Approval of Peace Officer Action (OSUIT)

Board approval is requested for the Peace Officer action listed below:

Commission:
Chad Chance - OSU Institute for Technology (OSUIT)

These actions are requested under the provisions of Title 74, Section 360.15 O.S. and the Board's regular commissioning procedures.

Approval of Actions Required to Refund Master Lease Program Bonds for Savings (OSU-STW)

Board approval is requested to submit the appropriate documents to OSRHE and take all necessary action to refund, through the Master Lease Program, the Master Real Property Lease 2015A Series bonds. These bonds originally financed the refunding of the Series 2004 Athletic Bonds, which were issued to finance the North Side renovations of Boone Pickens Stadium.

The university attempted to refund this debt with the May 2025 General Revenue Bond issuance, however, at the time we could not achieve enough savings to move forward. This approval is requested to provide flexibility should market conditions allow.

The potential refunding amount is currently estimated at $12,000,000, and the Bonds will be issued with principal sufficient to refinance all of these Master Lease Program Bonds, plus the cost of issuance. For any refunding to proceed, the Net Present Value savings as a percentage of the refunded principal must be greater than 3%, which is the minimum threshold of savings the Government Finance Officers Association identifies for assessing the appropriateness of a refunding.

Mitchell Emig, Administration & Finance Business Operations, is coordinating this item.

Approval for the College of Engineering, Architecture, and Technology to Dispose of Equipment Through Transfer to the University of South Florida (OSU-STW)

Board approval is requested to allow the College of Engineering, Architecture, and Technology (CEAT) to dispose of equipment through transfer to the University of South Florida (USF).

Dr. Mari Andiappan has accepted a position at USF and requests eleven pieces of equipment transfer with him. Five items, with a total original cost of $20,280, are titled to OSU, were purchased with departmental funds and had a remaining book value of $4,974 at the time of request. USF will pay OSU the book value of these items. Six items, with a total original cost of $11,869, were purchased with grant funds. The transfer of the equipment complies with the grantor's policies. USF will reimburse OSU for any costs to remove and transfer the equipment. The transfer will allow continuance of Dr. Andiappan's research in the area of plasmonic nanomaterials and high-dielectric metal oxide nanomaterials-based photocatalytic processes, solar energy conversion and storage, sustainable production of fuels, chemicals, and pharmaceuticals, and carbon dioxide conversion.

Faculty in CEAT have been surveyed concerning existing needs for this equipment in the foreseeable future, and it was determined no need exists to retain it for their use. All necessary approvals have been received according to University Policy and Procedure and the Department Head, Dean of the College, and Vice President of Research recommend this request be honored.

No funding is required.

Tammy Eck, Office of the Associate Vice President for Finance, and Kenneth Sewell, Division of the Vice President for Research, are coordinating this item.

Approval to Transfer Funds for the Acquisition of the Stillwater Young Men's Christian Association in Stillwater, Oklahoma (OSU-STW)

Board approval is requested to transfer $4,000,000 from State Fund 290, Educational and General Operations Revolving Fund, to State Fund 295, Capital Improvements Revolving Fund, for the acquisition of the Stillwater Young Men's Christian Association, in Stillwater, Oklahoma.

The Oklahoma State Regents for Higher Education requires approval of the institutional governing board for said institution to utilize Educational and General Funds (290) for capital expenditures. Those funds must be transferred to the Capital Revolving fund (295).

This acquisition was approved at the March 2025 Board meeting (G-3).

Tammy Eck, Office of the Associate Vice President for Finance, is coordinating this item.

Approval to Transfer Funds for the Scott Parker Wentz Cafeteria Remodel for the Nursing Program in Stillwater, Oklahoma (OSU-STW)

Board approval is requested to transfer $5,979,709 from State Fund 290, Educational and General Operations Revolving Fund, to State Fund 295, Capital Improvements Revolving Fund, for the Scott Parker Wentz cafeteria remodel project for the nursing program in Stillwater, Oklahoma.

The Oklahoma State Regents for Higher Education requires approval of the institutional governing board for said institution to utilize Educational and General Funds (290) for capital expenditures. Those funds must be transferred to the Capital Revolving fund (295).

This project was approved at the March 2024 Board meeting (J-2.a).

Tammy Eck, Office of the Associate Vice President for Finance, is coordinating this item.

Approval to Enter Into Ingress/Egress Agreements with Board of Commissioners for Payne County for Property Located in Stillwater, Oklahoma (OSU-STW)

Board approval is requested to enter into ingress/egress agreements with the Board of Commissioners for Payne County for property located in Stillwater, Oklahoma.

Board approval is also requested to allow the President, or their designee, to execute the documents.

These agreements will grant the Board of Commissioners for Payne County access to Board-owned lands to clear trees, run ditches, and slope banks in the designated areas. This will also allow County Commissioners to complete road improvements on the east and west sides of Sangre Road in areas generally described as:

> Tracts of land located in Section 8, T19N, R2E, of the Indian Meridian, Payne County, Oklahoma.

The requested work will be completed at no cost to the university, and the agreement will be effective until the date of completion and acceptance of project work by the Board of County Commissioners

The ingress/egress agreement documents will be reviewed by Board Legal Counsel prior to execution and will contain detailed legal descriptions and maps showing areas covered. Division of Agricultural Sciences and Natural Resources (DASNR) officials will be made aware of these proposed improvements.

No funding is required.

Suzanne Frits and Mitchell Emig, Administration and Finance Business Operations, Brandee Hancock, Deputy General Counsel, Chris Richards, DASNR, and Rhonda Markum, Board of Commissioners, Payne County District #3, are coordinating this item.

Approval to Execute a Deed, Certificate of Acceptance, and Seller/Owner Affidavit for Property Located in Tulsa, Oklahoma, to Effectuate the Donation of Real Property to The United States Department of Veterans Affairs (OSU-CHS)

Board approval is requested to authorize the Board Chair to execute a deed, Certificate of Acceptance, and Seller/Owner Affidavit for property located in Tulsa, Oklahoma, to effectuate the donation of land to the United States Department of Veterans Affairs. The real property to be donated is 5.8927 acres, more or less.

Closing costs and required title insurance are not expected to exceed $200,000.

In 2021, the Board executed a Gift in Place Agreement and a Design and Development Agreement (DDA) to partner with Veterans Hospital in Tulsa, LLC, and the United States Department of Veterans Affairs to construct a new VA hospital in downtown Tulsa adjacent to the OSU Medical Center. The agreements contemplate transferring the property in stages, upon agreement of the parties, to allow the VA to begin contracting and activation activities prior to substantial completion of the facility. Also in 2021, the Board adopted a Resolution in which it resolved to transfer the property and structures to the VA.

This first action transfers the land only, with subsequent transfers of the completed structures and finalization of obligations in the Gift in Place and DDA to occur in the fall of 2025. The VA is prohibited from entering into certain agreements prior to ownership or possession of real property. Transferring the land at this time allows the VA to enter into multiple agreements for utility services, equipment purchases, and installation of VA-procured items. This also removes any potential liability from the university for costs associated with the provision of steam and chilled water to the VA hospital provided by Vicinity Energy.

Funding will be from donor funds on deposit with the OSU Foundation.

Eric Polak, OSU-CHS, and Amy Newton, Board Legal Counsel, are coordinating this item.

DRAFT 5/16/2025

CERTIFICATE OF ACCEPTANCE UNDER THE DESIGN AND DEVELOPMENT AGREEMENT BETWEEN U.S. DEPARTMENT OF VETERANS AFFAIRS, VHiT, LLC, AND THE BOARD OF REGENTS FOR THE OKLAHOMA AGRICULTURAL AND MECHANICL COLLEGES

This Certificate Acceptance ("Certificate") under that certain Design and Development Agreement between U.S. Department of Veterans Affairs ("VA"), VHiT, LLC (“VHiT”) and the Board of Regents for the Oklahoma Agricultural and Mechanical Colleges ("Board") dated as of August 27, 2021 (the "Agreement") as amended, is entered into effective as of (the "Effective Date"). Capitalized terms not otherwise defined in this Certificate shall have the definitions ascribed to them in the Agreement.

WHEREAS, pursuant to the Agreement, the VA agrees to accept the construction and donation of the Inpatient Facility ("the Project"), on the Oklahoma State University Academic Medical Campus in downtown Tulsa, Oklahoma, in accordance with the "CHIP IN Act," Public Law 114-294 consistent with VA's mission to serve the Nation's Veterans; and

WHEREAS, VHiT is working towards completion of the Project in accordance with the Agreement and the Agreed upon Procedures as applicable; and

WHEREAS, in order to facilitate more efficient completion of the Project, the Board wishes to donate the real property associated with the Project to the VA; and

WHEREAS, the Agreement provides that VA will accept the Board’s donation of the Project through written correspondence and the Board shall provide VA with documentation appropriate to transfer ownership of the Project; and

WHEREAS, the Parties agree that this Certificate satisfies the requirements under the Agreement to effectively transfer the real property portion of the Project from the Board to VA and serves as the required documentation of VA's acceptance of the Project; and

WHEREAS, the Parties anticipate final completion will occur in phases following the transfer of real property, with each transfer evidenced with warranties and assurances as outlined in the Design Development Agreement; and

WHEREAS, the Parties shall continue to fulfill and satisfy all other obligations and requirements under the Agreement until final completion of the Project as contemplated therein.

NOW THEREFORE, the Parties agree as follows:

1. Donation and Acceptance of Real Property. As of the Effective Date the Board hereby donates, and VA hereby accepts donation of real property that are included in the Project. A General Warranty deed in substantially the form as attached **Exhibit C** will be executed and delivered by the Board to and for the benefit of VA.

2. Title and Closing. The Board agrees to convey good, marketable, and insurable fee simple title to the United States of America, free from all liens, claims, or encumbrances, except for rights of record acceptable to the U.S. Government. Title shall be conveyed by General Warranty deed, and the legal description shall conform to the government-commissioned survey. The VA specifically makes the acceptance of real property and validity of this Certificate contingent on the Board clearing noted exceptions to the title commitment offered by Chicago Title Insurance Company, specifically exceptions 19, 20, 21, 28, 29, 30, 32, 34, 46, and 50. The title company shall provide an updated title commitme65nt reflecting the removal of these exceptions. The Board anticipates these items to be cleared on or about June 2, 2025.

Closing shall include the recordation of the General Warranty Deed in the Tulsa County Public Registry. Final donation and acceptance of the inpatient facility will be contingent upon VA's receipt of all documentation appropriate to transfer full ownership of the property improvements as outlined in Article 3 Section D of the Design Development Agreement and listed in Exhibit A of this certification.

3. Evidence of Title and Costs. VHiT shall provide a title chain and a title commitment for the benefit of the United States of America no less than forty-five (45) days prior to the effective date of this transfer. VHiT shall be responsible for all costs associated with title insurance, preparation and recordation of the deed, and any other applicable transfer taxes or fees due at or before closing.

The United States reserves the right to communicate directly with the title company to ensure compliance with VA requirements and to address and resolve any curative title matters as needed.

4. Phase 1 Documentation and Transfer Timeline. VHiT shall provide the VA with a written list of items completed in connection with the first phase of the acceptance of the Project. This list shall be submitted concurrently with, or prior to, VA's acceptance of the real property. VHiT shall also provide a list of all remaining items necessary to complete the Project. Including any outstanding work or deliverables under the Agreement. This list shall include the anticipated date on which the final transfer of all Project improvements and related rights will occur.

5. Parking Garage Lease. On or about January 24, 2022, Oklahoma State University Center for Health Sciences ("OSU-CHS") and the VA entered into a Parking Lease Agreement, attached hereto as **Exhibit E**, whereby OSU-CHS leased to the VA 300 parking spaces in a parking garage to use cost-free for a period of twenty (20) years. Such Parking Lease Agreement shall commence as of the Effective Date as provided therein.

6. Unqualified Acceptance. VA's acceptance of the Project under this Certificate is without exception and represents VA's unqualified determination that VHiT and the Board have fully performed all of their respective obligations under the Agreement thus far and reaffirms the

commitment of the VA, VHiT, and the Board to fulfill the further obligations under the Agreement.

IN WITNESS WHEREOF, the Parties have caused their duly authorized representative to execute and deliver this Certificate Acceptance.

