STRATEGIC PLAN

2022-2027
INTRODUCTION

Northeastern Oklahoma Agricultural and Mechanical College (NEO) was founded on March 17, 1919 under Oklahoma State Senate Bill 225. Ottawa County Representative James Mabon sponsored the bill as he saw an increasing demand for educated mine operators. Established as the Miami School of Mines, NEO soon offered a broad range of courses including botany, home economics, and chemistry. NEO held its first commencement in 1922 with a graduating class of three people: Zella Donohue of Miami, Willet Warner of Picher, and Loren Van DeGriff of Picher.

As NEO became an important part of the education of northeastern Oklahoma, the Board of Regents for the Oklahoma Agricultural and Mechanical Colleges changed the name of NEO Junior College to Northeastern Oklahoma Agricultural and Mechanical College in 1943. Two years later, football coach “Red” Robertson named the Norseman as the official mascot of NEO. In 1981, Dr. Nick Calcagno designed and created a nine-foot statue of Odin that now serves as a symbol of NEO.

NEO is dedicated to providing opportunities that promote excellence in learning, service, and leadership in a global society. For nearly a century, NEO has been preparing students to be successful in life. At NEO, students are proud of their decision to become Norsemen. In only two years, NEO enables its students to obtain an associate degree that will grant them limitless opportunities. Our programs make students work-ready or prepared to transfer through a low student to teacher ratio and hands-on training.

As a premier two-year college in Oklahoma and the surrounding four-state area, NEO understands the importance not only of providing education for our students, but also supporting them. NEO’s strategic plan will ensure a proactive approach through the continued development and support of our students, employees, and resources.
SUMMARY OF THE STRATEGIC PLANNING PROCESS

NEO began a strategic planning initiative in 2021. The following plan was designed to continue fulfilling NEO’s mission to provide opportunities that promote excellence in learning, service, and leadership in a global society. The following document was created as an internal working document to outline the product of the strategic planning initiative.

The goal of the strategic planning process was to establish a path leading toward future growth and success. During the fall 2021, a strategic planning committee was established. The committee was comprised of NEO faculty, staff, administrators, alumni, students, and Miami community members. The committee conducted a strength, weakness, opportunity, and threat analysis and received input from several stakeholder groups through a survey instrument that was designed to provide insight from a broader NEO audience.

Five strategic priorities were identified through the data collected from the survey and focus groups. These priorities include:

- Academic and Student Success
- Campus Safety and Facilities
- Enrollment Management - Retention and Recruitment
- Personnel Support and Development
- Resource Development

Subcommittees representing each of the five strategic priorities were created consisting of current employees, community members, alumni, and students. Each group was tasked with collecting data and establishing goals, outcomes, and action plans for each priority.

Northeastern Oklahoma A&M College seeks to create an environment focused on the student success through the creation/expansion of evidence-based policies and programs.

PURPOSE

The Academic and Student Success Strategic Planning Sub-Committee seeks to increase the success rates of NEO students, as measured through graduation/transfer rates. NEO can accomplish this by enhancing existing programs or creating new programs that support student mental health, resilience, and classroom preparedness.

GOALS

1. Improve intervention strategies for all students
2. Improve academic advisement/mentorship
3. Improve success rates of first-time full-time freshmen online students.
4. Improve resources for online students.

OUTCOMES

• Improve first-time full-time student retention and graduation rates by 3% over a 5-year period.
• Develop programs to enhance mentorship and advisement across campus
• Create a professional development program for employees to focus on responding to student needs

RATIONALE

NEO is dedicated to ensuring student success and retention, and students will have a better learning experience when faculty and staff provide academic support and improved services in all areas of the campus.
STATEMENT OF NEEDS

Student success is an ever-present concern in higher education and many students lose sight of their educational goals because they do not have a clear and achievable academic plan, face unexpected hurdles such as mental health needs, or are unprepared for the learning environment.

ACTION PLAN

- Create orientation for online students
- Develop Zoom tutoring for online students
- Create training programs to enhance advisement/mentorship
- Implement intervention strategies for students not associated with activity programs
- Conduct analysis of mental health services and student needs and develop plan of action
- Implement strategies to encourage student attendance
### Campus Safety and Facilities

**MISSION**

Northeastern Oklahoma A&M College will foster and maintain an environment that is safe, secure, and stable for living, learning, and working.

