Actions**

Dr. Smith presented the personnel actions and recommended their approval.

Regent Anthony moved and Regent Hall seconded to approve personnel actions Nos. D.3. through D.10. as presented in the Langston Agenda.

**Balance of Agenda**

Regent Link moved and Regent Milner seconded to approve the balance of the Agenda, subject to the availability of funds and/or the limitations of the budget. (The Agenda is attached.)

The business of Langston University being concluded, Dr. Smith and members of the Langston administration were then excused from the meeting.

The organization's approved negotiated rate results in the lesser indirect cost dollars for this project and is therefore the rate that must be used when charging indirect costs under this award.
President Burns Hargis appeared before the Board of Regents to present the business of Oklahoma State University and review the Agenda for members of the Board.

President Hargis said it is always a pleasure to have a Board meeting on the OSU campus and especially during “America’s Greatest Homecoming.” He noted the house decorations are remarkable. Last year it was estimated that 80,000 individuals were at Walkaround on Friday night, and with the great weather this year that number may be exceeded.

President Hargis also reported that Dr. Larry Mullins, Professor of Psychology, received a $3 million grant from the National Institutes of Health. The grant supports his research into offering parents more assistance soon after learning that their child has cancer. The research will focus on the development of psychological intervention for those children. President Hargis congratulated Dr. Mullins on the receipt of this grant.

**Adoption of Memorial Resolution**

President Hargis presented information on behalf of Janice W. Jadlow, Regents Service Professor, Retired, Department of Finance, Spears School of Business. President Hargis said Dr. Jadlow was the first female administrator in the Spears School of Business when she was appointed to Head of Department of Finance. She served in that position for 16 years. (The Memorial Resolution for Dr. Jadlow is attached to OSU’s portion of the minutes as ATTACHMENT A.)

Regent Anthony moved and Regent Hall seconded to adopt the Memorial Resolution for Dr. Janice W. Jadlow as presented.

**Awarding of Honorary Degrees**

President Hargis said he is very pleased to present recommendations for two very deserving individuals to receive honorary doctorate degrees from Oklahoma State University. The first recommendation is to present an Honorary Doctor of Laws degree to Vice Admiral Sean Pybus, United States Navy. Admiral Pybus has had a long and distinguished career with the U.S. Navy. He was Commander of the Navy Seals with multiple joint special operations and duty assignments. He currently is the Deputy Commander of the United States Special Operations Command in Tampa, Florida. Admiral Pybus is from Stillwater. His father and mother worked for OSU, and he comes back to Stillwater often to visit. His wife is an OSU graduate.
President Hargis said Admiral Pybus attended the University of Rochester because that university had a Navy ROTC Program whereas OSU did not. Admiral Pybus has obviously had an incredible career and has reached these lofty ranks way before his time. He is a fourth generation Oklahoman, and his wife always has OSU flags and colors displayed at every installation they serve. President Hargis said he is also pleased to announce that Admiral Pybus has agreed to serve as the keynote speaker for the December 13, 2014, undergraduate commencement program.

The second recommendation is to present an Honorary Doctor of Humane Letters degree to Mr. L. E. “Dean” Stringer. Many of the Regents are familiar with Mr. Stringer. He has served as a member and Chair of the OSU/A&M Board of Regents. While serving on the Board of Regents, he advocated increased funding for the OSU Library, pushed for the creation of the Regents Distinguished Teaching Award, and was one of the driving forces on OSU’s Phi Beta Kappa chapter initiative. Mr. Stringer has given so much of his time, attention, and treasure to OSU over the years. He has also served as President of the Alumni Association, Trustee and Governor of the OSU Foundation, and Director of the Friends of the OSU Library. President Hargis said it would be an honor for OSU to be able to give back to Dean Stringer by awarding him an honorary degree.

Regent Hall moved and Regent Anthony seconded to approve the awarding of an Honorary Doctor of Laws degree to Vice Admiral Sean Pybus, United States Navy, and an Honorary Doctor of Humane Letters degree to Mr. L. E. “Dean” Stringer.