RE: Agreement Structure and Status Update for Construction of VA hospital, Psychiatric Hospital and Parking Garage in Academic Medical Campus Property in Tulsa

---

INTRODUCTION

I am updating the working document initially drafted in December of 2020 and updated in December 2022, April 2023, August 2024, and February 2025 describing the relationships of the parties involved in the development of a Department of Veteran's Affairs ("VA") hospital, a Psychiatric hospital, and an accompanying parking garage in downtown Tulsa, OK, and the status of the various projects. I have included how the parties anticipate to contract (subject to Board approval as applicable), or have contracted, to accomplish the construction of the facilities and any necessary legal authority for doing so. I have incorporated information from the memorandum titled "Status Update Regarding Academic Medical Campus Property in Tulsa" drafted in April 2023 in order to consolidate the two memorandums. As the projects progress, the information contained in this memorandum is subject to change. I have attached a helpful flow chart to this memorandum that provides a visual aid to the transaction structure, as Exhibit "A".

VA HOSPITAL

The VA hospital is being developed pursuant to the Property Improvements Needed for Veterans Act of 2016, commonly referred to as the "CHIP-IN Act". The CHIP-IN Act requires collaboration between the VA and a non-federal partner by authorizing the VA to accept donations from non-federal entities to help fund and expedite the construction of health-care related capital projects. The non-federal entity provides either (1) real property that includes a constructed facility or that is to be used as the site of a facility constructed by the donor, or (2) a facility to be constructed by the donor on VA-controlled property.[1] The CHIP-IN application filed by Oklahoma State University Center for Health Sciences ("OSU-CHS") for the development of a VA hospital in downtown Tulsa was accepted by the VA.

The property being used to construct the VA Hospital is a 10.34 acre plot of land in downtown Tulsa, Oklahoma which contains the formerly-named Kerr-Edmonson Building. The

[1] [1] Megan Moloney, *VA seeks partnerships to build and improve health-care facilities*, VAntage Point (Oct. 19, 2017), https://www.blogs.va.gov/VAntage/42350/va-seeks-partnerships-build-improve-health-care-facilities/.

Kerr Edmonson building was transferred from the Office of Management and Enterprise Services ("OMES") to the Oklahoma A&M Board of Regents ("Board") on January 1, 2021. The Oklahoma legislature enacted legislation to effectuate the transfer for this purpose, codified at 61 O.S. § 327.3 (2020). The Board formally approved the property transfer and an agreement with OMES detailing the transfer on December 11, 2020. The Kerr Edmonson building, with an estimated value of $35 million, is in the process of being completely renovated into a 58 bed VA hospital.

Private donors are also contributing an initial $10 million dollars in community support towards the construction of the VA hospital. OSU-CHS is collaborating with Veteran's Hospital in Tulsa, LLC ("VHiT") to manage these private dollars and the relationship with the VA. Congress initially appropriated $120 million dollars for the construction of the VA hospital, to be combined with the initial $10 million dollars in community support. VHiT negotiated with the VA on the renovations necessary to the Kerr Edmonson building and will be responsible for any cost overruns of construction. Since VHiT holds the appropriated and donated construction funds for the facility, The Board entered into a gift in place agreement pursuant to OSU-CHS policy to allow VHiT to complete the necessary renovations to the Kerr Edmonson building. This gift in place agreement was approved by the Board on January 29, 2021, and supplemented on November 1, 2022, to account for utility payments on the building while construction is ongoing. To memorialize the Board's contribution to the CHIP-IN transaction, on April 23, 2021, the Board passed a Resolution declaring its intent to transfer the Kerr Edmondson Building to the VA upon completion of construction.

VHiT, the Board, and the VA entered into a Design and Development Agreement ("DDA") effective August 6, 2021, to memorialize the initial $120 million appropriated dollars and perform the renovations to the facility. The Board signed this DDA in its capacity as property owner. The above-referenced gift in place agreement and Board Resolution were included as exhibits to the DDA. Due to increased costs of materials in 2022, it became necessary for the VA to appropriate an additional $31.2 million dollars to the project. The National Defense Authorization Act and associated appropriation bill allowing this appropriation was passed in December 2022. VHiT also pledged an additional $10 million dollars in philanthropic support. Additionally, the parties have negotiated what they would like the lot split at the end of the construction of the project to be. These changes necessitated an amendment to the DDA, which the Board approved at the December 2, 2022, meeting and all parties executed on April 5, 2023. A second amendment to the DDA was needed in order to incorporate updated terms of the Davis Bacon Act, and to give VHiT authority to acquire and install equipment in the VA Hospital on the VA's behalf. The second amendment was executed by all parties in July 2024.

Since OMES used a quitclaim deed to transfer the property to the Board and did not provide title insurance, OSU-CHS obtained an abstract of the property to determine if there were underlying title issues that should be corrected. OSU-CHS received a voluminous abstract and retained Bluestem Title company to evaluate it and provide recommendations and title insurance on the property. Bluestem Title found the property had been originally platted as a neighborhood before being transferred to the State of Oklahoma decades ago and the property still contained easements for streets, alleyways, and utilities. This means that unless those

easements are vacated by the City of Tulsa, the City and likely other utility providers have the right to construct streets and run utilities through the property. This is an issue since there are three planned construction projects on this property that cross many of these unvacated easements. OSU-CHS has also been working with a surveyor to make sure that we have an up-to-date survey based on the abstract. OSU-CHS and the Office of Legal Counsel retained PrayWalker to accomplish the necessary judicial vacations of easements, streets and alleyways. The Board approved PrayWalker's plan to cure the title defects at its March 8, 2024, meeting. PrayWalker finalized a quiet title action in the District Court of Tulsa County, applied for and obtained seven (7) ordinances with the City of Tulsa to close various rights of way, has completed the quiet title action to accomplish partial vacation of plats with the District Court of Tulsa County, and has filed the final action to vacate and foreclose the right of the City of Tulsa to reopen the rights of way. The hearing on this action is scheduled for June 2, 2025. In addition to the title curative work cleaning up old easements, new easements are needed with various utility providers and the City of Tulsa to provide services to the new facilities. Board approval is being sought for each of these new easements, as they arise.

Vicinity Energy ("Vicinity") was selected to provide steam and chilled water service to the VA Hospital. To provide the service, Vicinity would have to construct roughly $10 million in infrastructure upgrades. Before they were willing to proceed with the infrastructure upgrades, Vicinity required a signed utility services agreement. Since the VA, the entity who will be using the services, does not currently own title to the property, they refused to sign an agreement with Vicinity prior to taking ownership. In order to have the improvements completed by the time the VA Hospital is slated to open, OSU-CHS agreed to enter into a utility services agreement with Vicinity. Charges under the agreement will not begin until Vicinity is ready to deliver services to the VA Hospital, anticipated to be late 2025 or early 2026, after OSU-CHS plans to transfer ownership to the VA, as discussed below. Upon assumption of ownership, the VA will enter into a utility services agreement with Vicinity, and the OSU-CHS agreement will terminate. In the unlikely event the Vicinity services are operational prior to transfer to the VA, VHiT has agreed to pay up to $800,000.00 of the utility costs, thereby shielding OSU-CHS from monetary liability. OSU-CHS received interim Board approval to execute the utility services agreement in July 2024, and it was formally approved at the September 2024 Board meeting.

OSU-CHS would like to construct and maintain an easement for a monument sign in front of the VA hospital to indicate the VA hospital's place in the OSU Academic Medical District. An easement for this was approved at the March 2025 Board meeting. The easement includes specific non-merger of title language and is granted from the Board to the Board, therefore, we will not have to seek agreement from the VA for the construction or maintenance of this sign. Additionally, a mutual access easement was also approved at the March 2025 Board meeting allowing access to common or open areas between the three anticipated lots, discussed herein. Similarly to the sign easement, this easement contains non-merger of title language and is granted to the Board, from the Board. Also prior to transferring the property, a lot split will be performed since the VA hospital is only on a portion of the overall property. Board approval was obtained for the lot split in September 2024. The legal descriptions for the three plats, and the application for the lot split, have been prepared by the above-mentioned surveyor and

reviewed by PrayWalker and the Board's Office of Legal Counsel. The application has been approved by the City of Tulsa as well and is anticipated to be filed next week.

Once the title work is complete, OSU-CHS would like the Board to consider transferring the plat of real property containing the VA Hospital to the VA. A donation of property prior to final completion of construction will benefit the parties in several ways. Having an ownership interest in the property will allow the VA to enter into a utility services contract with Vicinity, therefore shielding VHiT and OSU-CHS from incurring any costs for those services to the facility; it will allow the VA to make necessary purchases of fixtures and equipment that must be placed in the facility before it can be completed; and it will allow the VA to more easily have its own contractors on site for installation of equipment. The Gift in Place Agreement states that donation of the Site to VA prior to completion of the project may be agreed to in writing by each and all of VHiT, the Board and VA. Along with the Deed, we are including a certificate of acceptance in the Board request item to effectuate this written agreement between the parties. The VA and VHiT are in support of the earlier donation. VHiT, the VA, and the Board will still be bound by the terms of the DDA until the full completion of the project. The request to donate the real property to the VA will be on the June 2025 Board Agenda. The plat to be donated contains 5.8927 acres, and as a part of the donation, OSU-CHS will pay closing costs of the transaction. The Board will retain ownership of the two remaining plats of the property to develop the projects discussed below.

Once the renovations are complete, OSU-CHS and VHiT will execute a Certificate of Final Acceptance evidencing the successful completion of the Gift in Place Agreement executed by those parties. This Certificate will include the value of the project by including either the construction cost of the project, or the fair market value of the project, in accordance with OSU-CHS policy. Substantial completion of the project is anticipated to be in November 2025.

It is anticipated Congress will appropriate an additional $120 million to cover furniture, fixtures and equipment, as well as other start-up costs of the new facility. Pursuant to an Office of Legal Counsel memorandum prepared in November 2018 titled *Legal Analysis for CHIP-IN Property Transfer from State to Federal Government*, containing an in-depth legal analysis (attached hereto as Exhibit "B"), the transfer of the facility to the VA is not constitutionally prohibited by the Oklahoma Constitution.

PSYCHIATRIC HOSPITAL

On a portion of land not conveyed to the VA ("Psychiatric Hospital Site"), the Oklahoma State University Medical Authority ("OSUMA") plans to construct a 106-bed psychiatric hospital. In June 2023, the Board approved a long-term ground lease with OSUMA for the Psychiatric Hospital Site to allow OSUMA to construct the facility. The Oklahoma Department of Mental Health and Substance Abuse Services ("ODMHSAS") will fund the majority of the construction through $15 million of state appropriated dollars and 56 million of American Rescue Plan Act ("ARPA") funds. In addition, the Oklahoma State University Foundation will contribute $16 million from private donors to fund the construction. OSUMA has entered into an agreement with OSU Long Range Facilities Planning for its assistance with

this project. OSUMA has broad authority to enter into such agreements pursuant to the Oklahoma State University Medical Authority Act, provided such actions support the educational aims of OSU-CHS.

At the conclusion of construction, OSUMA plans to sublease the psychiatric hospital to ODMHSAS to operate. OSU-CHS and ODMHSAS will also enter into an academic affiliation agreement which will allow OSU-CHS medical students and residents to gain clinical experience at the facility, fulfilling the educational support mandate of OSUMA.

PARKING GARAGE

Lastly, also on a portion of the property which will be retained by the Board, an approximately 500-car parking garage is planned to service the new facilities. The parking garage will be funded by sales tax dollars collected by the City of Tulsa through the Improve Our Tulsa Capital Improvements Program, Ordinance No. 24180, Title 43L, ARPA funding, and OSUMA funding. The City of Tulsa has allocated $8 million in sales taxes and $4 million in ARPA funds to fund the construction. OSU-CHS and the City of Tulsa entered into a Capital Projects Agreement on March 31, 2021, pursuant to which OSU-CHS will construct the parking garage. OSU-CHS has received two $4m dollar disbursements from the City of Tulsa thus far. Tulsa County is contributing $4 million in ARPA funds, and OSUMA is contributing $500,000. If there are any cost overruns, OSU-CHS will be responsible for the additional costs. Langston University entered into a similar agreement in 2018 to construct the Allied Health facility in Tulsa. At the end of construction, OSU-CHS will retain ownership of and maintain the parking garage. The DDA contemplates a no cost lease of 300 parking spaces to the VA pursuant to the terms of the CHIP-IN Act. On January 21, 2022, the Board approved such a lease which shall become effective upon the transfer of the VA facility to the VA from the Board.