**PURPOSE**

The Campus Safety and Facilities Strategic Planning Committee aims to create and maintain an environment where students, staff, and faculty feel safe and comfortable. Security and comfort should be provided through a proactive and comprehensive plan that addresses possible safety and comfort concerns on campus.

**GOALS**

1. Improve living environment in residence halls
2. Offer enhanced learning and working environment in academic buildings
3. Campus security systems evaluation and upgrades

**OUTCOMES**

- Improve air quality in four residence halls for approximately 70% of on-campus living population
- Improve learning and working environment for 90% of students and employees
- Enhanced campus safety through improved lighting, surveillance systems, and access control

**RATIONALE**

Providing the basic needs to students, employees, and visitors is essential in continuing a high-level service model. Safety, security, and comfort is essential to the mental and physical well-being of NEO’s stakeholders and is critical in attracting and retaining students and employees.
STATEMENT OF NEEDS

A continual emphasis in updating safety initiatives and improving campus facilities will signal to stakeholders a commitment to their well-being and to a continued high level of excellence.

Enrollment Management - Retention and Recruitment

MISSION
Northeastern Oklahoma A&M College is committed to creating an environment focused on the recruitment, retention, and academic success of students through improved overall campus policies, processes, and communication.

PURPOSE
The Enrollment Management Retention and Recruitment Strategic Planning Subcommittee aims to improve recruitment, retention, and academic success seeking to increase the excellence in all areas of the NEO campus to ensure student body growth, academic success, and degree completion. NEO can accomplish this through fostering collaborative efforts by faculty, staff, and students to improve communication, policies, and processes.

GOALS
1. Increase enrollment by developing programs to target secondary markets
2. Enhance the overall student experience
3. Centralize and enhance communications with students
4. Improve quality of information available to students and employees
5. Strengthen marketing practices and strategies

OUTCOMES
- Increase matriculation rate of applicants by 5-10%
- Increase enrollment by 1% annually over a 5-year period
- Improved student and employee understanding of college processes

RATIONALE
NEO is dedicated to ensuring student success. As a two-year institution serving primarily first-generation students, NEO must prioritize and work to ensure equal access to consistent and
accurate information as well as quality course materials.

Quality and effective communication is essential for student success upon entry into college. Employees must be trained to help guide new students to a clear understanding of NEO policies, processes, and resources.

To remain a viable option for current students and an enticing option for new students, NEO must provide clear, consistent, targeted communication; accurate information; and a quality comprehensive student experience.

STATEMENT OF NEEDS

Student recruitment and retention are ever-present concerns in the higher education landscape, especially in the post-2020 environment. Institutions of higher education must be able to convince potential students of the value and applicability of a degree as well as provide adequate resources and communication throughout their educational endeavor.

NEO students and employees must be equipped with a thorough understanding of collegiate policies, processes, and resources. Decentralized campus communication may create duplicated and redundant messaging deterring student recruitment and retention.

Student degree progress and completion is reliant on accurate degree information shared with students and college employees. Advisement is enhanced with this effective information communication.

ACTION PLAN

- Launch new college website
- Update degree check sheets
- Analyze current college application and advising processes to adjust and help increase student and employee understanding
- Centralize communications (including central calendar of events and CRM system)
- Improve relationships with area high schools
- Create innovative marketing plan
Personnel Support and Development

MISSION
Northeastern Oklahoma A&M College seeks to create a workplace that values creativity, dedicated performance, and fulfillment for all employees.

PURPOSE
The Personnel Support and Development Planning Committee aims to address needs associated with NEO’s mission and vision statements by prioritizing the recruitment, support, and development of campus personnel.

GOALS
1. Increase engagement activities with employees
2. Enhance marketing and onboarding efforts for employees
3. Improve employee compensation package
4. Establish professional development opportunities

OUTCOMES
• Add annual campus activities for employee engagement
• Create employee appreciation program
• Increased employee compensation based on enrollment targets
• Professional development opportunities
• Improved on-boarding training
• Increased employee satisfaction and fulfillment
• Employee satisfaction baselines established for future measurement

RATIONALE
To maintain the highest level of service to students, attracting and retaining quality employees is critical. Identifying qualified employees in the rural location of Miami, Oklahoma has proven challenging and retaining a motivated workforce during a competitive environment will continue as a difficult issue for NEO.
STATEMENT OF NEEDS

To continue delivering services aligned with the NEO mission and vision statements, a highly effective workforce is essential. A quality employee base will allow NEO to consistently offer students a valued educational experience. With rising competitive salaries in the region and a shrinking population, NEO must prioritize efforts to find, retain, and develop high quality employees.