Approval of Revisions to Policy #2-0824 Academic Accommodations for Students with Disabilities and Policy #2-0823 Student Discrimination Grievances

President Hargis said the proposed revisions to Policy #2-0824 Academic Accommodations for Students with Disabilities and Policy #2-0823 Student Discrimination Grievances are requested to comply with a resolution agreement with the United States Department of Education Office of Civil Rights. The revisions are procedural in nature and clarify the process by which students informally or formally resolve issues related to their disability accommodations. He said Doug Price from the Office of Legal Counsel is present to answer any questions regarding the proposed revisions. (The revised Policy #2-0824 Academic Accommodations for Students with Disabilities and Policy #2-0823 Student Discrimination Grievances are included as items C-2 and C-3, respectively, in the OSU Agenda, which is on file in the Board of Regents’ Office as Document No. 1-10-24-14.)
Regent Anthony moved and Regent Link seconded to approve the revisions to Policy #2-0824 *Academic Accommodations for Students with Disabilities* and Policy #2-0823 *Student Discrimination Grievances* as presented.

**Approval of Revisions to Policy #1-0401 Employment of Athletic Department Exempt Staff and Intercollegiate Coaches**

President Hargis requested approval of revisions to Policy #1-0401 *Employment of Athletic Department Exempt Staff and Intercollegiate Coaches*. The proposed revisions are to update the titles of some of the exempt employees affected by the policy, define and clarify the contract year for certain sports, and add a provision of multi-year contracts for assistant coaches. (The revised Policy #1-0401 *Employment of Athletic Department Exempt Staff and Intercollegiate Coaches* is included as Item C-4 in the OSU Agenda, which is on file in the Board of Regents’ Office as Document No. 1-10-24-14.)

Regent Anthony moved and Regent Link seconded to approve the revised Policy #1-0401 *Employment of Athletic Department Exempt Staff and Intercollegiate Coaches* as presented.

**President Hargis requested Provost and Senior Vice President Sandefur to present information pertaining to Academic Affairs:**

**Personnel Actions**

Dr. Sandefur presented the personnel actions and recommended their approval with the exception of those items pertaining to separations and retirements, which are included as information items. He noted that the listing in the OSU Agenda has incorrect dates due to a formatting issue, and he presented a reformatted list that includes the correct dates. The list includes nine new appointments, eleven changes in title and/or rate, and three sabbatical leave requests. Dr. Sandefur requested Board approval of the personnel actions as presented. For information, four retirements and four separations are also included in the list of personnel actions. (The reformatted listing of personnel actions is on file in the Board of Regents’ Office as Document No. 2-10-24-14.)
Regent Anthony asked how the corrected listing is different than the one included in the OSU Agenda. Mr. Ramsey said there was a glitch in the system and some numbers had dropped off the effective dates of the actions. (Also, personnel actions 10-17 failed to print on the listing in the OSU Agenda.)

Regent Reese moved and Regent Anthony seconded to approve the personnel actions as presented in the reformatted listing of personnel actions as presented.

Approved of Position Announcement and Position Description for Vice President for Research

On behalf of the faculty and administration of the OSU-Stillwater campus, Dr. Sandefur presented for approval the position announcement and position description for Vice President for Research. (These documents are included beginning on page D-2 of the OSU Agenda, which is on file in the Board of Regents’ Office as Document No. 1-10-24-14). He said this item was discussed with members of the Academic Affairs, Policy and Personnel Committee at its meeting this morning. He requested Board approval so the national recruiting process can begin for this key leadership position.

Regent Watkins reported that the Committee met with the administration of OSU regarding approval of the position announcement and position description for Vice President for Research. The Committee acted to recommend Board approval as presented.

Regent Watkins moved and Regent Hall seconded to approve the position announcement and position description for Vice President for Research as presented.

Ratification of Interim Approval of Position Description for Associate Vice President for Research

Oklahoma Agricultural Experiment Station, Division of Agricultural Sciences and Natural Resources

On behalf of Vice President Thomas Coon and the faculty and administrative team of the Division of Agricultural Sciences and Natural Resources, Dr. Sandefur requested ratification of interim approval granted by the Chief Executive Officer of the position description for Associate
Vice President for the Oklahoma Agricultural Experiment Station, Division of Agricultural Sciences and Natural Resources. (The interim approval request approved by the Chief Executive Officer is on file in the Board of Regents' Office as Document No. 3-10-24-14.)