CONCLUSION

The complexity of each project requires careful coordination between all parties involved to ensure each project is completed successfully. The necessary steps are being taken to ensure the protection of the Board-owned property and that all Board rules are followed in the process. At the end of construction, downtown Tulsa will contain an OSU academic healthcare center that is well-equipped to serve the needs of many Oklahomans and provide clinical experience opportunities to OSU-CHS students.

RE: Legal Analysis for CHIP-IN Property Transfer from State to Federal Government

---

LEGAL QUESTION

Does Article 10, § 15 of the Oklahoma Constitution prohibit the proposed transfer of state property by either the Oklahoma State University Medical Authority or Board of Regents for the Oklahoma A&M Colleges to the U.S. Department of Veterans Affairs for use as a new Veterans Affairs hospital?

LEGAL CONCLUSIONS

1. A donation or gift to the Federal Government does not come within the purview of Article 10, § 15 of the Oklahoma Constitution, and thus, it is not constitutionally prohibited.

2. Regardless of the fact that a donation or gift to the Federal Government is not prohibited by Article 10, § 15 of the Oklahoma Constitution, the proposed transfer of property likely does not constitute an unconstitutional donation or gift because the transfer is meant to provide many public benefits and promote economic development, which is a legitimate state function, and the benefits that are to be derived from that economic development constitute adequate consideration.

BACKGROUND

Oklahoma State University ("OSU") is presently considering a project related to the Communities Helping Invest through Property Improvements Needed for Veterans Act of 2016, commonly referred to as the "CHIP-IN Act" (the "Act"). The purpose of the Act is to develop strategic partnerships between the U.S. Department of Veterans Affairs (the "VA") and the communities it serves. Under the Act, the VA is seeking donations in either the form of "(1) real property that includes a constructed facility or that is to be used as the site of a facility constructed by the donor, or (2) a facility to be constructed by the donor on VA-controlled property." Megan Moloney, *VA seeks partnerships to build and improve health-care facilities*, VAntage Point (Oct. 19, 2017), https://www.blogs.va.gov/VAntage/42350/va-seeks-partnerships-build-improve-health-care-facilities/. OSU is planning to issue a notice of intent to file a CHIP-IN application under the Act by the end of 2018 for a project related to a new VA hospital at the current site of the Kerr-Edmondson state office buildings at 440 S. Houston in Tulsa, Oklahoma.

The plan is for Oklahoma's Office of Management and Enterprise Services ("OMES"),

which currently owns the property, to transfer that property to either the Oklahoma State University Medical Authority ("OSUMA") or the Board of Regents for the Oklahoma A&M Colleges (the "Board"). At that point, a development entity (created by the Zarrow Foundation and the Tulsa Community Foundation) will receive private and public funds (both state and federal) to (1) renovate the existing building on the property for purposes of creating a new VA hospital, and (2) construct a new mental health hospital on the property. The portion of the property that will be renovated for the new VA hospital will be transferred to the VA pursuant to the CHIP-IN Act. However, the mental health hospital will not be transferred to the Federal Government and will instead be leased to the Oklahoma Department of Mental Health and Substance Abuse for its use.

The Board has broad statutory authority to convey property, as long as the conveyance is done in the best interest of its institutions and does not constitute a constitutionally impermissible gift.[1] Pursuant to 70 O.S. § 3412(8), the Board has the power to "convey, exchange or dispose of, or otherwise manage or control, such property in the interest of such institutions." The Oklahoma Attorney General previously considered identical statutory[2] language with respect to the power of the Board of Regents of the Oklahoma College of Liberal Arts to convey real property and stated that this statutory authorization "grants broad discretion in the Board of Regents of O.C.L.A. with respect to the disposition of property of the college." Okla. A.G. Opin. No. 74-139 (Aug. 29, 1974). The Attorney General thus held that "[w]here the Board of Regents determines that property of the college should be disposed of in the interest of the institution, it thus has the express authority to do so." *Id.* The only caveat the Attorney General placed on any such disposition of property was that it could not be "made in such manner as to constitute a gift within the meaning of Article X, Section 15, Oklahoma Constitution, by reason of a lack of adequate consideration for the transfer." *Id.*

Therefore, if OMES transfers the proposed real property to the Board, it should have broad discretion to transfer that property to the VA, as long as there are no concerns under Article 10, § 15 of the Oklahoma Constitution. As explained below, the proposed transfer of property to the VA likely avoids any constitutional prohibitions.

LEGAL ANALYSIS

1. Article 10, § 15 of the Oklahoma Constitution Does Not Prohibit Donations or Gifts to the Federal Government.

Pursuant to Article 10, § 15(A) of the Oklahoma Constitution, the State is prohibited from making a "donation by gift, subscription to stock, by tax, or otherwise, to any company, association, or corporation." Therefore, as a preliminary matter, in order for this proposed transfer

[1] Although there does not appear to be similar language in the Oklahoma State University Medical Authority Act explicitly granting the same broad authority to OSUMA to convey property, there does not appear to be anything prohibiting such a conveyance either. *See* 63 O.S. § 3271 et seq. Therefore, both OSUMA and the Board should have the same viability for transferring the property to the VA.

[2] *See* 70 O.S. § 3606(h).

of property to be legally sufficient, it must not constitute an improper "gift," such that it would violate Article 10, § 15.

Regardless of the analysis necessary to determine whether the proposed transfer of property is a "gift" or not, the fact that the Federal Government will be the recipient of the proposed property transfer more than likely renders this transaction a non-issue in the eyes of the Oklahoma Constitution. In a previous official opinion of the Attorney General, it was held that since "[t]he Federal Government is not a company, association or corporation," then "Art. 10, § 15 does not prohibit a donation or gift to the Federal Government by the State of Oklahoma." Okla. A.G. Opin. No. 81-108 (Apr. 30, 1981). Thus, given that the proposed transfer contemplates either OSUMA or the Board donating a portion of the Kerr-Edmondson office building (once it has been acquired from OMES) to the VA, Article 10, § 15 should not be implicated.

2. The Proposed Transfer of Property Is Likely Not a Constitutionally Prohibited Donation or Gift Due to the Project's Public Benefits and Promotion of Economic Development.

For purposes of Article 10, § 15, an unconstitutional "gift" is defined as a "gratuitous transfer[] of property of the state voluntarily and without consideration." *In re Okla. Dev. Fin. Auth.*, 2004 OK 26, ¶ 22, 89 P.3d 1075, 1082 (quoting *Children's Home & Welfare Ass'n v. Childers*, 197 Okla. 243, 244, 171 P.2d 613, 614 (1946)). However, considering both the public benefits and promotion of economic development that are intertwined with the proposed transfer of property to the VA to be used as a hospital for veterans, it is likely that, under Oklahoma case law, the proposed transfer of property contains adequate consideration in order to defeat any classification as a gift in violation of Article 10, § 15.

In *Burkhardt v. City of Enid*, 1989 OK 45, 771 P.2d 608, the Supreme Court considered whether Enid's plan to purchase a university campus in town and lease the property back to the university at a rate below the market rate for commercial property was an unconstitutional "gift." The Court ultimately held that a series of "public benefits . . . constitute consideration to the city and refute any argument that the plan is a gift . . . to a private institution in violation of Article 10, section 17, of the Oklahoma Constitution."[3] *Burkhardt*, 1989 OK 45, ¶¶ 11-12, 771 P.2d at 611.

According to the Court, the following were public benefits that the citizens of Enid would receive both directly and indirectly from the planned expenditure of public funds: (1) "preservation of hundreds of jobs at the university and by the continued presence of students who spend in Enid," (2) "[t]he scholarship fund will enable more area students, including many who cannot afford to live away from home, to attend a local university," (3) "free use" by local residents "of most of the campus while the facilities are leased," (4) "[t]he presence of a university will undoubtedly have a significant effect upon the city's ability to attract new industry and new jobs," and (5) the city would "continue to enjoy the social, educational and cultural benefits that flow from near access to higher educational opportunities." *Id.* at ¶ 11, 771 P.2d at 611.

---

[3] This provision of the Oklahoma Constitution "is the version of art. 10 § 15 that applies to municipalities." *In re Okla. Dev. Fin. Auth.*, 2004 OK 26, ¶ 21, 89 P.3d at 1082 n.12. Moreover, *Burkhardt*'s reasoning "was applied to an analysis of art. 10 § 15 in *Matter of Petition of Univ. Hospitals Auth.*, 1997 OK 162, 953 P.2d 314, 320." *Id.*

In addition to the transaction's vast public benefits, the Court in *Burkhardt* was further persuaded by the obligations that the university assumed as part of the transfer. In particular, the university (1) had to make lease payments (albeit at a rate below the market rate), (2) "sold its assets to the city at less than market value and agreed to limitations on the use and control of the sale proceeds," and (3) agreed that in order to repurchase the campus, it would have to do so "at fair market value if the property appreciates and at the sales price plus cost of bonds and other financing if the property depreciates."[4] *Id.* at ¶ 13, 771 P.2d at 611–612.

Ultimately, the Court held that this proposed transaction was not an unconstitutional gift, but rather it was "a legitimate plan to further economic development by attracting industry to a city that provides higher education opportunities." *Id.* at ¶ 13, 771 P.2d at 611–12; *see also In re Okla. Dev. Fin. Auth.*, 2004 OK 26, ¶ 22, 89 P.3d at 1082-83 (citing *Burkhardt*) (holding that "the promotion of economic development is a legitimate state function and the benefits to be derived from economic development constitute adequate consideration to defeat assertions that economic incentives are in the nature of a 'gift'").

Taking into consideration the facts surrounding the present matter, the proposed transfer of property from either OSUMA or the Board to the VA offers inherent public benefits and promotion of economic development analogous to the facts of the *Burkhardt* case. First, the new VA hospital will offer a valuable opportunity to provide for the medical needs of one of the state's most underserved populations – veterans. Therefore, Oklahoma veterans, particularly those in the Tulsa area, will benefit immensely from a new healthcare facility that is aimed directly at providing them effective medical care. Second, across the street from the site of the new VA hospital is the Oklahoma State University Medical Center, which, in partnership with the Oklahoma State University Center for Health Sciences ("OSU-CHS"), is the nation's largest osteopathic teaching facility. OSU-CHS will be able to establish more spots in its residency programs via the new VA hospital, offering students greater opportunities for practical experience. Moreover, the transfer to the VA will provide OSU-CHS additional spots to staff faculty in the hospital, which provides a greater opportunity for OSU to recruit new specialists that it could not otherwise afford to bring in without the partnership with the VA.

Thus, the immense value of additional spots for OSU's students and faculty in the new VA facility, in conjunction with the benefits of the hospital to the state's underserved community of veterans, is arguably sufficient to provide "adequate consideration" since this transfer will promote "economic development by attracting industries to a city that provides higher education opportunities." *In re Okla. Dev. Fin. Auth.*, 2004 OK 26, ¶ 21, 89 P.3d at 1082 (citing *Burkhardt*, 771 P.2d at 611–12).

CONCLUSION

[4] These kinds of monetary obligations are not present in the proposed transfer from either OSUMA or the Board to the VA. Therefore, the argument here that the proposed transfer includes the requisite consideration to prevent any Article 10, § 15 issues will need to focus more on the immense public benefits that can be derived from the transfer, such as benefits to veterans and strategic higher education opportunities at OSU, as discussed *infra*.

Therefore, given that the proposed transfer will be from either OSUMA or the Board to the VA (an agency of the Federal Government), pursuant to Okla. A.G. Opin. No. 81-108, this proposed transfer should not implicate any otherwise prohibited "gift" in violation of Article 10, § 15 of the Oklahoma Constitution. Notwithstanding that premise, in light of the relevant case law outlined above, the proposed transfer is likely not an impermissible "gift" under Article 10, § 15 anyway due to adequate consideration for the property transfer in the form of public benefits and promotion of economic development.