ACTION PLAN

- Increase Administrative leave by 1-2 days
- Work with supervisors to develop appreciation initiatives for employees
- Develop a Professional Development Certificate for employees
- Create marketing plan for attracting and recruiting employees
- Conduct feasibility study on offering 4-day class schedule & flexible work week
- Create annual employee survey to establish baseline and continuing satisfaction and needed improvements
- Create enhanced onboarding program for newly hired employees
Resource Development

MISSION

Northeastern Oklahoma A&M College seeks to develop relationships that yield philanthropic resources to advance the College’s mission.

PURPOSE

The Resource Development Strategic Planning Committee aims to address needs associated with NEO’s mission and vision statements in support of student success through partnerships with alumni, tribal nations, community stakeholders, policymakers, and grant-awarding agencies. The Committee seeks to identify priority initiatives that leverage the efforts of the College’s administration and employees.

GOALS

1. Develop relationships with regional constituencies that benefit NEO and Northeast Oklahoma

2. Secure grants and donations that will lead to new or increased sources of revenue for the College.

3. Improve digital communications/marketing campaigns focused on reengaging alumni

OUTCOMES

- Secure $200,000 in new grant awards annually
- Increase presence on social media platforms and digital communications
- Develop initiatives in partnership with tribal partners to support NEO programs
- Begin annual giving programs to generate annual gifts, including online donations
- Increase database of alumni contacts and build platform to support engagement.
- Increase the number of presidential partners by 50% over 5-year period
RATIONALE

NEO can no longer afford to solely rely on tuition/fees and state appropriations to address needs associated with our mission. We must become more aggressive at communicating the value of the mini-university, student-centered experience we offer, to gain the support of alumni, community, tribal, Foundation and corporate partners. We need to leverage the talents of employees to prioritize efforts that will lead to the best returns-on-investment by intentionally identifying grant and collaboration opportunities, and through embracing trends in social media/digital giving. NEO needs to be on the forefront of low cost-high impact practices in our pursuit of external resources. We have a compelling "story to tell," a history steeped in tradition and forward-thinking leadership.

STATEMENT OF NEEDS

Budget constraints associated with NEO’s shrinking prospective student base and flat state appropriations have led to large gaps in our ability to fund equipment, supplies professional development and personnel critical to carrying out the College’s mission in promoting student success academically and in co-curricular programs that teach leadership skills and the importance of civic participation. Simultaneously, there is a desire to maintain NEO’s current tuition/fees so that a quality education is affordable and accessible to all. Therefore, it is incumbent on the College to invest in efforts that directly lead to securing external resources.

ACTION PLAN

- Invest in the Foundation Directory Online grant database and develop annual grants calendar
- Consult with experts in new media/fundraising best practices ($6,000 estimated cost; one-time fee to develop tools/strategies)
- Develop and implement a planned giving fundraising program
- Develop a comprehensive communication plan to engage with alumni
- Cultivate external partnerships and relationships that provide access to resources for the benefit of the College

a. Upward Bound Grant FY 2023- We have received notice from the US department of Education the award for the TRIO Upward Bound program for Fiscal Year 2021-2022. This award is the 1st year of a 5 year grant for the period of September 1, 2022 through August 31, 2027. The announced allocation is $348,982. The grant offers services to participants who reside in an impoverished three-counties in Northeastern Oklahoma and who attended one of 15 target high schools. All grant services and activities are targeted on the motivation and skills necessary to succeed in education beyond high school. Board authorization is requested to expend grant funds, including payment of administrative allowances at year-end, according to grant guidelines.

b. Federal Awards for Campus-Based Student Financial Aid Programs for FY 2023- The federal government has advised us of our tentative awards for the Supplemental Education Opportunity Grant (SEOG) in the amount of $100,490 and the Federal Work Study (FWS) elements of the Student Financial Aid (SFA) program for $150,989 for FY2022-23. Board authorization is requested to expend funds, including payment of administrative allowance at year-end, according to the financial aid program guidelines.