Regent Reese moved and Regent Anthony seconded to ratify interim approval granted by the Chief Executive Officer of the position description for Associate Vice President, Oklahoma Agricultural Experiment Station, Division of Agricultural Sciences and Natural Resources.

Approval of Program Modifications

On behalf of the faculty and administration of the OSU-OKC campus, Dr. Sandefur presented seven program modifications for the Board's consideration. (The program modifications are summarized beginning on page E-1 of the OSU Agenda, which is on file in the Board of Regents' Office as Document No. 1-10-24-14.) He said representatives from the OSU-OKC campus are present if the Board has questions. Upon approval, the requests will be forwarded to the Oklahoma State Regents for Higher Education for consideration.

Regent Reese moved and Regent Link seconded to approve the program modifications for OSU-OKC as presented.

President Hargis requested Senior Vice President Weaver to present information pertaining to Business and Finance:

F-1 Approval to Establish Fund for Merit and/or Market-Based Pay Adjustments

Mr. Weaver requested Board approval to establish a fund equaling not more than 2.5 percent of the FY-15 salary budget approved by the Board in June, 2014, to enable merit and/or market-based pay adjustments for faculty, staff, and administrators of Oklahoma State University and constituent agencies.

Regent Watkins said she is supportive of the pay adjustments and is proud of the people who are receiving them; however, she noted that there are about 27 categories of employees who have take home pay of approximately $1,000 per month for full-time employment. She said she hopes
this situation is addressed and that consideration is given to these employees. Chairman Davis said he appreciates those comments.

Regent Link moved and Regent Lester seconded to approve the request to establish a fund equaling not more than 2.5 percent of the FY-15 salary budget to enable merit and/or market-based pay adjustments for faculty, staff, and administrators of Oklahoma State University and constituent agencies.

G-1 Approval of Peace Officers

Mr. Weaver requested approval of the peace officer actions for OSU-Stillwater as presented.

Regent Anthony moved and Regent Milner seconded to approve the following campus police appointments and to authorize the OSU administration to make the appropriate arrangements for expediting the appointments.

for review and was brought forward by Dr. Clint Rusk, Head of the Animal Science Department.

Regent Hall moved and Regent Anthony seconded to approve the renaming of
the Animal Science Arena to Totusek Arena in honor of Dr. Robert Totusek.

Regent Anthony said Bob Totusek was a longstanding member of the Stillwater community and
the University and had done innumerable things to improve both the University and community.
It is an honor to recognize Dr. Totusek by naming this arena after him. Chairman Davis said he
would concur that Dr. Totusek was “Mr. Animal Science” at OSU and is certainly deserving of

Regent Link asked if this is the same piece of property in which OSUIT has been in contract negotiations or if this is a new piece of property. Dr. Bill Path, President of OSUIT, said the land that was previously discussed is south of campus. This particular piece of property is north of campus and has been used as a salvage yard for a number of years. He said OSUIT borders this property on three sides. Regent Link asked if negotiations were reached on the property south of OSUIT, and Dr. Path responded affirmatively.

Mr. Weaver said items I-1 through I-7 were discussed with members of the Fiscal Affairs and Plant Facilities Committee at its meeting this morning.

Regent Hall moved and Regent Reese seconded to select Miles Associates, Tulsa and Oklahoma City, Oklahoma, as the Architect to assist the University with the design and construction of a Research Facility and to begin the purchasing process for all associated furniture, fixtures and equipment necessary for the completion of this project.

I-3 Approval to Select On-Call Consultants to Provide Civil Engineering As-Needed Services to the University System and Institutions Governed by the Board

Regent Hall reported that the Committee met with the OSU administration regarding approval to select on-call consultants to provide civil engineering as-needed services to the University System and institutions governed by the Board. He said the Committee acted to recommend Board approval to select CEC, Oklahoma City, Oklahoma; Cardinal Engineering, Oklahoma City and Woodward, Oklahoma; Guernsey, Oklahoma City, Oklahoma; and Dewberry, Tulsa, Oklahoma.
Regent Hall moved and Regent Reese seconded to select the four Civil Engineering firms as listed in the OSU Agenda to provide as-needed services to the University System and institutions governed by the Board.