RESOLUTION DECLARING AN INTENT TO TRANSFER KERR EDMONDSON BUILDINGS TO THE DEPARTMENT OF VETERANS AFFAIRS

WHEREAS, the Board of Regents for the Oklahoma Agricultural and Mechanical Colleges (the "Board of Regents"), the governing board of and acting for Oklahoma State University Center for Health Sciences (the "Institution"), desires to transfer ownership of the Robert S. Kerr and J. Howard Edmondson buildings ("Buildings") to the United States Department of Veteran's Affairs ("VA") pursuant to the Property Improvements Needed for Veteran's Act of 2016, 38 U.S.C. § 1803, (the "CHIP-IN Act") for the operation of a veterans hospital; and

WHEREAS, the Board of Regents is a constitutionally created entity of the State of Oklahoma vested with the executive authority to oversee, manage, and govern the operations of the agricultural and mechanical colleges of the State of Oklahoma; and

WHEREAS, VHiT, LLC ("VHiT"), as a charitable endeavor to the Tulsa community, desires to undertake in upgrading the Buildings and facilitating the development of certain other site improvements for a new Veteran's hospital through dedicated donor funds and federally appropriated funds made available through VA pursuant to the CHIP-IN Act; and

WHEREAS, VHiT proposes to make such upgrades and improvements prior to donation of the Buildings and associated real property to VA by the Board of Regents; and

WHEREAS, the Institution intends to enter into a Gift in Place Agreement with VHiT to complete the renovations necessary to transform the Buildings into a Veteran's hospital pursuant to a Design and Development Agreement between VHiT and the VA as authorized by the CHIP-IN Act; and

WHEREAS, the donation of the Buildings and associated real property is in the best interest of the Institution because the new Veteran's hospital will offer the Institution the ability to provide training for enhanced healthcare to veterans, thereby fulfilling the Institution's mission of providing medical care to underserved populations in Oklahoma, and will benefit the Institution and its clinical staff, medical students and medical residents by providing clinical and teaching opportunities, teaching rotations and medical residency opportunities. The proximity to the Institution's campus and to other associated academic healthcare facilities will enhance the number of clinical opportunities, collaborations, joint physician appointments, medical residencies and shared services than would otherwise be available to the Institution.

NOW, THEREFORE, THE BOARD OF REGENTS FOR THE INSTITUTION DOES HEREBY RESOLVE, ORDER AND DETERMINE AS FOLLOWS:

SECTION 1. In accordance with Oklahoma enrolled House Bill 4139 (2020), codified at 61 O.S. § 327.3, ownership and possession of the Buildings and associated real property was transferred to the Board of Regents for the purpose of donation to VA pursuant to the CHIP-IN Act.

SECTION 2. Pursuant to Institution Policy and Procedures Letter No. 7-70601 (Accepting Gifts of Physical Resources), Institution and VHiT shall enter into a Gift in Place Agreement

pursuant to which VHiT shall renovate the Buildings consistent with the Design and Development Agreement so they may function as a Veteran's hospital upon donation to VA.

SECTION 3. Upon completion of the required renovations, pursuant to the Gift in Place Agreement and Design and Development Agreement, the Board of Regents will donate the Buildings and associated real property to VA.

SECTION 4. The Board of Regents, pursuant to 70 O.S. § 3412(8), has the authority to acquire title to real property on behalf of the institutions under its jurisdiction, and convey or otherwise manage such property in the interest of such institutions.

SECTION 5. It is resolved by the Board of Regents that donation of the Buildings and associated real property, upon completion of renovations, to VA is in the best interest of the Institution and will benefit the Institution through the opportunity to provide training for enhanced healthcare to veterans, and will increase medical education opportunities for the Institution's students and residents and present a number of opportunities for collaboration, joint physician appointments, medical residencies and shared services that would otherwise be unavailable to the Institution.

SECTION 6. This Resolution is effective immediately upon its passage.

ADOPTED AND APPROVED this 23rd day of April, 2021.

Approval to Execute a Utility Easement with Vicinity Energy for the Oklahoma Psychiatric Care Center in Tulsa, Oklahoma (OSU-CHS)

Board approval is requested for the Board Chair to execute a utility easement with Vicinity Energy for the Oklahoma Psychiatric Care Center currently under construction in Tulsa, Oklahoma.

The OSU Medical Authority has entered into a ground lease with the Board for land to construct the Oklahoma Psychiatric Care Center. This easement will allow Vicinity Energy to provide steam and chilled water service to the facility.

A previously approved item (I-4) on the April 2025 Board agenda dealt with a service extension agreement allowing Vicinity to construct the utility service on our property.

No funding is required.

Eric Polak, OSU-CHS, and Amy Newton, Board Legal Counsel, are coordinating this item.

UTILITY EASEMENT

KNOW ALL MEN BY THESE PRESENTS:

That the undersigned, **BOARD OF REGENTS FOR THE OKLAHOMA AGRICULTURAL AND MECHANICAL COLLEGES, a constitutionally created state entity under the laws of the State of Oklahoma, on behalf of Oklahoma State University Center for Health Sciences**, (Grantor), the owner of the legal and equitable title to the following described real estate, for and in consideration of the sum of TEN AND NO/100 ($10.00) DOLLARS, cash in hand paid by the **VICINITY ENERGY TULSA, LLC**, a Delaware limited liability company, ("Vicinity") and other good and valuable considerations, receipt of which is hereby acknowledged, does hereby grant and convey unto the said Vicinity, a perpetual easement, through, over, under and across the following described property:

SEE ATTACHED EXHIBIT "A"

for the purpose of permitting Vicinity to construct all piping and utilities thereon, through, over, under, and across said property, together with all necessary and convenient appurtenances thereto (collectively, the "Infrastructure"); and to use and maintain the same and of affording Vicinity, its officers, agents, employees, and/or all persons under contract with it, the right to enter upon said premises and strip of land for the purpose of surveying, excavating for, constructing, operating, repairing, and maintaining of such Infrastructure.

Vicinity is hereby given and granted the exclusive possession of said above described premises for the purposes aforesaid and Grantor, for itself, its successors and assigns, covenants and agrees that no building, structure, fence, wall or other above ground obstruction will be placed, erected, installed or permitted upon the above described land; and further covenants and agrees that in the event the terms of this paragraph are violated by the Grantor or any person in privity with it, such violation will be promptly corrected and eliminated immediately upon receipt of notice from Vicinity, or Vicinity shall have right to remove or otherwise eliminate such violation, and Grantor, its successors and assigns, shall promptly pay the actual cost thereof

TO HAVE AND TO HOLD such easement and right-of-way unto Vicinity, its successors or assigns, forever.

Approval of Transfer Funds for the Emergency Repairs on Four Residence Halls on the OSU Institute for Technology Campus in Okmulgee, Oklahoma (OSUIT)

Board approval is requested to transfer $2,400,000 from State Fund 290, Educational and General Operations Revolving Fund, to State Fund 295, Capital Improvements Revolving Fund, for the emergency repairs on four residence halls on the OSU Institute for Technology campus in Okmulgee, Oklahoma.

The Oklahoma State Regents for Higher Education requires approval of the institutional governing board for said institution to utilize Educational and General Funds (290) for capital expenditures. Those funds must be transferred to the Capital Revolving fund (295).

At the April 2025 Board meeting, OSUIT received approval to borrow E&G funds to enable Residential Life to make emergency repairs to four residence halls and to enter into a Memorandum Of Understanding specifying the terms of repayment.

Tammy Eck, Office of the Associate Vice President for Finance, is coordinating this item.

Approval to Enter Into a Memorandum Of Understanding with Tulsa County to Allow OSU Tulsa and Tulsa County to Develop a Long-Term Ground Lease for the Site of a New Tulsa County OSU Cooperative Extension Office in Tulsa, Oklahoma (OSU-TUL)

Board approval is requested to enter into a Memorandum Of Understanding with Tulsa County to allow OSU Tulsa and Tulsa County to develop a long-term ground lease.

Tulsa County is seeking a long-term land lease for the site of a new Tulsa County OSU Cooperative Extension Office, currently housed at the Tulsa County Fairgrounds. The land to be leased is directly east of the Helmerich Payne Research Center as shown in Exhibit I to the Memorandum of Understanding.

A fifty-year ground lease is proposed. The ground lease will be presented to the Board for approval at a future meeting. OSU Tulsa will not incur any costs related to the construction, operation, and maintenance of the proposed facility.

This request replaces Item G-6 from the Board of Regents' meeting on April 26, 2019.

No funding is required.

Jayson Lusk, Division of Agricultural Sciences and Natural Resources, is coordinating this item.

Memorandum of Understanding Between

Tulsa County
and
Oklahoma State University - Tulsa

THIS MEMORANDUM OF UNDERSTANDING (this "MOU") is entered into effective the ____ day of _____, 2025, by the Board of Regents for the Oklahoma Agricultural and Mechanical Colleges, acting for and behalf of Oklahoma State University - Tulsa ("OSU-Tulsa") and Tulsa County ("Tulsa County").

WHEREAS, the Federal Smith Lever Act of 1914, as amended, authorized the establishment of Cooperative Extension work between the Land-Grant Colleges and the United States Department of Agriculture, and

WHEREAS, Boards of County Commissioners of the respective counties in Oklahoma are authorized by law to contract and agree with the United States Department of Agriculture and with Oklahoma State University ("OSU") for the conduct of said extension work, and

WHEREAS, OSU, by and through its duly appointed Board of Regents, has been authorized to oversee the provision of Cooperative Extension work throughout the State of Oklahoma, and has been statutorily mandated by the Oklahoma Legislature to expend state-appropriated funding to support Cooperative Extension services to each of the counties in Oklahoma,

WHEREAS, the County Commissioners of Tulsa County desire to construct a new facility on the campus of OSU-Tulsa to conduct said extension work (the "Extension Building"), and

WHEREAS, OSU-Tulsa desires to enter into a long-term ground lease agreement with Tulsa County to allow construction of the Extension Building.

In consideration of the mutual covenants and obligations contained in this MOU, the receipt and sufficiency of which the parties hereby acknowledge, OSU-Tulsa and Tulsa County agree as follows:

SECTION 1: <u>Purpose</u>

Tulsa County has secured $10,000,000 in funding for construction of the Extension Building. Tulsa County has consulted and continues to consult with OSU and OSU-Tulsa to identify the specific needs for the Extension Building. The purpose of this MOU is to identify the site for construction of the Extension Building and establish the length of the term of the proposed ground lease agreement.

SECTION 2: <u>Ground Lease for Construction of a Extension Building</u>

Tulsa County will enter into a ground lease to lease land from OSU-Tulsa as identified on the attached "Exhibit A" for the purposes of constructing the Extension Buliding on OSU-Tulsa's campus. The ground lease shall be for a term of fifty (50) years. The Extension

Building will be built by Tulsa County at its sole cost and expense with approval of design plans by OSU-Tulsa. OSU-Tulsa and Tulsa County will work cooperatively to facilitate Tulsa County's construction.

SECTION 3: Use and Occupancy

Tulsa County shall use and occupy the Extension Building exclusively for the operation of extension services and activities customarily incident thereto. Tulsa County will not permit any act contrary to law or OSU policy and campus rules.

SECTION 4: Execution of Documents

OSU-Tulsa and Tulsa County shall work cooperatively to develop and execute the documents necessary to effectuate this transaction. The parties acknowledge and agree that additional approval by the Board of Regents for the Oklahoma Agricultural and Mechanical Colleges is required for ground lease agreement contemplated by this MOU, and OSU-Tulsa will take appropriate steps to secure such approval.

SECTION 5: Limitation of Liability

OSU-Tulsa and Tulsa County mutually recognize that each party is a governmental entity subject to the provisions of the Governmental Tort Claims Act (51 OS § 151 et seq.). OSU-Tulsa and Tulsa County hereby mutually agree that each is and may be held severally liable for any and all claims, demands, and suits in law or equity, of any nature whatsoever, paying for damages or otherwise, arising from any negligent act or omission of any of their respective employees or officers which may occur during the prosecution or performance of this Agreement to the extent provided in the Governmental Tort Claims Act. Each party agrees to severally bear all costs of investigation and defense of claims arising under the Governmental Tort Claims Act and any judgments which may be rendered in such cause to the limits provided by law. Nothing in this section shall be interpreted or construed to waive any legal defense which may be available to a party or any exemption, limitation or exception which may be provided by the Governmental Tort Claims Act.