c. Adult Education & Family Literacy Grant 2022-2023 Allocation- We have received notification from the Oklahoma Department of Career and Technology Education of our allocation for the Adult Education & Family Literacy Grant for Craig, Delaware and Ottawa Counties. The allocation for Fiscal Year 2023-2023 is $119,211. These funds are used for the operation of an on-campus Adult Literacy Center that provides GED and HiSET test preparation, testing for any Oklahoma and/or bordering state residents as well as ESL (English as a Second Language/English Immersion) classes. He also thanked Regent Davis for attending OPSU’s recent commencement ceremony. This is a busy time on campus and they are finishing up the last of the roof projects, so all roofs will be completed by the start of the fall semester. He said summer enrollment is up by 14 percent, and fall enrollment is trending 9 percent up at this time. Dr. Blanton then highlighted various stories in *Panhandle* magazine. For undergraduate degree programs only

As part of the broader work of the Mathematics Success Initiative, the Math Pathways Task Force has identified four gateway mathematics courses that are suitable general education mathematics course options. These courses, College Algebra/Pre-Calculus, Introduction to Statistics, Functions and Modeling, and Quantitative Reasoning, are included on the Course Equivalency Project transfer matrix and provide rigorous mathematical content that is more relevant and appropriate for specific academic majors.

Please respond to the following questions:

1. Which mathematics course is required as part of the general education requirements? If the program allows for multiple gateway mathematics course options, provide a rationale for each.
   MT 1413 Contemporary Mathematics. This course is designed for students who are not on a STEM track.
2. Describe how the mathematics course was selected and how it best meets the needs of the program’s students.
   This course was selected and approved by the university general education committee. This course is a survey course. The course is an introductory to problem solving approaches using basic algebra, functions, linear and quadratic equation, measurement, geometry, and other topics in contemporary mathematics.
3. How does this mathematics course articulate with your partner institutions?
   This course is consistent with our partner institutions and is approved as part of the OSRHE Course Equivalency Matrix under the MA 201 Common Code.

(For more information regarding the gateway mathematics courses, please contact Dr. Rachel Bates (405) 225-9168)

(Explain how the matter of business for which interim approval is requested is related to the immediately foregoing statement.)

☐ (d) The matter is related to an emergency requiring action by the administration prior to the next meeting of the Board of Regents because of extenuating circumstances not referenced above. (Describe the specific extenuating circumstances.)

Langston University has partnered with Oklahoma State University Facilities Management (OSU FM) for the demolition of three structures on the Langston campus including Breaux Hall, Brown Hall, and the Water Tower. All three structures are in poor or below average condition and are not in use by the campus. In an effort to expedite the demolition, Langston University and OSU FM will engage an On-Call Construction Manager (OCCM), Centennial Construction, to assist in the necessary preparations and safe demolition of the structures. The informational item M.1. within our April 22, 2022, describing this project reflected an insufficient cost estimate for this project which has now been revised. The engagement of the OCCM is a deviation from the original plan and has increased the cost of this project; however, the OCCM is needed to provide the appropriate expertise and staffing to safely demolish the buildings in the allotted time frame for completion. We are making a request for interim approval to move the project forward and initiate the work of the OCCM immediately in order to complete demolition as soon as possible.
2. The administrative action for which interim approval is hereby requested is as follows (describe fully what action is proposed and, if necessary, use an attached sheet):

Approval is respectfully requested to engage with Oklahoma State University Facilities Management and approved OCCM, Centennial Construction, for the safe and expedient demolition of Breaux Hall, Brown Hall, and the Water Tower on the Langston Campus. Langston University will continue to work closely with OSU Facilities Management to coordinate all components of the project. A purchase order will be issued to OSU Facilities Management for the total project amount. The total cost for this project is estimated at $1,400,000.00 and will be funded through legally available funds.

3. State the actual cost or best estimated cost required to complete the action for which interim approval is requested. $1,400,000.00

4. Identify the fund or funds to be used in covering the cost stated above. L-710853

5. If verbal approval was previously granted, indicate to whom approval was given, the date, and whether by telephone or in person.