I-4 Approval to Select On-Call Consultants to Provide Mechanical, Electrical and Plumbing Engineering Services As-Needed to the University System and Institutions Governed by the Board

Regent Hall reported that the Committee met with the OSU administration regarding the selection of on-call Mechanical, Electrical and Plumbing (MEP) engineering firms to provide as-needed services to the University System and institutions governed by the Board. He said the Committee acted to recommend Board approval to select F+S+B, Oklahoma City, Oklahoma; Flynt & Kallenberger, Broken Arrow, Oklahoma; Cynergy AEC, Tulsa, Oklahoma; and Guernsey, Oklahoma City, Oklahoma.

Regent Hall moved and Regent Reese seconded to select the four on-call Mechanical, Electrical and Plumbing engineering firms as listed in the OSU Agenda to provide as-needed services to the University System and institutions governed by the Board.

Chairman Davis said as discussed during the Committee review of this request, the selection of the on-call engineering firms is made to cover the overall A&M System.

I-5 Approval to Expand the Scope of Work for the Engineers of a Previously Approved Project for the Utilities Master Plan to Continue into the Design of a New Central Plant and Associated Distribution

Regent Hall reported that the Committee met with the OSU administration regarding approval to expand the scope of work for the engineers of a previously approved project for the Utilities Master Plan to continue into the design and construction of a new Central Plant and associated distribution for the Stillwater Campus. He said the Committee acted to recommend Board approval of the administrative recommendation.
Regent Hall moved and Regent Anthony seconded to approve the expansion of the scope of work for the engineers of a previously approved project for the Utilities Master Plan to continue into the design and construction of a new Central Plant and associated distribution for the Stillwater campus.

I-6 Approval Requested to Begin Selection Process for a Construction Manager At Risk to Assist the University in the Design and Construction of a New Central Plant and Associated Distribution

Regent Hall reported that the Committee met with the OSU administration regarding approval to begin the selection process for a Construction Manager At Risk to assist the University in the design and construction of a new Central Plant and associated distribution. The Committee acted to recommend Board approval of the administrative recommendation.

Regent Hall moved and Regent Anthony seconded to authorize Oklahoma State University to begin the selection process for a Construction Manager at Risk to assist the University in the design and construction of a new Central Plant and associated distribution for the Stillwater campus and to authorize the Utilities and Energy Management Department to purchase boilers and chillers as owner purchased and contractor installed equipment.

I-7 Approval to Engage Beck Design to Assist the University with the Design and Construction of a Memorial

Regent Hall said the Committee met with the OSU administration regarding approval to engage Beck Design, Architects of Tulsa, Oklahoma, to assist the University with the design and construction of a memorial. The Committee acted to recommend Board approval of the administrative recommendation.

Regent Hall moved and Regent Anthony seconded to engage Beck Design, Tulsa, Oklahoma, to assist the University with the design and construction of a memorial to be located in the Athletics area of the campus.
Chairman Davis said as he stated during the Committee meeting, he appreciates Mr. Don Beck’s commitment and his generosity for volunteering his services at no charge to the University. Mr. Weaver said this will be shared with Mr. Beck.

The motion carried.

I-8 Approval to Begin the Purchasing Process for Furniture, Fixtures and Equipment for University Commons

Mr. Weaver requested Board approval to begin the purchasing process for furniture, fixtures and equipment for the University Commons on the OSU-Stillwater campus. This action does not increase the cost of the project. These purchases will be within the $65 million total project cost previously approved.

Regent Hall moved and Regent Anthony seconded to authorize Oklahoma State University to begin the purchasing process for furniture, fixtures and equipment for the University Commons on the OSU-Stillwater campus.

The motion carried.

I-9 Approval to Dispose of Obsolete Building on OSUIT – Okmulgee Campus

Mr. Weaver requested Board approval to dispose of an obsolete building on the OSUIT-Okmulgee campus. He said the structure to be disposed of is Building #650, which is a house at the corner of Mission and Kennedy in Okmulgee.

Regent Anthony moved and Regent Milner seconded to authorize the disposal of an obsolete building on the OSUIT-Okmulgee campus as presented.

The motion carried.