SECTION 6: Governing Law

The Parties hereto have entered into this Agreement in the State of Oklahoma. This Agreement and any subsequent amendments shall be construed and enforced in accordance with the laws of the State of Oklahoma. Each Party shall bear its own costs, attorney fees and expenses in defense or prosecution of any legal action taken pursuant to the terms of this Agreement.

SECTION 7: Counterparts

This lease may be executed in counterparts each of which shall be considered as an original and all such counterparts shall be but one agreement.

IN WITNESS WHEREOF, the Parties hereto have executed and delivered this Agreement as of the dated signatures.

Approval to Execute a Contract for Management Services with the Oklahoma State University Alumni Association (OSU-STW)

Board approval is requested for the President of OSU, or a designee, to execute an annual contract with the OSU Alumni Association for management services, subject to review and approval by Board Legal Counsel.

The estimated amount of $690,000 will be paid to the Alumni Association in return for managing records and providing other critical services for OSU. Services include student recruitment activities, alumni publications, and regional meetings of alumni and friends to help publicize OSU programs and accomplishments.

Title 70 of the Oklahoma Statutes requires a written contract between the university and university-related foundations.

Funding will be provided by E&G funds.

Kelly Murphy, University Budget, is coordinating this item.

Approval to Execute a Memorandum Of Understanding with the Oklahoma State University Alumni Association (OSU-STW)

Board approval is requested for the President of OSU, or a designee, to execute a Memorandum of Understanding with the OSU Alumni Association for rental of space and services to be used by the Division of Enrollment Management for recruiting presentations and events, subject to review and approval by Board Legal Counsel.

The estimated amount of $200,000 will be paid to the Alumni Association in return for room rental, desk space at the Visitor Center, storage of materials, space for information sessions/tours, audiovisual/technology, and staffing of building personnel.

Title 70 of the Oklahoma Statutes requires a written contract between the university and university-related foundations.

Funding will be provided by E&G funds.

Kelly Murphy, University Budget, and Karen Chen, Vice President of Enrollment Management, are coordinating this item.

Approval to Enter Into a Contract with the City of Stillwater to Fund an Airline Services Agreement (OSU-STW)

Board approval is requested for OSU to join the City of Stillwater to enter into and fund an airline services agreement, for the purpose of inducing American Airlines to continue providing daily commercial air service between Stillwater Regional Airport and Dallas-Fort Worth International Airport.

Board approval is also requested for the President of OSU, or a designee, to execute said agreement with the City of Stillwater.

OSU's commitment for fiscal year 2026 is up to $1,000,000.

Funding will be provided by E&G funds.

Tammy Eck, Office of the Associate Vice President for Finance, is coordinating this item.

Approval of Changes to Oklahoma State University and OSU/A&M Retirement Plans (OSU-STW)

Board approval is requested to approve the following plan amendments and restatements to remain compliant with IRS regulations.

Amendments:

- Oklahoma State University Special 401(a) Defined Contribution Plan
- OSU/A&M Special 403(b) Defined Contribution Plan
- OSU/A&M Special Retention Plan
- OSU/A&M Trustee

Restatements - require board signature (no change to plans):

- OSU/A&M Special Supplemental Plan
- OSU/A&M 403(b) Plan

Upon Board approval, Benefits counsel, McAfee & Taft, will draft plan documents for Legal Counsel review.

No funding is required.

Christa Louthan, Human Resources, is coordinating this item.

Ratification of Interim Board Approval Requesting to Increase the Amount Approved to Contract with Pokes Marketing, LLC for the Acquisition of Name, Image, and Likeness Rights of OSU Student Athletes (OSU-STW)

Board approval is requested to ratify an Interim Board Approval Request to increase the amount previously approved to contract with Pokes Marketing, LLC, for the acquisition of name, image, and likeness rights of OSU student-athletes, pursuant to authority provided in Executive Order 2025-01.

Board approval is also requested to sign any required documents and make all payments required pursuant to the agreement.

Costs are not expected to exceed $18,000,000.

At the January 2025 Board meeting, OSU Athletics received approval to acquire the NIL rights for OSU student-athletes for a fee not expected to exceed $10,000,000. The NCAA and Big 12 Conference issued guidance making it advantageous for OSU to acquire additional rights from student-athletes prior to July 1, 2025, with payments due before the next meeting of the Board of Regents.

Funding will be from legally available funds.

Brandon Meyer, OSU Athletics, is coordinating this item.

OFFICIAL INTERIM APPROVAL REQUEST TO THE OFFICE
OF THE CHIEF EXECUTIVE OFFICER OF THE OSU/A&M BOARD OF REGENTS

NOTE: Both pages of this form must be completed before interim approval is considered official.

Oklahoma State Athletics

College/University from which Request for Interim Approval Originated

1. The basis upon which interim approval is requested is indicated below (check one or more and explain).

☐ (a) The matter is related to the peace, health and safety of the institution and/or its inhabitants. (Explain how the matter of business for which interim approval is requested is related to the immediately foregoing statement.)

☑ (b) The matter quite possibly could pose a deterrent to the accomplishment of important institutional objectives without authorization to act immediately or reasonably soon; and/or it is believed imprudent to delay action until the next meeting of the Board of Regents. (Explain how the matter of business for which interim approval is requested is related to the immediately foregoing statement.)

On January 31, 2025, the Board of Regents authorized the use of $10,000,000 (OSU FINC Committee Item 2) to acquire the NIL rights for OSU student-athletes as allowed by Executive Order 2025-01 issued by Governor Stitt in January 2025. The NCAA and Big 12 Conference issued guidance that makes it advantageous for OSU to acquire additional rights from student-athletes prior to July 1, 2025 with payments due before the next meeting of the Board of Regents. All additional funds required have been contributed to the OSU Foundation.

☐ (c) The matter has significant economic implications for institutional resources and/or properties without authorization to act immediately or reasonably soon; and/or it is believed imprudent to delay action until the next meeting of the Board of Regents. (Explain how the matter of business for which interim approval is requested is related to the immediately foregoing statement.)

☐ (d) The matter is related to an emergency requiring action by the administration prior to the next meeting of the Board of Regents because of extenuating circumstances not referenced above. (Describe the specific extenuating circumstances.)

2. The administrative action for which interim approval is hereby requested is as follows (describe fully what action is proposed and, if necessary, use an attached sheet):

Board approval is requested to authorize the President of OSU, or a designee, to authorize an increase in the amount available to acquire name, image and likeness rights of OSU student-athletes from Pokes Marketing LLC from February 1 to June 30, 2025, pursuant to authority provided in Executive Order 2025-01, sign any required documents and to make all payments required pursuant to the agreement. All documents will be reviewed by Board Legal Counsel prior to execution. Requesting an increase to $18,000,000 from the previously approved amount of $10,000,000

3. State the actual cost or best estimated cost required to complete the action for which interim approval is requested. $ 18,000,000

4. Identify the fund or funds to be used in covering the cost stated above. Legally available funds

5. If verbal approval was previously granted, indicate to whom approval was given, the date, and whether by telephone or in person. _____

Approval of Sole Source & Special Request Purchasing Items (OSU SYSTEM)

Board approval is requested for the following purchasing items. Previously approved annual items are indicated with an asterisk. All purchases will comply with Board of Regents for the Oklahoma Agricultural and Mechanical Colleges Policies and Procedures, as well as applicable state statutes:

*a. Authorization is requested for OSU Athletics to purchase the following items to be funded by Auxiliary Enterprises Funds:

1. Team travel, equipment, lodging, and related items in the estimated annual amount of $13,500,000 for season and post-season competition (tickets, bowl gifts, site hotels, travel, etc.). (sole source/special request/bid/contract)

2. Catering services for FY26 in the estimated annual amount of $5,500,000 from OSU Cowboy Dining, a subsidiary of Cowboy Athletics, for training tables, recruiting, club seats, and suites. (special request)

3. Trade-out agreements with various suppliers for advertising, hotel services, and other services in the estimated annual amount of $755,387 in exchange for $458,880 worth of athletic tickets. (special request)

*b. Authorization is requested for the Edmon Low Library to purchase books, periodical subscriptions, bibliographic services, database access, and book binding in the estimated annual amount of $9,250,000 from publishers, distributors, and state contract suppliers. Funding will be provided by Revolving and Appropriated Funds. (sole source/contract/bid)

*c. Authorization is requested for Information Technology to purchase the following items to be funded by Revolving and Appropriated Funds or Auxiliary Enterprises Funds:

1. Renewal of SCT Banner software maintenance agreement with Ellucian in the estimated annual amount of $1,900,000. (sole source/bid)

2. Renewal of Oracle Database software licenses from Oracle Corporation in the estimated annual amount of $1,600,000. (special request)

3. Renewal of Canvas course management software license with Instructure in the estimated annual amount of $650,000. (sole source)

d. Authorization is requested for Facilities Management to increase the previously approved estimated annual amount of $878,050 to $1,100,000 for waste and recycling collections from the current contractor, Republic Service, Inc. The increase is to cover increased volume and allowed contract increases. (special request)

*e. Authorization is requested to purchase annual maintenance, subscription for payment gateway, MarketPlace, Bill+Payment, cashiering, and hosting services from Touchnet Information Systems, Inc., in the estimated amount of $670,000 for OSU and the A&M System. Funding will be provided by Auxiliary Enterprises Funds. (sole source)

f. Authorization is requested for OSU Athletics to enter into a new four-year all-sport contract with Nike Usa, Inc. for clothing and uniforms in the estimated annual amount of $2,500,000 beginning July 1, 2025, and ending June 30, 2029. The current all-sport apparel contract with Nike is set to expire on June 30, 2025. Beginning with the new contract, OSU Athletics will transition to a purchasing model contract arrangement and anticipate procuring up to $5,000,000 in retail value annually which will translate to approximately $2,500,000 at wholesale pricing. OSU Athletics discussed other potential all-sport contracts with major companies, and Nike USA, Inc., was determined to be the best supplier. Funding will be provided by Auxiliary Enterprise Funds. The proposed contract is subject to Legal Counsel review and approval. (special request)

g. Authorization is requested for OSU Center for Health Sciences (OSU-CHS) to purchase annual subscriptions and support to maintain the simulation software platform from Education Management Solutions, LLC, in the estimated annual amount of $286,000 for the Tulsa and Tahlequah campuses. (sole source)

h. The Board previously approved Saint Francis Health System (SFHS) to provide services to OSU-CHS for the Epic electronic medical records and revenue cycle management system. SFHS has recently created a separate company, Saint Francis Connect, LLC, to manage these services and will be assigning contracts accordingly. OSU-CHS is requesting authorization to contract and purchase services from Saint Francis Connect, LLC. This is not a funding request but a change in supplier. The current annual maintenance cost is $570,000. (special request)

Approval of Revolving & Appropriated Funds Purchasing Items (OSU SYSTEM)

Board approval is requested for the following purchasing items. Previously approved annual items are indicated with an asterisk. All purchases will comply with Board of Regents for the Oklahoma Agricultural and Mechanical Colleges Policies and Procedures, as well as applicable State statutes:

a. General University

*1. Authorization is requested for Information Technology to purchase the following items to be funded by Revolving and Appropriated Funds or Auxiliary Enterprises Funds:

a. Microsoft Campus Agreement for faculty, staff, and students from Crayon Software Experts in the estimated annual amount of $2,700,000. (bid)

b. Computers, hardware, software, and accessories from Dell Marketing, L.P. in the estimated annual amount of $2,000,000. (contract/bid)

c. Telecommunications services, network services, network equipment, telecommunications equipment, licensing, maintenance, and support from various vendors including AT&T, AT&T Mobility, Presidio, and Worldwide Technologies in the estimated amount of $6,000,000. (contract/bid)

d. Adobe creative cloud and sign licensing, maintenance, and support from Dell in the estimated amount of $400,000. (contract/bid)

*2. Authorization is requested for various departments to purchase required property and liability, automobile liability and physical damage, aviation, cyber, business interruption, and directors' and officers' liability insurance from the State of Oklahoma OMES Risk Management Division and the OSU contracted broker, Gallagher, in the estimated annual amount of $13,300,000. Insurance will be provided by the State of Oklahoma self-insured property and liability programs. (state agency/contract)