V. CONNORS STATE COLLEGE, WARNER, OKLAHOMA

President Ron Ramming and other members of the Connors State College (CSC) administration came before the Board to present the business of CSC and review the Agenda for members of the Board. (The CSC Agenda is attached to this portion of the minutes.)

President Ramming thanked Regent Milner for her service as Chair of the Board for the past year. He said he has enjoyed working with her very much. He then highlighted various stories of interest from the Connors Connection.

B-1 Adoption of a Memorial Resolution for Mr. A.D. Stone

Regent Davis moved and Regent Walker seconded to approve Item B-1 as presented in the CSC Agenda.

D-1 Approval of personnel actions

Regent Callahan moved and Regent Taylor seconded to approve Item D-1 as presented in the CSC Agenda.

E-1 Approval for off-campus delivery of courses for the summer 2022 semester

President Ramming said these are courses that are being offered at Eddie Warrior and Jess Dunn Correctional Centers. Regent Callahan asked how enrollment looks for the coming year. President Ramming said they feel pretty good about summer enrollment at the prison facilities. Everything is twice as hard in CSC’s service area with regard to enrollment.

Regent Callahan moved and Regent Baetz seconded to approve Item E-1 as presented in the CSC Agenda.

F-1  Approval of CSC’s proposed FY 2023 Budgets

P&B Committee member Billy Taylor said the committee met with the CSC administration to consider the proposed budgets for FY 2023 for CSC and acted to recommend Board approval of the budget proposal. (The FY 2023 budget documents for CSC are collectively on file in the Board of Regents’ Office as Doc. No. 8-6-17-22.)

Regent Taylor moved that the Board conditionally approve all elements of the budget as presented by the CSC administration, including any recommendations on salary and wages, changes in room and board rates, and proposed tuition and/or fees, subject to the correction of any errors in the preparation of the budget documents and any pending future budget decisions and personnel actions. Regent Baetz seconded the motion.

J-1  Approval of FY 2023 purchase orders over $75,000

President Ramming said most of these purchases are routine in nature. He said Item 3 is for risk management fees from the Office of Management and Enterprise Services, which have increased by approximately $70,000 over the last three years and he has been told they will continue to increase.

Regent Callahan moved and Regent Taylor seconded to approve Item J-1 as presented in the CSC Agenda.

VI. OKLAHOMA STATE UNIVERSITY, STILLWATER, OKLAHOMA

President Kayse Shrum and other members of the Oklahoma State University (OSU) administration came before the Board to present the business of OSU and review the Agenda for members of the Board. (The OSU Agenda is on file in the Board of Regents’ Office as Doc. No. 9-6-17-22.)

President Shrum welcomed new Regent Cary Baetz and said they look forward to working with him. She congratulated Dr. Jeanette Mendez on her selection as Provost and Senior Vice President at OSU. Dr. Shrum said Dr. Mendez has shown she has the leadership experience and character to fulfill the duties of Provost. She said OSU has strong numbers for the fall semester and the numbers are trending to show that class has potential to be the largest in OSU’s history. Freshman applications are up by 14 percent from last year and admissions are up 18 percent. Transfer applications are also up by 12 percent. She said the OSU Strategy is progressing well and the committees are gathering new information through alumni and donor listening sessions. The committees have also been gathering qualitative data from the Cowboy family using critical questions on research to the meaning of OSU’s land-grant mission. They are still on track to bring that Strategy to the Board in August. Todd’s Higher Education global impact rankings were published and OSU has increased its position to No. 63 out of 1,400 institutions for its sustainable development goals. Moreover, that placed OSU No. 4 in the U.S. Of great importance is the sustainable development goal No. 2, which is zero hunger. That is an important issue for the Ferguson College of Agriculture. On this particular issue, OSU ranks fifth globally and No. 1 in the United States. One of the scientists within the agriculture department has discovered a gene which can increase wheat yield by 10 percent. This has been called a watershed discovery in plant genetics and one that can have an impact on feeding the world’s population.

OSU announced in March a three-year partnership in residency between the McKnight Center for the Performing Arts and the New York City Philharmonic. This partnership will provide immeasurable opportunities for OSU’s students enrolled in OSU’s Greenwood School of Music and Stillwater Public Schools. She noted this partnership would not be possible without the generous support of the donors who make those two facilities possible.