J Purchase Requests

Mr. Weaver presented the purchase requests and recommended their approval. (The purchase requests are listed on page 10 of the OSU Agenda, which is on file in the Board of Regents’
Office as Document No. 1-10-24-14.) He requested approval to purchase the items as listed, subject to the availability of funds and/or the limitations of the budget. He noted that the list contains five purchase requests.

Regent Anthony moved and Regent Link seconded to approve the request for the OSU-Center for Health Sciences to pay Mercy Health Systems/Mercy Technology Services the estimated amount of $4,200,000 for implementation, one-time costs, and first year maintenance; and the estimated annual amount of $1,650,000 for software hosting and maintenance for utilizing the Epic electronic medical record and revenue cycle management system (purchase request No. 1, page 10, OSU Agenda).

Regent Anthony said the electronic records are needed and this is the best system available on the market. He said he would encourage the staff to ensure that CHS has a wonderful relationship with Mercy. It is a short-term management agreement, and he wanted to make certain that there is an understanding that it continues once this purchase has been made. Regent Anthony said he would encourage the staff to confirm as it moves forward. Mr. Weaver said this will be done.

Regent Link asked if OSU will own the technology and software. Mr. Eric Polak, Vice President for Administration and Finance, OSU Center for Health Sciences, said Mercy is hosting the software. CHS has licensing but it does not own the software. He said the software cannot be purchased directly. Regent Link asked if that license is transportable. Mr. Polak said CHS would either have to continue the relationship with Mercy or find another source for an electronic medical record system. He said Mercy would potentially continue to host CHS at the same agreed-upon rate if the other relationship did not develop. Regent Link said CHS is actually buying a license from Mercy, and Mr. Polak said this is correct. He said Mercy is an authorized reseller of the product through Epic. Regent Link asked if it is bothersome that it is not transportable. President Hargiss said he believes all of those concerns have been addressed. Epic is all over the country.

**Balance of Purchase Requests**

Regent Burns referenced purchase request No. 4 regarding the request for Risk and Property Management to purchase prescribed fire consulting and contracting services. He asked where the prescribed burn will occur. Mr. Weaver said it will be at the Lake Carl Blackwell area. Regent Burns asked if this involves completing the project that began earlier regarding the destruction of the cedar trees around Lake Carl Blackwell. Mr. Weaver said this is correct and managing it going forward. If the Board will recall, the discussion regarding the project was
more than just cutting down the cedars and hauling them off. The land needs to be cared for on a regular basis.

Regent Hall asked if OSU will competitively bid the actual prescribed burning process, and Mr. Weaver responded affirmatively.

Chairman Davis asked for further information on purchase request No. 5 regarding the request to purchase sculptor artist service to create bronze sculpture pieces for the OSU Welcome Plaza. Mr. Weaver said he asked Steve Dobbs, Manager of Physical Plant Grounds and Landscape, to be present to address this matter. He said a committee consisting of Ann Hargis, Steve Dobbs, Nigel Jones, the Head of the Art Department, and a number of other individuals was formed to choose the art work and to help identify places on campus for an OSU Welcome Plaza. He said the plaza will be on the east side of the Student Union between the Union and the Alumni Center, which will be highly visible to parents and prospective students. Mr. Weaver said the committee interviewed artists and wanted to select an image of a mare and a colt that would reflect the transition from parenthood to student. The amount of $325,000 involves the art, setup, and installation. Mr. Weaver asked Mr. Dobbs to present the renderings of the proposed art. He said he also wanted to brag on Mr. Dobbs regarding the beauty of the campus.

Mr. Dobbs said he has a great team doing the work on campus. Regarding the art project, he said the artist being recommended is Marrita Black from Gainesville, Texas. The committee narrowed the competition down to three artists who presented clay sculptures of a mare and colt. The committee felt very strongly with OSU being an agricultural school that this representation should be very true to nature. He noted that Ms. Black’s attention to detail was very specific. A rendering was presented of the proposed sculpture.

Regent Anthony asked exactly where the project will be located. Mr. Dobbs said it will be located on the turf space at the south entrance to the Student Union, and a rendering reflecting the site of the OSU Welcome Plaza was shared with the Board. The Plaza will be one of the first things people see exiting the Student Union Parking Garage headed either to the Student Union or the Alumni Center. Mr. Weaver said it is going to be the next great photo op location on campus.