3. Authorization is requested for Information Technology to purchase an uninterruptable power supply (UPS) in the Data Center in the estimated amount of $750,000. The current UPS is failing and unsupportable due to end-of-life status. (bid/contract)

4. Authorization is requested for Information Technology to purchase computer software from World Wide Technologies in the estimated annual amount of $600,000. (contract)

5. Authorization is requested for Human Resources to purchase the design and implementation of a new benefits administration system for the OSU A&M system in an estimated annual amount of $575,000 to PlanSource. The

contract is the result of a bid conducted on behalf of OSU A&M by our contracted benefits consultant, Lockton. The bid was originally awarded to the current benefits administration vendor, BenefitFocus. After performance issues and the inability to come to an agreement on contract terms with BenefitFocus, PlanSource was awarded the bid. The three-year contract, with an estimated annual amount of $575,000, totals $1,725,000 and will be renewed annually based upon mutual agreement. (contract)

*6. Authorization is requested for Information Technology to purchase an ID management solution in the estimated amount of $500,000. This will replace the aging CAS system currently in place. (contract/bid)

7. Authorization is requested for the Information Technology Department to modernize the OSU Stillwater campus data center in the estimated amount of $500,000. This will support the evolving technology needs of the OSU/A&M system. (contract/bid)

8. Authorization is requested for Brand Management to purchase a digital experience platform in the estimated amount of $500,000, which includes the new platform licensing, customer care and support, and a one-time implementation and migration cost. This will replace legacy content management system currently in place and will provide a more sustainable and robust digital experience platform for OSU's public facing websites. (contract/bid)

*9. Authorization is requested for Undergraduate Admissions to purchase the printing and mailing of variable data mailers from CX Marketing in the estimated amount of $400,000 (OSU contract)

10. Authorization is requested for Undergraduate Admissions to purchase the printing and mailing of junior communication flow mailers from Western Printing in the estimated amount of $400,000. (OSU contract)

*11. Authorization is requested for Information Technology to purchase Microsoft unified support licensing, maintenance, and support from Microsoft Corporation in the estimated amount of $300,000. (contract/bid)

b. OSU-Institute of Technology

*1. Authorization is requested to purchase computers, hardware, software, maintenance, and accessories in the estimated annual amount of $600,000. (contract/bid)

c. College of Veterinary Medicine

1. Authorization is requested to purchase custodial services in the estimated annual amount of $660,000. (contract)

2. Authorization is requested to lease a mobile MRI Unit for the Veterinary Teaching Hospital from MXR Imaging, Inc., in the estimated annual amount of $300,000. (bid)

d. OSU-Oklahoma City

*1. Authorization is requested to purchase computers and peripheral equipment for classroom upgrades and a technology upgrade replacement plan in the estimated annual amount of $1,000,000. This request also includes the addition of a one-time increase of $400,000 to upgrade 35 A/V environments including classrooms and labs. (OSU contract/OneNet/Apple/Dell contract)

e. OSU-Center for Health Sciences

1. Authorization is requested to purchase information technology equipment and services for computer rotations in the estimated annual amount of $300,000. (contract)

Approval of Auxiliary Enterprises Funds Purchasing Items (OSU SYSTEM)

Board approval is requested for the following purchasing items. Previously approved annual items are indicated with an asterisk. All purchases will comply with Board of Regents for the Oklahoma Agricultural and Mechanical Colleges Policies and Procedures, as well as applicable State statutes:

*a. Authorization is requested for OSU Athletics to purchase the following items:

1. Purchase event cleaning services from ABM for regular events, special events, and daily custodial services in the estimated annual amount of $1,100,000 to renew annually upon mutual agreement. (bid)

2. Purchase event security, crowd management, and event management services from Stadium People in the estimated annual amount of $900,000. Services will include ushering, ticket taking, and other event coordination functions. The contract will begin July 1, 2025. (bid)

3. Purchase labor, materials, equipment, and services for as-needed small construction services, not to exceed $1,000,000 annually from contracted vendors. Bid specifications include an option to renew for four additional one-year periods, this will be the 1st of 4 optional renewals. (bid)

4. Purchase student athletic accidental injury insurance for domestic and international students and third-party administrative coverage from Dissinger Reed in the estimated annual amount of $600,000. Bid was awarded in 2015; this would be renewal 10 of 10. (bid)

*b. Authorization is requested for OSU-CHS to increase the previously approved estimated annual amount of $1,565,000 to $1,721,500 for the purchase of additional medical malpractice insurance to be renewed annually. (bid)

c. Authorization is requested for Transportation Services to increase funding to Genuine Parts Company (dba NAPA) for onsite auto parts service in the estimated annual amount of $1,250,000 for parts and operations. The contract was competitively bid and awarded in September of 2017 and contains provisions to renew annually with mutual agreement. Board authorization is also requested to continue annual renewals until the contract is mutually ended or exceeds 15% of the approved amount. (bid)

d. Authorization is requested for the Parking and Transportation Services Department to purchase one CNG fuel transit bus for the estimated amount of $800,000. Funding will be provided primarily by a Federal Transit Administration (FTA) grant. Cost share of approximately 20% will be provided by Auxiliary Enterprise Funds. (FTA approved contract)

e. Authorization is requested for Fire Protection Publications to purchase interactive training modules, from LEAD Training, LLC., in the estimated amount of $500,000. This bid selection allows FPP to work with LEAD's qualified professionals to produce and develop quality interactive training modules for fire service professional skill levels such as hazardous materials awareness and operations, as well as pumping and aerial apparatus driver/operator. (bid)

Approval of Plant Funds Purchasing Items (OSU SYSTEM)

Board approval is requested for the following purchasing items. All purchases will comply with Board of Regents for the Oklahoma Agricultural and Mechanical Colleges Policies and Procedures, as well as applicable State statutes:

a. Authorization is requested for OSU-CHS to purchase information technology equipment and services to update the network infrastructure on the Tahlequah campus in the estimated amount of $481,000. (state contract)

b. Authorization is requested for the OSU Police Department to purchase and complete infrastructure upgrades to their emergency communication equipment in the estimated amount of $402,000. The purchase will be for 800 MHZ emergency handheld communications equipment and infrastructure. (state contract)

Annual Risk Assessment Methodology

Professional Standards

In the performance of its duties and as required by Oklahoma State Statutes, the Office of Internal Audit must conform to professional standards issued by the Institute of Internal Auditors. Per these standards, the Chief Audit Executive must:

- Perform a documented risk assessment at least annually;
- Establish a risk-based plan based upon results of a risk assessment;
- Determine priorities of the internal audit activity consistent with the organization's goals;
- Request direction and approval by the board of the risk-based plan and any significant interim changes to the plan.

This memo provides a summary of the Office of Internal Audit's approach to complying with these standards through the execution of an annual risk assessment and creation of the Office's Fiscal Year 2026 Audit Plan.

Risk Assessment Methodology

Audit Universe

The Office of Internal Audit's annual risk assessment began with the review of an Audit Universe representing the population of potential audit projects for institutions under the purview of the Board of Regents for the Oklahoma Agricultural and Mechanical Colleges. The Audit Universe is comprised of the following key categories of potential audit projects:

- Compliance-Related Audit Projects – Regulatory or statutory compliance requirements
- Process-Related Audit Projects – Significant processes that occur across institutions
- Information Technology-Related Audit Projects – Significant information technology processes that occur across institutions
- Budget-Based Auditable Units – Organizational units within each institution as defined by the fiscal budget

Risk Identification

The Annual Risk Assessment Process in Spring of 2025 included discussions with the presidents from all institutions as well as key senior leadership from the OSU System.

Emerging national risk trends garnered from seminars, professional literature, association meetings, chief audit executive roundtable events, changing legislation, new entities, evolving processes, and historical audit coverage were also considered during this risk assessment process.

Risk Ranking

Risks and associated potential audit projects were ranked after assimilating all sources of information gathered during the Risk Assessment process. The final risk ranking represents a reasoned judgment based upon all known factors and trends. The risk evaluation criteria is discussed below.

Audit Risk Evaluation Criteria

The evaluation of risk is primarily subjective, based upon knowledge gathered by the Office of Internal Audit over time and from multiple sources. Potential sources of information include, but are not limited to, the following:

- Discussion of strategic plans
- Input from key members of governance, multiple meetings with senior management, and institutional leadership
- Office of Internal Audit's professional judgment of audit risk
- Financial impact
- Results of prior audits

Budget Assumptions

Enrollment	Budgeted FY26	Actual FY25	Actual FY24
Full Time Equivalent for full year (30 hrs.)	1581	1550	1471

Narrative: 2% increase vs FY25 Budget

Tuition & Fees			
Tuition	$ 114.00	$ 109.00	$ 100.00
Mandatory Fees	$ 64.75	$ 64.75	$ 64.75
In State - Tuition Waivers	$ -	$ -	$ -
Out of State - Tuition Waivers	$ 205.00	$ 205.00	$ 205.00
Total	$ 383.75	$ 378.75	$ 369.75

Narrative: We propose a $5 per credit hour for tuition. This equals a 2.9% increase in the total tuition and mandatory fee costs. The increase in tuition is not expected to impact the majority of our student population since it adds a modest $75 per semester for someone taking 15 credit hours.

State Appropriations			
General Appropriations	$ 8,243,080	$ 8,239,009	$ 7,919,684
Restricted for Capital	$ 1,000,000	$ 1,000,000	$ 900,000
State Match	$ -	$ -	$ -
Other	$ 1,019,638	$ 463,432	$ -

Narrative: Appropriations are staying flat. The amount to help offset insurance costs $121K will be repeated and $125K for STEM has been allocated . Other revenue in FY26 includes $795K for ARPA money that has not been spent in FY25

Housing			
Occupancy	1256	1122	1108
Revenue	$ 2,182,539	$ 1,903,636	$ 1,856,878

Narrative: *We are increasing by a flat rate in tr of $50 for all base dorms and $50 for the Suites. With enrollment showing to be equal to or greater than FY25 we are not anticipating* a decrease in occupancy but will be pushing to fill the dorms more.

Board			
Meal plan participation	1252	1118	1094
Revenue	$ 2,534,326	$ 2,133,678	$ 2,310,821

Narrative: The food service contractor instituted an increase of 4.1% of all meal plans.

EXECUTIVE SUMMARY
&
PROPOSED BUDGET
FISCAL YEAR 2025-2026

CONNORS
— STATE COLLEGE —

Executive Summary

The proposed Connors State College FY26 budget reflects an E&G operational expense budget of $15.28M and projected revenue of $15.33M under a 7% increased enrollment program. State appropriation allocation provided level appropriations in base funding, a small increase in annual allocation of $289.4K for STEM programs, as well as continued 100% concurrent funding for Seniors and Juniors Concurrent students. Budgeted Tuition and fees revenue has been aligned with a recent increase in enrollment, and appropriate adjustments have been made to both E&G and Auxiliary funds. The auxiliary program is stable with adjustments for the new start up Meat Judging program and the new Market (flower, gifts, and meat shop). We are optimistic about the upcoming enrollment and anticipate a continued trend towards online and hybrid classes, and have geared our workforce and resources to meet that need. The FY26 budget also addresses the infrastructure needs of the college with a focus on Life/Safety, Security, HVAC improvements, and parking lots using capital funds gained from one-time legislative 'Deferred Maintenance' funds. We will also continue to tap into external funding sources and partnerships to achieve growth in the Nursing and Allied Health Care program offerings and expand both the reach and degree production in all of these.

CSC is requesting a small $4.00 tuition rate increase with a corresponding request to decrease the mandatory fees by $3.00 as part of a strategy to rebalance these. There is no increase in Academic fees or room rates. There is a slight increase of 4.1% in meal rates to match Sodexo rate increases. The total credit hour cost for tuition and mandatory fees rises to $159.00 in-state and $319.76 out-of-state.

The Connors State College FY26 budget is designed to support the College's comprehensive mission and accomplish the following specific initiatives:

Student Experience: Continuing to provide an optimal educational experience for our diverse student and community population, as well as expanding educational opportunities to attract new students.

Campus Safety and Efficiency: Maintaining and innovating appropriate campus safety measures for all Connors State College campuses. This budget continues to not only support the gains made in campus safety and security over the past several years but also allows for the strategic replacement of equipment, which is mission-critical or safety-related.