President Shrum recognized OSU’s baseball and softball teams. She said the Cowboys ended the season with 42 wins, the highest number of wins since 2016. They were only one win short of advancing to the super regionals. The Cowgirls finished with a 48-14 record and made it to the semifinals of the College World Series. She said they are very proud of how both teams played and represented OSU.

She said OSU-Oklahoma City recently celebrated its 60th anniversary and is renovating its walking track, installing fitness equipment, and launching a series called “Cowboy Fit Events” that will be open to the public, which were all made possible in part by a $500,000 grant from the Tobacco Settlement Endowment Trust. The OSU Center for Health Sciences and the University of Arizona have partnered to research addiction and treatments. They are joining forces to combat the opioid
crisis and chronic pain through research, treatment, and education. She believes there will be some amazing things developed from that partnership. OSU-Tulsa is collaborating with Tulsa Community College to provide a seamless four-year university experience on the OSU-Tulsa campus. They have added a psychology major as a new offering in addition to business. OSUIT-Okmulgee (OSUIT) is one of only two Komatsu training schools in the United States and is the only University asked to host a customized, all-inclusive workforce training module for the military and incumbent workforce with heavy equipment experience on its campus. OSUIT was also awarded a Coronavirus Aid, Relief, and Economic Security Act grant to deliver fiber-optic technician program to train the workforce needed by agencies such as the Oklahoma Educational Television Authority, Oklahoma Emergency Management, and others.

B-1 Adoption of Memorial Resolution for Norman Nevill Durham
(The Memorial Resolution is attached to this portion of the minutes as ATTACHMENT A and considered a part of these minutes.)

Regent Callahan moved and Regent Hall seconded to approve Item B-1 as presented in the OSU Agenda.

Interim Provost Jeanette Mendez presented the following items pertaining to Personnel, Policy and Operational Procedures, and Academic Affairs:

D-1 Approval of personnel actions

President Shrum noted that the personnel items include a request for ratification of an interim approval for the appointment of Kenny Gajewski as OSU’s Softball Head Coach, granted by Board CEO Jason Ramsey on May 27, 2022.

Interim Provost Mendez said the personnel actions for OSU include 63 new faculty appointments, including the appointments of Dr. Wade Thomason as Professor and Head of Plant and Soil Sciences; Dr. Christopher Whittey as Professor and Head of Art, Graphic Design & Art History; and Dr. Tony Thornton as Professor and Director of Choral Activities in the Michael and Anne Greenwood School of Music. Other actions include 270 changes in appointment, including numerous appointments as department or division heads. There are four outstanding faculty being granted the honorary title of Regents Professor, as well as reappointment, promotion, and tenure actions sent forward this spring by the academic colleges and branch campuses. There are numerous appointments and reappointments to endowed chairs and professorships, as well as one correction to the appointment period for a previously approved action. Also included in this listing is a request to ratify an interim approval for a contract modification for Coach Kenny Gajewski.
Included for informational purposes is the appointment of Mr. Kenneth Wagner as the Director of Operations at the Hamm Institute for American Energy. He joined OSU after serving as Oklahoma’s Secretary of Energy and Environment. There are also nine retirements and twenty separations listed for information only.

Regent Callahan moved and Regent Baetz seconded to approve Item D-1 as presented in the OSU Agenda.

E-1 Approval of curricular changes including new degrees, program modifications, etc.

Provost Mendez said approval is requested for the curricular modifications included in this Item, except for the Bachelor of Science in Nursing. She noted this Item was discussed with the AAPP Committee.

AAPP Committee Chair Callahan said the Committee met with the OSU administration regarding approval of curricular changes including new degrees and program modifications and the Committee recommends Board approval, with the exception of the nursing program.

Regent Callahan moved and Regent Taylor seconded to approve Item E-1, with the exclusion of the Bachelor of Science in Nursing, as presented in the OSU Agenda.

Senior Vice President Joe Weaver presented the following items pertaining to Administration and Finance:

F-1 Approval of OSU’s Fiscal Year 2023 Budgets

P&B Committee member Billy Taylor said the committee met with the OSU administration to consider the proposed budgets for FY 2023 for OSU and its constituent budget agencies. The Committee acted to recommend Board approval of the budget proposal. (The FY 2023 budget documents for OSU are collectively on file in the Board of Regents’ Office as Doc. No. 10-6-17-22.)