Regent Milner moved and Regent Anthony seconded to approve the balance of the purchase requests as listed in the OSU Agenda.

President Hargis said that was an interesting committee which was comprised of individuals from the equine area as well as individuals from the art area.
Distinguished Graduates of the College of Agricultural Sciences and Natural Resources

President Hargis said this afternoon three very distinguished individuals will be honored as Distinguished Graduates of OSU’s College of Agricultural Sciences and Natural Resources. The recipients include Dr. Barry Pollard, a neurosurgeon, a major John Deere dealer, and a big angus operator; Larry Shell, former President of OSU’s Alumni Association; and Ross McKnight, co-chair of the Branding Success campaign.

The business of Oklahoma State University being concluded, President Hargis and members of the OSU administration were then excused from the meeting.

**Fiscal Affairs and Plant Facilities Committee**

(In addition to items discussed during the business of Oklahoma State University, the Committee also considered the following.)

**Approval of Amendments to Board Policy/Rules**

Regent Hall said the Fiscal Affairs and Plant Facilities Committee met with representatives of the Board’s Office of Legal Counsel regarding approval of proposed amendments to Board Policy 2.16 and Board Rules 30:10-1-2, 30:10-1-8, 30:10-1-9, and 30:10-1-10 regarding construction contracts and consultant selection. He said the Committee acted to recommend Board approval of the proposed amendments. (A document entitled “Proposed Construction Policy Revisions” outlining the proposed amendments is on file in the Board of Regents’ Office as Document No. 5-10-24-14.)

Regent Hall moved and Regent Anthony seconded to approve the proposed amendments to Board Policy 2.16 and Board Rules 30:10-1-2, 30:10-1-8, 30:10-1-9, and 30:10-1-10 regarding construction contracts and consultant selection as presented.

Chairman Davis said he would again take this opportunity to thank Mr. Stephens and his staff for the job of being proactive and making these changes. He said he believes the revisions will be beneficial in the long run.

Personnel Actions

Mr. Ramsey said there are several items that fall under personnel actions. The first is that the Presidential Compensation Task Force has recommended that the Board approve compensation adjustments for Connors State College President Tim Faltyn and Langston University President Kent Smith. These recommendations are reflected in Schedule A. (Schedule A is on file in the Board of Regents' Office as Document No. 6-10-24-14.)

Regent Lester moved and Regent Burns seconded to approve the Presidential Compensation Task Force recommendations regarding changes in compensation for Connors State College President Tim Faltyn and Langston University President Kent Smith.

Mr. Ramsey also presented recommended salary changes for several members of the staff of the Board of Regents. He said these are reflected in Schedule B. (Schedule B is on file in the Board of Regents' Office as Document No. 7-10-24-14.)

Regent Lester moved and Regent Anthony seconded to approve the compensation adjustments for several members of the staff of the Board of Regents as listed in Schedule B.

In addition, Mr. Ramsey said he has a recommendation for a new employee in the Office of Legal Counsel. He recommended the appointment of Clint Pratt to fill a Staff Attorney II position.

Regent Lester moved and Regent Burns seconded to approve the employment of Clint Pratt as Staff Attorney II in the Office of Legal Counsel, effective November 30, 2014, at an annual salary of $76,875.

Mr. Stephens said he wanted to brag on Legal Counsel’s new hire, Clint Pratt. He said 94 applications were received for this position, and Mr. Pratt rose to the top. Mr. Pratt is a seven-year prosecutor for Cleveland County. Legal Counsel needed someone with litigation background, and Mr. Stephens said Mr. Pratt will be able to help him and Scott Fern quite a bit. He is an exceptional man and many recommendations were received from a variety of people. He is an Oklahoma State University graduate, which is an added plus.

Comments by Director of Internal Audits

Mr. Strande said he has enjoyed the transition and sharing with Michelle Finley the opportunities and challenges of the Department of Internal Audits these past two weeks. On behalf of the Board of Regents, Chairman Davis welcomed Ms. Finley and said he looks forward to continuing to work with her.

Adjournment

At approximately 11:40 a.m., Regent Milner moved and Regent Hall seconded that the meeting be adjourned.