Resource Management: Refining and maintaining policies, procedures, measures, and personnel to effectively utilize and grow the public and private resources of the college. This budget strategically maintains costs associated with the Banner Enterprise Resource Planning student, financial, and human resources system, and supports initiatives to decrease aged accounts receivable, create innovative and effective cost-cutting strategies, and increase opportunities for alternate revenue production.

Enrollment Management - Increase enrollment and credit hour production. Innovate both academically and in Auxiliary enterprises to create new opportunities like E-sports and Soccer when possible. Enhance student access by reviewing enrollment and student success plans, strategies, policies, and procedures to identify and mitigate barriers to enrollment. Identify and implement effective activities that have a positive effect on enrollment.

Graduate Production: Increase the total number of degrees and certificates awarded with a focus on student learning.

College and Community Engagement: Cultivating campus, community, alumni, and industry relationships that leverage the college as an effective resource and partner to the individuals, communities, state, and region we serve. This budget supports increasing the involvement of Connors' personnel in campus, community, state, and national activities.

Faculty/Staff Retention: CSC will continue to bring staff and faculty salary schedules in line with public school salary schedules and other 2-year nursing program salaries to make CSC employee compensation very competitive. This year will reflect Staff and Faculty COLA of 1% to try and maintain recent gains in this area.

Facilities and Infrastructure Management: Maintaining and upgrading campus facilities consistent with the Connors State College Master Plan. This budget supports the life cycle maintenance of all campus buildings, vehicles, and equipment, as well as costs associated with maintaining critical campus infrastructure at high levels of excellence at the Warner and Three Rivers Port campuses.

College and Community Engagement- Continue to build campus, community, alumni, and industry relationships that enhance regional economic development. Continue to develop initiatives that promote and enhance alumni, friends, and future alumni in supporting the mission and goals of the college.

FY 2026 BUDGET

BOARD OF REGENTS FOR THE OKLAHOMA AGRICULTURAL AND MECHANICAL COLLEGES

Langston University

Budget Assumptions

Enrollment	Budgeted FY26	Actual FY25	Actual FY24
Full Time Equivalent for full year (30 hrs.)	1777	1777	1674

Narrative: We are anticipating stable enrollment.

Tuition & Fees			
Tuition	$ 15,073,535	$ 15,967,390	$ 16,014,064
Mandatory Fees	5,136,725	3,285,350	4,290,501
In State - Tuition Waivers	(772,500)	(755,847)	(607,259)
Out of State - Tuition Waivers	(3,431,960)	(3,332,453)	(3,271,507)
Total	$ 16,005,800	$ 15,164,440	$ 16,425,799

Narrative: We are requesting an increase of 3% equaling approximately $570,000, net of waivers. The impact on a full-time resident student taking 12 or more hours per semester will be approximately $202 annually.

State Appropriations			
General Appropriations	$ 14,444,863	$10,118,957	$14,142,066
Restricted for Capital	-	-	-
State Match	5,221,733	3,916,300	5,221,733

Total	$ 25,395,570	$ 15,411,696	$ 19,532,384

Narrative: *We have received notification of an increase in the amount of restricted agricultural research/extension funding of $3,000,000, which will flow to the University through the State Department of Agriculture, Food and Forestry.*

Housing			
Occupancy	1,320	1,320	1,373
Revenue	$ 10,451,410	$ 9,429,423	$ 9,494,167

Narrative: *We are requesting an increase in room rates of 3% or $218 annually to offset increased maintenance and utility costs. We do not anticipate this negatively affecting occupancy.*

Board			
Meal plan participation	1,281	1,281	1,223
Revenue	$ 4,738,000	$ 4,618,825	$ 4,280,398

Narrative: We are requesting an increase in meal plan rates of 3% or $108 annually to offset increased food prices.

Oklahoma State Regents for Higher Education
Impact of Tuition and Fee Increases on Students' Ability to Pay--Institutional Responses

Institution: Langston University **Name & E-mail Address: Nykkia Harris, nykkia.harris@langston.edu**

Title 70 O.S., Section 3218.2B provides as follows:
By January 1 of each year, the Oklahoma State Regents for Higher Education shall submit a report to the Governor, the President Pro Tempore of the Senate, the Speaker of the House of Representatives, and the minority floor leaders and education committee chairs of both houses of the Oklahoma Legislature, of the actions taken in regard to and the schedule of tuition and fees approved for The Oklahoma State System of Higher Education for the current academic year. The annual report shall include data on the impact of any tuition or fee increases on the ability of students to meet the costs of attendance, enrollment patterns, availability of financial aid, and any other data considered relevant by the State Regents.

To assist this office in compiling this annual report, please provide information on the impact of any tuition or fee increases on your students by responding to the questions below with detailed information.

1 Describe the projected impact of tuition and fee increases on the ability of your students to meet the costs of attendance.

Any increase in cost of attendance is difficult for Langston University students as the preponderance of them are heavily reliant on financial aid. As such, the University is cognizant of the effect of tuition and fee increases on its students, as evidenced by Langston remaining the lowest cost regional university in Oklahoma. Every effort is made to keep required increases as low as possible, while still providing students with necessary academic and living activities to have a positive college experience. However, reductions in state appropriations over time has required the University to increase tuition and mandatory fees to mitigate the impact of inflation and increasing insurance costs, but we have done so at the lowest possible increase to students.

2 Describe the projected impact of tuition and fee increases on your institution's enrollment pattern for FY26.

We do not anticipate the proposed increases in tuition and fees to have a substantial impact on the enrollment, as Langston is the lowest cost provider amongst regional universities in Oklahoma and amongst the lowest when compared to 1890 HBCU's. We make every effort to keep the college affordable and to be a best value provider for our students.

3 Describe the projected impact of tuition and fee increases on the availability of financial aid to offset costs. What efforts will your institution undertake to increase need-based financial aid proportionately to tuition and fee increases? (Need-based financial aid shall include, but shall not be limited to, awards for the Oklahoma Higher Learning Access Program, Oklahoma Tuition Aid Grants, federal need-based financial aid, tuition waivers and private donations.)

Title IV aid will meet the needs of most students. Additionally, many resident students qualify for Oklahoma's Promise. Nonresident student will have the most difficulty; however, institutionally funded waivers and scholarships have been increased at the same rate as tuition and fees. Additional scholarship support is available from Langston University Foundation.

4 Describe cost effective measures which your institution will implement in FY26.

The budget for FY26 has been scrutinized and rightsized to align with anticipated revenues. Supply chain shortages, post-COVID price increases, and hiring challenges require the University to absorb increased costs for goods/service and investments in technology.

5 Describe your institution's communication of tuition and fee requests to student government organizations, other student groups, and students at large.

The President's Office has maintained contact with student leadership and the student body throughout the year and met with student leaders to discuss the proposed FY26 tuition and f***ee increases*** . Even with the proposed increases, Langston remains the lowest cost provider amongst regional universities in Oklahoma and amongst the lowest when compared to 1890 HBCU's. We make every effort to keep the college affordable and to be a best value provider for our students.

6 Provide detailed justification for all tuition and mandatory fee increases, regardless of the amount of increase.

Supply chain shortages, post-COVID price increases, and hiring challenges require the University to absorb increased costs for goods/service and investments in technolgy. Overall economic challenges make increases inevitable, yet Langston remains the lowest cost provider amongst regional universities in Oklahoma and amongst the lowest when compared to 1890 HBCU's. We make every effort to keep the college affordable and to be a best value provider for our students.

******Use of Revenue from Dedicated Fees: Requests for new fees or increases to existing fees will be thoroughly reviewed to ensure that the fees are required to meet specific costs and not requested to obscure, in essence, a tuition increase.******

NOTES:
Does not include Restricted State Funding.

[1]*Critical Workforce / STEM Development*
--To be used at the discretion of institutions for STEM programs leading to degrees on Oklahoma's Top 100 Critical Occupations.
-- This initiative was reviewed after year three and adjustments were made to some of the allocations.
-- This funding will continue to be reviewed every three years for possible reallocation.

[2]*Grants, Contracts and Reimbursements include concurrent waiver reimbursements for OSU GU, OSU IT and OSU OKC and an allocation from state tax on tobacco for OSU CHS.*

[3] *Section 13 Offset and Deferred Maintenance Allocations both go directly into project funds and are therefore not reflected in the E&G Budget.*

Salary and Wage Budget

Fiscal Year 2025-2026

OKLAHOMA STATE UNIVERSITY SYSTEM

FY 2026 SALARY AND WAGE BUDGET

The Salary and Wage Budget consists of a personnel list of all faculty, administrative/professional and classified employees. Two indices are included; one is an alphabetical list by employee name and the other is a list of organizations.

Columnar information:

1. Employee Name

2. Title

3. Position gives the position identification number.

4. FTE reflects the percentage of an employee's time and effort for each assignment on a full-year basis.

5. Commitment reflects the total annual salary be be paid during FY 2026.

All elements of this budget including the salary and wage recommendations contained herein are subject to any pending or future budget decisions and personnel actions including, but not limited to, appointment, reassignment, reclassification, promotion, dismissal or termination of appointment, resignation, change in rate of compensation, and retirement.

FY2026 Educational and General Budget Part I - SRA3 Background Data
Schedule VI - Institutional Response to the FY2026 Budget Request

OSU-General University

Comments:

Continued enrollment growth is projected for FY2026, including a modest increase in new freshmen—marking what would be the fourth consecutive year of record freshman enrollment. In response, OSU has decided to keep tuition flat for the fourth consecutive year. The university is also actively restructuring its financial resources to support continued academic success, prioritize student experience and ensure sustainable fiscal operations.

To ensure continued affordability, OSU President Jim Hess has also emphasized fund-raising for student scholarships as his top priority.

Note: Schedule VI-A provides specific budget actions taken to develop the FY2026 budget request. This schedule allows the President or Vice President to provide additional narrative about the impact of this budget request.

Schedule VI - Institutional Response to the FY2026 Budget Request

Oklahoma Agricultural Experiment Station

Comments:

The Oklahoma Agricultural Experiment Station (OSU Ag Research) is working to feed the world, improve Oklahoma economy and preserve natural resources by conducting research that provides knowledge and technology extended to the public by OSU Extension professionals. Our research impacts are increased food security, maintaining environmentally friendly agriculture, preservation of natural resources and the health and security of Oklahoma residents. Our research is a collaboration between farmers and ranchers, agriculture commodity groups, industry, state agencies and federal grants.

OSU Ag Research operates more than 40 facilities that include collaborative groups, laboratories, growth chambers, greenhouses, research stations, field plots, animal and livestock facilities, pastures, wildlife and natural resource areas. These facilities are housed at 16 locations across the state including the main campus at Stillwater. The management and operation of facilities within the Oklahoma Agricultural Experiment Station is conducted cooperatively by the Division of Agricultural Sciences and Natural Resources, academic departments in the Ferguson College of Agriculture, OSU Extension and the Field & Research Service Unit. Work conducted through OSU Ag Research includes basic and applied research for agricultural producers, natural resource managers, state agencies and private landowners.

Additionally, OSU Ag Research provides funding for the OSU Institute for Agricultural Biosciences in Ardmore, the OSU Biobased Products and Energy Center and the OSU Institute for Biosecurity and Microbial Forensics, and jointly funds the Oklahoma Water Resources Center with OSU Extension and the Vice President for Research.

OSU Ag Research is a key part of the university's state and federally mandated teaching, research and Extension land-grant mission to develop science-based recommendations that target concerns and issues of importance to Oklahomans, their families and their communities. Two highlights this year are:

•Wheat - Oklahoma State University wheat varieties are among the top four varieties planted in Oklahoma for the ninth consecutive year, according to the USDA National Agricultural Statistics Service. Doublestop CL Plus remains the most planted wheat variety in the state for the third consecutive year. It has remained in the top three since 2019. Gallagher has remained in the top three of most planted varieties since 2015 but slipped to fourth in 2024. Smith's Gold has remained in the top four since 2020 and moved to third in 2024. Green Hammer now represents the second leading planted variety. The following OSU wheat varieties are the top five planted varieties in the state in 2024: Doublestop CL Plus (9.6% of seeded acres), Green Hammer (7.0%), Smith's Gold (6.6%), Gallagher (5.1%), and Showdown (3.3%).