Regent Taylor moved that the Board conditionally approve all elements of the budget as presented by the OSU administration, including any recommendations on salary and wages, changes in room and board rates, and proposed tuition and/or
fees, subject to the correction of any errors in the preparation of the budget documents and any pending future budget decisions and personnel actions. Regent Walker seconded the motion.

Regent Davis asked Mr. Weaver to give a summary of the budget to the full Board. Mr. Weaver said the main highlights are that enrollment is strong and there is a planned merit raise program for the fall semester. OSU will not raise tuition and fees for the Stillwater campus and branch campuses, except for OSU-OKC which is implementing a 6 percent tuition increase and a 1 percent fee increase. Things are looking good for the fall.

The motion carried.

G-1 Approval to grant permanent utility easement to the City of Oklahoma City

G-3 Approval to transfer funds for capital improvements (OSU-CHS)
Regent Baetz moved and Regent Davis seconded to approve Section G, Items 1 & 3 as presented in the OSU Agenda.

The motion carried.

G-2 Approval to sell interest in aircraft
Mr. Weaver said Item G-2 was discussed with the FAPF Committee.

Committee Chair Joe Hall said the FAPF Committee met with the OSU administration regarding this request. He said the University initially received 50 percent ownership of the aircraft through a donation in December 2013, which was divided equally between the OSU President’s Office and OSU Athletics. In September 2018 the OSU President’s Office sold its share to TulsAir. OSU Athletics has not been able to use the aircraft for the past two years due to COVID-19 and a shortage of available pilots, hence the desire to sell. The Committee acted to recommend Board approval of the administration’s request.

Regent Hall moved and Regent Davis seconded to approve Item G-2 as presented in the OSU Agenda.

H-1 Approval to execute a contract for development services with the OSU Foundation (OSU-System)
H-2 Approval to execute a contract for management services with the OSU Alumni Association
H-3 Approval to execute a Memorandum of Understanding with the OSU Alumni Association
H-4 Approval to renew an interim funding agreement with the OSU Foundation for the new residence for the President of OSU
H-5 Approval of changes to OSU and OSU/A&M Retirement Plans

Regent Taylor moved and Regent Walker seconded to approve Section H, Items 1-5 as presented in the OSU Agenda.

Mr. Weaver noted both items listed in Section I were discussed with the FAPF Committee.

I-1 Approval to select a construction manager at risk to assist the University with the design and construction of bowl seating repairs to Boone Pickens Stadium

Committee Chair Hall said the FAPF Committee met with the OSU administration to discuss this request. Construction is likely to begin in December 2022 for the north bowl, followed by the south bowl in 2023. The cost of this project is not expected to exceed $40,000,000. The Committee acted to recommend Flintco, LLC, as the construction manager for this project.

Regent Hall moved and Regent Taylor seconded to approve Flintco, LLC, as the construction manager for this project as presented in Item I-1 of the OSU Agenda.

I-2 Approval to increase the budget for a parking garage in Tulsa (OSU-CHS)

Committee Chair Hall said the FAPF Committee met with the OSU administration regarding this Item. This parking garage will serve the Veteran’s Affairs and mental health hospitals. Additional funding was received from both the City of Tulsa and Tulsa County. Total cost for the project is
not expected to exceed $16,500,000. The Committee recommended Board approval of the administration’s request.

Regent Hall moved and Regent Callahan seconded to approve Item I-2 as presented in the OSU agenda.

J-1 Approval of sole source & special request purchasing items
J-2 Approval of revolving and appropriated fund purchasing items
J-3 Approval of auxiliary enterprise fund purchasing items
J-4 Approval of plant fund purchasing items

Regent Baetz moved and Regent Walker seconded to approve Section J, Items 1-4 as presented in the OSU Agenda.

Regent Arthur referenced the wheat research at OSU and commended Dr. Brett Carver and his wheat improvement team. She said they are doing really incredible work and she encouraged the Regents to make time to go to Lahoma to see the amazing things the research team is doing. She said their efforts are something of which they should all be proud.

The business of Oklahoma State University being concluded, President Shrum and members of the OSU administration were excused from the meeting.