•Bermudagrass - According to National Turfgrass Evaluation Program and University Testing, Tahoma 31 ranks No. 1 in cold tolerance, winter survivability, low water use, exceptional turf quality, early spring green-up, shade tolerance, and traffic tolerance. It has been installed in more than 50 golf courses, football fields, soccer complexes, and baseball parks. It is used with teams such as the Philadelphia Eagles and the Arkansas Razorbacks. It was used at Tulsa's Southern Hills Country Club for the 2022 PGA Championship. Tahoma 31 is also the turfgrass of the USA Softball Hall of Fame field, the US Capitol lawn, and a host of other university facilities. Oklahoma State bermudagrass was used in both NFL Championship games as well as the Super Bowl in 2023.

Finally, Dr. Jayson Lusk, Vice President and Dean of OSU Agriculture, and Scott Senseman, Associate Vice President of OSU Ag Research, have been named 2024 Honorary Fellows by the American Association for the Advancement of Science (AAAS). AAAS Fellows are a distinguished group of scientists, engineers and innovators who are recognized for their achievements across disciplines, including research, teaching, technology, administration in academia, industry and government, as well as excellence in communicating and interpreting science to the public.

Schedule VI - Institutional Response to the FY2026 Budget Request

Oklahoma Cooperative Extension Service

Comments:

The Oklahoma Cooperative Extension Service (OSU Extension) is a key component of the university's land-grant mission. OSU Extension has earned public trust for being a provider of unbiased, research-based information to help Oklahomans address challenges and issues of importance to them, their families, their business and their communities. OSU Extension has personnel in all 77 counties. Local educators live and work in the counties they serve and call upon the expertise of area, district, and state specialists plus others in Extension nationally to enhance community-based educational programs. OSU Extension professionals collaborate with individuals, civic and commodity groups, and public and private agencies. Funding is provided by county, state, and federal partners.

OSU Extension hallmark programs include:

•Providing educational opportunities to improve the quality of life for all Oklahomans.

•Engaging youth in positive skill development through 4-H.

•Educating producers and landowners of appropriate new technologies, evolving production methods and dynamic economic conditions that impact their businesses.

•Increasing adoption of best management practices for wise use of natural resources and sustainable environmental stewardship in both urban and rural areas of the state.

•Addressing issues faced by families and communities including health, hunger, finances, family resilience, risky behaviors, safety and more.

A few of the specific ways that OSU Extension serves Oklahomans include:

•Education, everywhere for everyone: 263,900 contacts through educational events in 2024, 1,683 online fact sheets and a growing catalog of online courses (40 courses utilized by 5,055 lifelong learners). In 2024 page views on extension.okstate.edu were 5,969,426 with 3,741,680 visitors.

•In the past year, 4-H programs reached 188,135 youth, empowering them with skills and knowledge to become leaders in their communities and future careers. 13,747 youth were actively enrolled in specialized programs focusing on STEM (Science, Technology, Engineering, and Math); Civic Engagement, Healthy Living, and Agriculture and Natural Resources. Healthy Living programs reached 46,589 youth, promoting wellness, nutrition, and mental health. Agricultural Science education was delivered to 59,589 youth, fostering interest in food systems, agricultural careers, and agricultural technologies. Leadership and Civic Engagement programs equipped 29,507 youth with the skills to lead, serve, and make a difference in their communities.

•In 2024, variety and hybrid demonstration program planted trials at 22 locations in Oklahoma, including over 90 different genetic lines for crops grown in Oklahoma. Producers who participated in field tours of these plots reported managing 396,000 acres of cropland. The observations about growth, development, and disease and insect pressure made by our specialist were shared with approximately 160,000 people throughout the growing season to help them make management decisions.

•Our Plant Disease and Insect Diagnostics laboratory analyzed 6,530 samples to provide accurate identification and control options for pests. This lab allows us to be proactive in addressing agricultural pests and is a front-line resource in preventing the spread of invasive pests and pathogens.

•Alpha-gal Syndrome is a serious, often misunderstood allergy triggered by tick bites. Through 26 targeted educational sessions, 219 Oklahomans gained life-changing knowledge. After attending, 94% could identify hidden sources of reaction-causing ingredients in food, medication, and cosmetic products and 69% took steps to prevent future tick bites.

•Strong Dads is a 12-lesson series designed to equip fathers with the tools to build stronger relationships with their children and families. With close to 700 fathers reached, including some in correctional facilities, the program fosters connection, responsibility, and growth. Seventy-two percent of participants increased parenting knowledge, and 58% reported stronger engagement with their children.

•The Co-Parenting for Resilience program offered in person and online in both Spanish and English was attended by 5,047 participants in 44 of Oklahoma's 77 counties. In 2023, 92% of participants became more likely to encourage their child to have a positive relationship with their other parent; 88% plan to communicate directly with their co-parent instead of using their child as a go-between; and 82% became more likely to approach parenting as a joint effort and view their child's other parent as a valued member of the parenting team.

•Volunteer development and engagement to expand impact: 1,176 adult 4-H volunteers, 1,245 Master Gardener Volunteers,124 active Master Family and Consumer Science volunteers. Collectively these volunteers reported 236,000 hours of volunteer service contributed to their communities.

•The Community Health Extension Program reaches 339,000 residents in 10 rural and impoverished counties. The CHEP team is actively exploring strategies to initiate food-is-medicine programs aimed at populations experiencing health disparity and residing in rural Oklahoma. To expand access to affordable health care, Extension is partnering with the OSU Center for Rural Health Virtual Health Clinic mobile van which currently visits 2 counties with potential of adding a 3rd site in 2025. Nutrition policy and systems efforts increased dietary quality of meals provided in early child care centers and improved access to healthy foods leading to increased consumption of fruit and vegetables among low-income and elderly populations. Activity friendly route resolutions created environmental changes that led to slower traffic around schools and parents reporting greater safety for children walking and biking to school.

•OSU Extension with the Extension Foundation launched ExtensionBot, an artificial intelligence chatbot that provides expertise from Extension systems across the country. ExtensionBot gives Extension educators, volunteers, and the public unlimited access to information in all areas of Extension. In 2025, OSU ExtensionBot is averaging around 1,700 conversations per month, many addressing lawn and garden, tree, flower, and pest questions.

FY2026 Educational and General Budget Part I - SRA3 Background Data
Schedule VI - Institutional Response to the FY2026 Budget Request

OSU Institute of Technology

Comments:

OSUIT will not increase Tuition and/or Mandatory Fees for FY26. This will be the 5th consecutive year of no increase to Tuition and/or Mandatory Fees with only 1 increase in the past 7 years.

State Appropriations for OSUIT for FY26 total $12,987,728 (including $200,540 for Property Insurance). State reimbursement for Concurrent Enrollment in FY26 is $591,354 up from $567,724 in FY24.

OSUIT continues to utilize Forvis's Contribution Margin Analysis of our academic programs. Strategies have been developed and implemented including streamlining scheduling and course offerings, increases in class sizes, etc. In an effort to increase financial efficiency, 14 faculty and staff positions have been removed from the FY26 budget resulting in savings of $820,000. Additionally, opearting budgets have been reduced by $1,000,000.

OSUIT will increase Meal Plans 10%. The dollar amount increases range from $128 to $166 per semester. The students will be paying a range of $6.07 per meal for the 20 Meal Plan (300 passes) to $8.60 per meal for the 10 Meal Plan (150 passes). The estimated total annual increase in revenue will be $110,000.

OSUIT will increase Room Rates 10%. The dollar amount increases range from $204 to $244 per semester. The estimated total annual increase in revenue will be $315,000.

Note: Schedule VI-A provides specific budget actions taken to develop the FY2026 budget request. This schedule allows the President or Vice President to provide additional narrative about the impact of this budget request.

You may insert additional rows if needed.
Report expenditure reductions as a positive amount.
Note: If you addressed any of these issues in other schedules, you may reference the schedule in the comment block above.

Comment Box:

OSUIT's FY25 operating budget included use of $4,120,822 of reserves to balance E&G operating costs not covered by State Appropriations, Tuition, and Mandatory Fees. A phased approach is being taken to balance the E&G budget without using reserve funds. For FY26, 14 faculty and staff positions (that were currently unfilled) are being eliminated for budget savings of $820,000 and operating budgets are being reduced by $1,000,000. These cost savings have helped to reduced use of reserves by a bit more than $2,000,000 for FY26.

The FY2026 Budget Needs Survey included a worksheet named "Summary-Priorities Funding Form". In the last column, each institution was asked if they would seek "Direct Proposal Legislature" for each funding change. If your institution sought legislative support for your FY2026 budget needs, please provide a summary of the outcome of that request.

If your institution did not seek Legislative Support indicate "No Legislative Support Requested".

FY2026 Educational and General Budget Part I - SRA3 Background Data
Schedule VI - Institutional Response to the FY2026 Budget Request

College of Veterinary Medicine

Comments:

The fiscal year 2026 proposed budget for the College of Veterinary Medicine reflects continued support from the legislature through allocation of funds to the OSU Veterinary Medical Authority for use at the OSU College of Veterinary Medicine. The total amount expected to be received by the college from the Veterinary Medical Authority in Fiscal year 2026 is approximately $19.3M, accounting for a little over 33% of our total budget. These dollars include recurring appropriations to support the operations at the college, specifically in recruiting and retaining veterinary specialists, increased professional and technical staff and in supporting the training and learning of our veterinary students. It also includes continued funding for the Lee Denney Scholarship program with provides scholarships to Oklahoma residents pursuing a DVM degree who are committed to practicing in communities with populations of 25,000 or fewer. This continued legislative support has allowed the College of Veterinary Medicine to hold tuition and mandatory fees flat for the seventh straight year, an important goal of the CVM administration. In addition to helping ease the burden on current students, keeping tuition rates steady helps keep CVM competitive with its peers. Tuition and mandatory fees are now 75.1% of peer institutions for resident tuition and 80.7% of peers in non-resident rates.

Note: Schedule VI-A provides specific budget actions taken to develop the FY2026 budget request. This schedule allows the President or Vice President to provide additional narrative about the impact of this budget request.

Schedule VI - Institutional Response to the FY2026 Budget Request

Center for Health Services

Comments:

The Center for Health Sciences continues to grow in the number of students being educated, the number and types of programs being offered and the number of people being assisted through clinical and internship activities. Along with the growth in all areas, we are experiencing growth in revenue and growth in expenses needed to continue to grow our offerings in Tulsa and in the state of Oklahoma.

Note: Schedule VI-A provides specific budget actions taken to develop the FY2026 budget request. This schedule allows the President or Vice President to provide additional narrative about the impact of this budget request.

FY2026 Educational and General Budget Part I - SRA3 Background Data
Schedule VI - Institutional Response to the FY2026 Budget Request

OSU-Tulsa

Comments:

As OSU's urban-serving branch campus, OSU-Tulsa provides industry-aligned education for Tulsa's professional workforce. For the coming fiscal year, our budget will support the following institutional priorities:

The budget will contribute to the continued growth of the OSU College of Professional Studies by funding development of new flexible degrees and non-credit offerings that meet the evolving needs of working adults and mid-career professionals. This includes the development of graduate degrees and certificates that address workforce demand and regional priorities, emphasizing applied learning and practical skill development for today's economy.

The budget will support the growth of workforce technology programming in OSU-Tulsa's new Main Hall 1300 wing, which will host hands-on, in-demand degrees offered by OSUIT through OSU Polytech, as well as OSU-Tulsa programming in these emerging areas.

It will also enable further investment in innovative course delivery models including accelerated, stackable and hybrid formats, as well as expanded summer offerings. These are designed to drive enrollment growth by aligning with workforce and student demand for short-term credentials, flexible degree programs and accessible pathways to career advancement. These investments will ensure OSU-Tulsa remains flexible and responsive to modern learners and employers.

This strategic approach ensures that OSU-Tulsa remains a hub for workforce development and innovation, supporting regional economic growth and OSU's land-grant mission, while maintaining fiscal responsibility and growing institutional reserves to position us for long-term sustainability.

Note: Schedule VI-A provides specific budget actions taken to develop the FY2026 budget request. This schedule allows the President or Vice President to provide additional narrative about the impact of this budget request.
